Mirando No. 4 Tested June 5

John Dilon, who was in Corpus Christi from his ranch in the Hebbronville section, stated the Mirando No. 4, in which the casing was set and cemented several days ago, is expected to be brought in on June 5. It was necessary on account of the weak formation to cement the casing, and there is no trouble anticipated when the drilling goes into the pay to test the well. The well was begun on Friday, the 13th, and the date set for its finish is 5th day. No developments of importance are reported from the oil field.

Mr. Dilon was visiting his brother, Wallace Dilan, and returned to Hebbronville Monday.

APPEAL MADE ON BEHALF OF SCHOOL FUND BILL

County Superintendent Nat Burton has issued a letter to the trustees and patrons of the county schools in which he urges assistance in promoting the passage of the state aid for the rural school fund bill at the special session of the legislature to meet in July. Mr. Benton calls attention to the fact that practically all school legislation passed by the legislature during the last eight or ten years has been sponsored by the "Conference of Education in Texas." This is a committee out of the State Teachers' association. Mr. Benton urges those desiring membership to send in the enrollment fee of $1.50. A letter calling attention to this matter has been sent out to all county superintendents by Secretary E. T. Mills of the state association, calling special attention to the 1921 dues.

TAFT EXPECTS GREAT THRONG AT LOT SALE

Special Rates on Railroad Offered to Draw Crowd From San Antonio

Taft knows as "the city with a million-dollar birthright," because of the natural advantages prevailing there, is prepared to entertain 500 prospective residents and visitors today. According to Joseph F. Green, vice president of the Coleman-Fulton Pasture company, which owns the Taft properties, buyers and prospective purchasers are thronging into that city for the event. A big public auction sale of city lots and farm property will be held today.

Many Corpus Christi people will attend the sale, as will several car loads from San Antonio. Press reports yesterday said the San Antonio delegation had chartered several Pullmans. A one and one-half fare for the round trip has been made by the S. A. and A. P. out of San Antonio. A special rate was not announced from this end of the line. Most of the Corpus Christians attending the sale will go in automobiles.

Taft has been widely advertised the last month. J. H. Kirkpatrick, who has charge of the sale of lots and farm properties, has called it the "city with a million-dollar birthright" because of the fertility of the surrounding soil, the natural gas already in use there, and other natural resources. The streets have been graded and surfaced and several public buildings are going up. It is asserted the population of Taft will reach the 100,000 mark within five years.

An entertainment program has been arranged for today's visitors. [illegible] of the features is a barbecue.
