When Your Shoe Soles Wear Thin, Do You Throw Them Away?

Unless you are as rich as Croesus you cannot afford to throw things away that are serviceable or can be made serviceable.

Maybe you have a tire with the rubber worn thin or a small torn place where the fabric shows. If so, bring it in and let us tell you what can be done with it.

HARRY ARCHER RECEIVES NEW 4-90 CHEVROLETS

The 1922 Four-Ninety model Chevrolet touring car, of the extreme low price in the line of this popular model Chevrolet, has been delivered to Harry Archer by Reed Chevrolet Co.

Among the many improvements in the new touring car are improved upholstery and better power within the motor as well as a better body in all.

Increased production of this popular model has enabled the manufacturers to produce a superior car at a greatly reduced price. Coupled together with the decrease in the price of raw materials, have caused the manufacturers to extend the month of August for placing the public an improved car at a very low price, announces Mr. Archer.
