IS THIS IMPROPER?

Freedom of the screen is at stake in a legal battle over a Pathe News film from which this picture is taken. The girls wore one piece bathing suits in a swimming contest. New York censors ordered the picture eliminated. Now Pathe intends to carry legal action to Supreme Court if necessary to prove the right of films to depict news events.

G. O. P. SUCCEED IN PASSING OF TAX MEASURE

(Continued from Page One)

Very little of the full force of the measure will not be reflected in government receipts until the calendar year 1922, but republican leaders say that although repeal of the transportation and other taxes, reduction in the tax bill for the next calendar year will be approximately $[illegible]. The democrats who voted for the bill were Campbell, Pennsylvania, and Dupre and Lazaro, both of Louisiana.

TURBULENT SCENE

Before the bill was brought to a final vote there was a turbulent scene with the result that one committee amendment, that proposing a "tax investigative commission," was left at the post. It is understood that an effort will be made to have the senate committee insert it in the bill.

The house was thrown into disorder when Representative Connally (democrat) Texas, undertook to reply to a prepared address by Representative Mondell of Wyoming, the republican leader, praising the tax measure. There were jeers and calls from the republican side and protests from the democratic side that Mondell was improperly cutting the Texas member without obtaining recognition from the chair.

The principal changes in private tax levies made by the tax bill as passed by the house include:

Repeal of the excess profits tax.

Increase of the corporation income tax from 10 to 12½ per cent, effective next January 1.

Repeal of the income tax surtax rates from 12½ to 65 per cent inclusive.

Increased exemptions to heads of families effective of last January 1, to $2,500 for incomes not in excess of $5,000 and additional exemption for dependents to $400.

Repeal from the tax on life, fire and marine insurance policies and imposition of the corporation tax of 12½ per cent on all such insurance companies, except fraternal, effective next January 1.

DRINK TAX REPEALED.

Repeal of the tax on fountain drinks, ice cream and other beverages and the substitution of a manufacturers' tax in follows: Four cents a gallon on cereal beverages, 3 a pound on carbonic acid gas, 2c a gallon on fruit juices for soft drinks, 2c a gallon soft drinks exclusive of mineral and table waters and 1c a gallon on fountain syrup. These charges would go into force on enactment of the law.

Repeal of the stamp taxes on perfumery, cosmetics, toilet preparations and proprietary medicines on enactment of the bill.

Repeal of the 10 per cent tax on football, baseball and basketball equipment, skates, toboggans, snow shoes and skis and reduction in the 10 per cent tax in 1921 on tennis, golf and polo equipment, games and the like to come into force of enactment of the bill.

Exemption of the income tax of the first $300 of income from investments in building and loan associations effective passage of law.

A reduction from 2 to 1 per cent on the levy on cards, and from 10 to 5 per cent on the levies on 301 articles and art and art works and repeal of the tax on electric fans. These would be effective when the bill becomes a law.

YACHT TAX CUT

A reduction from 10 to 5 per cent on all yachts with light motors, other than less than 31 feet in length or of less than five tons carrying capacity exempted from this tax. This provision also would be effective upon enactment of the bill.

Exemption from the income tax of all allowances from the federal government for the service of beneficiary or another in the naval forces of the United States, effective immediately if the bill becomes a law. Repeal of all the so-called luxury taxes now collected by retailers and the substitution of a manufacturers' tax of 5 per cent on the following articles when sold by the manufacturers at the sum given: Carpets and rugs, $2.60 a square yard; trunks, $10 each; valises, traveling bags, suitcases and hat boxes, $15 each; purses, pocketbooks, shopping and handbags, $4 each; portable lighting fixtures, $10 each; umbrellas and parasols, $2.50 each; fans $1 each and house or smoking coats or jackets and bath or lounging robes $5 each. The changes are effective with the signing of the bill.

Crawls on Knees to Give Thanks That Her Husband Lives

—o— —o— —o—

LISBON, Aug. 20.—A curious sight was witnessed in the streets of Lisbon just three days ago. Maria Conceicao, wife of a workman, was seen dragging herself painfully on her knees from her house through the busy streets to the Church of Our Lady of Health, thus carrying out a vow made during the illness of her husband, in case of his recovery.

The distance from her house to the church was over two miles and long before she had accomplished one-half of her pilgrimage her knees were torn by the stones and her dress was stained with blood.

Maria's husband, a young fisherman seriously ill about six months ago and was given up by the doctors. His devoted wife tended him with unceasing care and love and when it was thought that he was dying she prayed for a miracle that should save his life, vowing a vow that if he recovered she would go on her knees as a sign of thankfulness to the shrine of Our Lady of Health.

The husband recovered and the wife has fulfilled her vow.

HIGHWAY ASSN. CALLED TO MEET

Carl Runge of Mason, secretary of the Puget Sound to the Gulf Highway association, has issued a call for the meeting of the association at Fredericksburg on September 2, given as Runge calls attention to the fact that favorable action will likely be had on the Townsend or Dowell bill now before congress, by the terms of either of which the Puget Sound to the Gulf highway will now have an excellent opportunity of getting a large appropriation.

The rapidly increasing travel over this route has attracted the attention of the northwest, east, midwest, southwest and south and there is the strongest support for its recognition and recognition by congress by the passage of either of the pending bills and the attendant appropriation.

The Puget Sound to the Gulf highway is the west branch of state highway No. 12, and follows the route of the San Antonio, Uvalde and Gulf railway from San Antonio to Corpus Christi via Pleasanton, Mathis and Odem. Secretary Runge is making a large attendance at the Fredericksburg meeting requests that his office be notified by August 28 as to the size of the delegation from Nueces county.
