# Reed Delivers 12 Buicks in the Month of August

According to the records of the office of the county clerk, the Reed Automobile company, Buick dealers, delivered more cars during the month of August than any other dealer with the exception of the Glover Johns Auto company.

"While automobile sales will not come up to those of last fall we are more than pleased with the number of sales we have made in August this season," says Dr. Will Reed, manager of the company. "Money is not as free this year and the man who pays an automobile this year is more conservative than has had chosen his car with a great deal more discrimination. He wants to realize as much as possible on his investment because he feels it his duty to make his dollars last and his pay cost in value, and the current Buick sales, over other cars in its price class, I think speaks well for the quality of the product we sell," continues Mr. Reed.

## FORT WORTH LIVESTOCK

By The Associated Press.

FORT WORTH, Texas, Sept. 3.—Livestock en route to other markets to-day, direct to local packers made up the bulk and of today's receipts. The supply amounted to 16 head of cattle, 156 hogs and 156 sheep. The cattle supply was up through selling and the sheep came direct to the alley. Calves sold on a steady basis and hogs were unchanged. Six good hogs were here, a couple of which were made at $8.50 and one cut going at $7.90. This brought $8.30.

## CHICAGO GRAIN.

By The Associated Press.

CHICAGO, Sept. 3.—Heavy sales in wheat prices were evident near the finish of today's market on the board of trade here, the market ruling 2¼ to 2¾c higher than the ruling prices yesterday. There was persistent buying in a new commission house in evidence all through the day and much of this was done to concerns with foreign connections. Outside investment orders were increased and the local crowd also was more disposed to buy. Corn closed ¾ to 1¼c higher and oats ¼ to ½c up.

Provisions closed within narrow limits early but, when wheat advanced the coarse grains followed and closing at the highest figure for the day.

Trade in provisions was good, confined to lard and this product ruled 2½ to 2½c higher. A private report from a well known packing house stated that the buying for foreign accounts was extraordinary, the purchase of lard being phenomenal.
