LIMITED TRADING YESTERDAY.

Sugar Steady at Previous Prices—Wheat Fairly Active and 3-4 Higher—Wool Steady, in Fair Demand—Stocks in the Hands of Bears.

COMMERCIAL RESUME.

Special to the Gazette.

NEW YORK, April 2.—Money—closed easy at 2½ per cent, lowest rate. The highest was 3½.

Exchange—Steady. Posted rate, $4 86½@4 88½.

Silver—98⅞.

Sugar—Raw and refined are steady at previous prices.

Wheat—Options fairly active, closing firm and ⅝@⅞c higher. Spot lots closed firmer.

Wool—Steady, with prices about as previously quoted.

Cotton—Spot lots quiet. Middlings, 9c. Future closed weak and 1 to 2 points lower.

Coffee—Spot lots steady. Fair Rio, 20½c. Futures closed 5 points higher for some months.

Hides—Steady. Buenos Ayres, dry, 18½c. Dry Texas, 10c.

Stocks—Only limitedly traded in to-day. During the first half hour considerable strength was displayed owing to higher prices in London for American stocks, and the fact that the Bank of England did not advance its rate of discount. Prices at [illegible] were generally ½ to 1 per cent higher, but after that hour there was considerable hammering by bears which, added to the announcement that $500,000 of gold had been engaged for export Saturday, caused prices to drop sharply and close ⅛ to 1½ per cent lower in most cases.

Atchison—27⅞.

Dry goods—Market is fairly active in some departments, but so far there has been no general movement.

Bonds—Dull.

ATWOOD, VIOLETT & CO.'S COTTON REPORT.

Special to the Gazette.

NEW ORLEANS, LA., April 2.—Atwood, Violett & Co. say:

Futures—The market to us has rather the appearance to-day of a permanent coolness for the near future. Anyhow, we look for a lower market to-morrow. Liverpool spot market is not as good in the way of sales and futures. After improving 1-64 it lost 1-64 and closed barely steady.

The question resolves itself into whether speculation is strong on its merits or whether prices are too high and considering rate of consumption and amount of the present supply and what it is likely to be with a crop of 5,500,000 which now seems assured. We think one lower than yesterday.

Port receipts to-day are 14,000 against last year. Port receipts next week will probably be 70,000 against 24,000 last year.

F. O. B.—Sales 600. Offerings fair.

Spot—Quiet. Sales 500. Offerings very large and factors anxious to sell.

GOVERNMENT STOCKS AND BONDS.

NEW YORK, April 2.—The stock market presented no new features to-day, but remained in the same rut that it has been in so long, and even less interest seemed to be taken in the course of prices than is usual of late. A few specialties saved the market from stagnation. The bears in the afternoon attacked the list and St. Paul, Rock Island and Burlington yielded nearly 1 per cent each; but other losses were insignificant. The market closed dull and fairly steady at about the lowest prices of the day. The final changes are generally slight losses.

Railroad bonds dull.

Government and state bonds dull and steady.

PROVED FATAL.

Result of the Accidental Shooting of a Little Girl at Corsicana—Residence Burned.

Special to the Gazette.

CORSICANA, TEX., April 2.—J. Wareing's little daughter, who was accidentally shot with a gun in the hands of her brother yesterday, died last night. At the time the accident occurred, her brother, a mere boy, was hunting a rabbit in the rear yard of his father's premises, and in going under a clothes line the gun was pulled from his shoulder, the trigger catching in a pocket of his coat causing the gun to discharge. His little sister, who was immediately behind him, received the full charge in one side, giving a wound which proved fatal.

This morning at 4:30 o'clock the residence of E. Spriggs near the Cotton Belt railroad was almost totally destroyed by fire together with most of its contents. The wind was blowing at a very high rate at the time, and only the efficient work of the firemen averted great damage and loss to adjacent property. The house was insured for $250 in the Phœnix insurance company of Hartford, and $1000 in the Southern insurance company of New Orleans.

Merit Wins.

We desire to say to our citizens that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell so well, or that give such universal satisfaction. We do not hesitate to say they are the best, and we can recommend them to our customers. We also handle Kemp's Balsam, a cough remedy, which we can recommend to be the best of the 50 cent kind. We also have Dr. King's New Discovery in 50 cent size. These remedies have won their great popularity purely on their merits.

THE CHOCTAWS MEET

To Discuss the Sale of the Leased District and the Disposal of the Fund.

Special to the Gazette.

PARIS, TEX., April 2.—The Choctaw council met yesterday at Tuskahoma, and after organizing adjourned until to-morrow. They are to consider the sale of the leased district and the disposal of the proceeds. This district has been sold for $2,891,000 and the sale has been ratified by the Chickasaw council. The Choctaw council will also ratify the sale as to their interest. The Chickasaws get one-fourth and the Choctaws three-fourths. Both peoples will divide the money per capita. There are about six thousand Chickasaws by blood and about ten thousand Choctaws. Negroes will be barred out. This distribution will, when the charges against the fund are paid, give each Choctaw about $200 and each Chickasaw about $100. Some of the fund may be reserved to erect high school buildings. The council will only stay in session a few days, and the above is all the business that will likely be transacted.

WEEKLY COTTON REPORT.

The March Movement the Heaviest Since 1882—A Total of 4,443,210 Bales.

NEW ORLEANS, LA., April 2.—The movement of the American cotton crop during March, as shown by Secretary Hester's monthly New Orleans cotton exchange statement, issued to-day, is the heaviest for that month since 1882, the monthly total reaches 4,443,210 bales, exceeding March, 1890, by 232,044, and the same month in 1889 by 102,431. This makes a seven month movement of 5,63,000 bales more than for the entire twelve months of last year.

Weatherford's Delegates to Houston.

Special to the Gazette.

WEATHERFORD, TEX., April 2.—At a meeting of the Weatherford fire department last night, Mr. E. Putman was elected assistant chief of the department, vice Peter Cook resigned.

The following delegates have been elected to represent the Weatherford fire department at the sixteenth annual session of the State firemen's association, to be held at Houston, May 13: D. C. Haynes, E. Putman and H. B. Dorsey. Alternates—W. M. Knight, G. H. Henry and J. W. O'Gwin.

Saturday's Gold Shipments.

Special to the Gazette.

NEW YORK, April 2.—In the last hour rumors were current that $2,500,000 in gold would be shipped on Saturday. At the subtreasury notice was given that $500,000 would be taken by one firm, but that was all that had been inquired for.

THE SUGAR BOOM.

Debt-Ridden Italy's War Demonstration Has No Effect.

THE STOCK MARKET STRONG.

Order $500,000 in Gold for Exportation. T. C. Baring's Death Has No Influence. Italy's Enormous Expenditures on Her Navy—Railroad Bonds Dull.

Special to the Gazette.

NEW YORK, April 2.—The boom given to the sugar business by the reduction of prices continued to affect the price of sugar securities this morning. Beyond this there was nothing noteworthy in financial affairs, except that the stock market generally was strong. The ideas of war between this country and poor debt-ridden Italy are a little too absurd to be considered. There is one point worthy of mention, however, Italy has brought herself to the verge of bankruptcy by heavy naval expenditures. Enormous sums have been spent on her navy. Here is an opportunity for those in authority to justify this, but they will not do it.

News was received of the death, in Rome, of T. O. Baring. This was reported to have been accompanied by a fall of ½c in English consols. He was the chairman of the new company, and his investments in it will not be disturbed.

The report was spread in the afternoon that an unknown man had made inquiries at the sub-treasury relative to the engagement of $500,000 in gold. Later the gold was ordered. Sterling exchange was higher, and many believe that more gold will be shipped.

Ladenburg, Thalman & Co. ordered the $500,000.

Railway bonds generally were dull and heavy. Oregon Improvement 5's, Rock Island 5's and Texas and Pacific 1's and 2's were firm and a fraction higher. However, the market closed dull and featureless. Final prices were irregularly changed. Ad vances and declines for the day:

Daily Review.

OFFICE OF THE GAZETTE, FORT WORTH, TEX., April 2, 1891.

Clear and cool to-day, and business quite lively in all departments. Wholesale merchants report an increased business, and out-of-town orders, and good ones, are coming rapidly, and their city trade is improving. Several visiting buyers were in the city to-day placing orders.

The general markets are in good condition, prices firm, demand good. Vegetables are coming in, but the markets are quickly cleared, and prices are within reach.

Quotations are generally unchanged today from yesterday, except in sugars, wholesale, which are off slightly. Eggs have taken an upward turn of a couple of cents.

Pork Packing and Provisions.

The Cincinnati Price Current of Thursday last says: The Western packing for the week has been 280,000 hogs, against 265,000 the preceding week, and 215,000 last year—making a total of 985,000 hogs to date since March 1, against 700,000 a year ago. Quality suffering from modification in the general average. Markets have been excited and prices very sharply advanced, and at the close are 60 and 70 cents per 100 pounds higher than a week ago, and about 90 cents per 100 pounds above the average for the winter season—places now operating averaging about $4.45, compared with about $3.55 for these points during the winter months—an advance of over 25 per cent. The provision markets have had wide fluctuations during the week, leading articles advancing largely, with some re-action at the close. The situation, while surrounded with various features of encouragement, has not justified so great a change in values in so short a time. The exports of product for the week were again large, making nearly 40 per cent increase over corresponding period last year—the gain being shown in both meats and lard.
