Among some of the shipments for the past four days are the following: Harrold & East, fifteen cars, from Seymour for Chicago; Cal Sugg, from Henrietta, a train for Chicago; Byers Bros., from Henrietta, one train to St. Louis; W. B. Worsham, from Alma, one train to Chicago; D. Wagoner & Son, thirty-seven cars from Harrold to St. Louis and Chicago; Polk Specrs, off the Denver, thirty-three cars to Chicago.

Railway livestock agents are a unit in saying there will be a heavy run of Texas cattle to the markets the latter part of the present week—even now the run is not light.

Owing to the enormous amount of cotton-seed to come from the present crop, there will be many feeders of cotton-seed, meal and hulls, this fall and winter, who never before used them, and who also would like for some successful feeder to give them some points on the business—"how much, when and how," as they put it. Will some cotton-seed feeders kindly enlighten them on the matter through THE GAZETTE?

The Las Vegas (N. M.) Stockgrower says the recent rains in Southern New Mexico have greatly improved the condition of range and cattle, though at no time has the situation been such as to justify the sensational reports which have been sent out indicating heavy losses and the extermination of herds.

Cattle stealing is on the increase in New Mexico, says the Las Vegas (N. M.) Stockgrower, and is assuming such proportions as to call for prompt and decisive action on the part of stockgrowers in every section. The means of the Territorial association should be increased, that the executive committee can inaugurate plans for systematically running down the thieves in every section, and to insure the co-operation of all interested parties. The fees for membership are small, the regulations few, and the possible benefits can be measured by the splendid work which was accomplished at the last session of the legislature with a limited membership and little money. Either the honest stockman or the maverricker must go. And so numerous has the latter clas become in New Mexico that only a strong organized fight will drive them off the range.

To Stockmen.
