CONSERVATORY OF MUSIC---A German Conservatory at Home.

A BRANCH of Scharwenka's Conservatory, a counterpart in every particular of Scharwenka's famous Berlin Conservatory, founded in 1881 by Prof. Xaver Scharwenka. Diplomas conferred by Prof. Scharwenka will be equal in value to those of the Conservatory, and will be of inestimable value to teachers seeking high positions.

THE CONSERVATORY FACULTY.

PROF. SCHARWENKA, Director-General, FORMERLY OF THE BERLIN CONSERVATORY. Court pianist to the emperor; "Prussian Professor," is recognized in Europe and America as the most thoroughly representative of the modern school of pianoforte pedagogues.

A. A. HAVERNICK, graduate under Kullak, Berlin Conservatory, ten years teacher in Imperial Conservatory of Russia, "Institute for the Education of the Nobility," probably educated a greater number of the daughters of noblemen than any other teacher.

A. E. GUERNE, graduate of the Royal Conservatory of Music of Stuttgart, late professor in same Conservatory, later professor in the Conservatory in Glasgow, Scotland, where his pupils won prizes over all centers of the Kingdom.

"Mr. Arnold Guerne is a thorough musician, an accomplished pianist and organist; an eminently successful teacher; painstaking, conscientious and liked by his pupils. His pupils passed last year Edinburg University examinations first over all centers in the kingdom. Jane Ramsey, Lady Manager. "Banff, Scotland, June 29, 1888."

PROF. PAUL OEHLSCHLAEGER, graduate of the Kullak Conservatorium of Berlin and many years associated with Prof. Scharwenka in his Berlin Conservatory.

Prof. Paul Oehlschlaeger has succeeded remarkably well in studying the old and the new masters, under my personal supervision, and his performance is especially intelligent and artistic. His department was exemplary. Berlin, November 10, 1891. Prof. Dr. Th. Kullak, Director.

"Mr Paul Oehlschlaeger, professor in advanced classes in this conservatory, is a teacher of high endowment. He makes with rich musical knowledge the skill to produce his pupils rapidly and to gain their respect and sympathy. Xaver Scharwenka, Director Royal Professor and Court Pianist to Emperor of Austria. "Scharwenka Conservatorium, Berlin, December 23, 1888."

PROF. THELAIR ten years professor in the Conservatory distinguished composer, most successful teacher, whose pupils have three times won the $1000 prize piano in the most efficient and popular music week ever known.

PROF. KUMMER, graduate of Dresden Conservatory; 15 years Director of Conservatory at Glasgow, a most popular leader of young ladies orchestra.

MISS ANNIE E. HALL, graduate of the New York Vocal Institute and of the Royal Conservatorium, Leipzig, Germany. Pupil of Marie Unger-Haupt, of the Royal Opera of Berlin. Three years Principal of Vocal Music in Conservatory at Ingham (N. Y.) University. Voice culture, singing, guitar, banjo, mandolin. Leader of Ladies' Guitar and Banjo Club.

MISS CHRISTINE WISSNER, graduate of the Royal Conservatory of Leipzig, teacher of Piano, Harmony and History of Music, has a strong record. Endowed by nature with rare mental gifts, she availed herself of the best facilities obtainable in this country. Rarely has an American student entered the Leipzig Conservatory with better preparation. It is not surprising, therefore, that Miss Wissner graduated with marked distinction, and that, in addition to her diploma, the Directory gave her especial certificate commending her for unusual diligence and corresponding success.

A $1000 PRIZE PIANO.

From the factory of Hallet & Davis, Boston, to the best music pupil.

"I was proud to hear it said in this land of musicians that no admirable piano had never been manufactured in Germany."—Geo. Bancroft, American Legation, Berlin.

Awarded to MISS BLANCHE WEBER of Missouri.

The above magnificent prize to the best music pupil, is a most convincing testimony of the Hardin Female Prosperity. For elegantly engraved catalogue, address,

A. H. TANCEY, Mexico, Mo.

MINOR TELEGRAMS.

BOSTON, July 29.—The cases of the list of the endowment orders came up in the supreme court this morning before Judge Barker, who will appoint receivers for each of them at once.

There were six orders, including the American Priority society, the Abraham Lincoln Benefit association, the American Mutual Relief association, the Order of Franklin, the National Fraternal and Benevolent union, and the United Order of Equity.

PALMER, Mass., July 29.—Three big cotton mills at this place will suspend operations during August. This will throw 1500 men out of employment. The payroll of the three firms amounts to about $50,000 per month, and the stoppage of the mills will be a severe blow to this place. The cause of the suspension is dullness of trade.

COLUMBUS, O., July 29.—Mr. Charles Delaney, the colored man received as a prisoner from Charleston, S. C., today, is said to be a son of Martin R. Delaney, the only negro who rose to the rank of major general in the army during the late civil war. He was a native African, and is said to be of noble blood. After the war Grant sent him on the African consulate, where he died. A colored convict, who was educated at Wilberforce with Delaney, recognized him.

TOPEKA, Kas., July 29.—The Chicago, Rock Island and Pacific railroad company has fitted up another car for its salesmakers, and placed it in charge of Mr. Hutchinson, who has been acting as assistant to B. Jewett, in the salesmaker department. It is the intention of the company to keep both cars in active service during the balance of the summer. Hutchinson is possessed of Mr. Jewett's salesmaking secret.

TOPEKA, Kas., July 29.—Reports from Western Kansas indicate that the expected heavy corn crop there will be a failure. A week of hot weather without any rain fall has in many localities blighted the prospects. The stalk has grown up large and strong, but the ear does not form. The crop will be valuable only as feed for stock. To what extent this condition prevails cannot be definitely ascertained, but it is probable that but little corn will be harvested in the western third of the state. A great deal of corn was planted there in wheat fields that have proved failures.

CHATTANOOGA, Tenn., July 29.—The neighbors here of Dr. Johnson for the mistaken manslaughter by killing Chief of Police Mitchell by administering an overdose of morphine, while the doctor was drunk, was concluded today, after a long and exhaustive examination and argument by several lawyers. At the end of the last plea Recorder Hope, without waiting for time to formulate his opinion, announced that the prosecution had failed to make out its case, and discharged the doctor.

Chief Mitchell's friends declare they will ask the grand jury to indict the doctor.

CITY OF MEXICO, July 29.—It is reported that Norfolk, the representative here of the Rothschilds, the German bankers, is making an arrangement for completing the Tehuantepec railroad. The scheme involves the working of the road for a long term and the improving of the Coatzacoalcos and Tehuantepec harbors. The Pacific Mail Steamship company also wishes to secure the road.

CONYERS, Ga., July 29.—The widow of the late John Bonner was married yesterday afternoon to Mr. Charlie Bowden, Elder W. D. Almond officiating.

The bride is 68 years old and the groom is 18.

Mrs. Bonner is worth several thousand dollars.

MARION, Ky., July 29.—A terrible accident occurred yesterday at Salem, Ky., twelve miles from here, in which a boiler exploded and killed John and George Dunbron and tore off the arm of William Dunbron.

CHICAGO, July 29.—At a meeting of the clearing house board tonight, at which every bank in the city was represented, it was decided that the regular clearing house committee should be authorized to issue certificates whenever such action might be deemed advisable.

This is the first time that such action has ever been taken by the Chicago clearing house. It is intimated that several wheat speculators were advised of the intended action early in the day and acted accordingly.

ATLANTA, Ga., July 29.—Frankie Wilkerson who was convicted of voluntary manslaughter for killing C. F. Stevens in the latter's house at Livingston, Bartow county, has obtained a reversal judgment on appeal, the supreme court holding that the homicide was justifiable.

Wilkerson was a clerk in Stevens' store. His employer suspected him of intimacy with his wife, and laid a trap to catch him. He told the clerk and Mrs. Stevens that he was going away, but instead of doing so he concealed himself. Hiding his time, the husband came on the house when in a compromising situation, and drawing his pistol opened fire upon the clerk. Mrs. Stevens threw herself in front of Wilkerson to protect him, and he was thus enabled to shoot her husband.

WESSON, Miss., July 29.—The stockholders of the Mississippi Mills Manufacturing company held a meeting here yesterday, the result of which was the suspension of three fourths of their operatives. This is one of the largest woolen and cotton factories in the South, employing 1200 hands daily. The suspension is caused from the Depressed financial condition of this country. About 800 hands are now out of employment here.

SCRANTON, Pa., July 29.—Mr. Powderly on his return from Boston yesterday said the rumor of his resignation as general master workman of the Knights of Labor has no foundation. Mr. Powderly says he has the interests of the order as deeply at heart as ever and he will not leave it when his services are most needed.

SPOKANE, Wash., July 29.—A consolation was received here yesterday from Washington appointing W. G. Langford receiver of the Waterville land office. The remarkable circumstance in connection with this is the fact that Mr. Langford has been in his grave three months. He served as United States judge under Cleveland's former administration. An effort will be made to have the appointment bestowed upon his widow.

"Take Heed of Alice.

ROCKFORD, Ill., July 29.—A. J. Seymour, who wants to be buried alive for a few weeks, has received an offer from a New York club to do so at near New York under the auspices of the club. They agree to give him $10,000 if he does it successfully, and propose to erect an amphitheater and charge an admission price to see the burial and the grave. Seymour says he will not make his experiment a money-making affair, and will do it near Rockford and permit only press representatives and a few scientific men to be present. A. S. Maxham, formerly a Methodist minister, now a real estate agent of this city, threatens to get out an injunction to prevent the attempt, which is being planned for the early part of August.

To those contemplating fitting up for housekeeping, it will be to your interest to look at those bargains in furniture, carpets, matting, lace and chenille curtains, sold either for cash or on easy terms, at Cole & Terry's, corner Third and Houston.

"Are you in a position to let me have that $10 you owe me?" "No. I've just lost my position. Can you let me have another ten?"—Truth.

Pick you out a $30 suit at W. S. Mabney the Tailor's; you can have it made up later on.

Georgia has a cow that is an undisputed rival to the Harlem goat. She recently died from the effects of eating a barbed wire fence.

For sale—A gentle buggy horse, bay, about 7 years old; weight 950 pounds. Inquire at Gerlein's livery stable or Garlington & Montgomery's.

SPECIAL NOTICES.

DISSOLUTION NOTICE.

Notice is hereby given that the firm heretofore doing a commission business under the name of F. W. McKee & Co., is this day dissolved by mutual consent. The business will be conducted by F. W. McKee, who will collect all accounts and pay all liabilities of the old firm.

F. W. MCKEE, SAMUEL W. DAY.

Fort Worth, Tex., July 29, 1893.

NOTICE TO CONTRACTORS.

Sealed proposals will be received by the commissioners court of Tarrant county, Texas, until Tuesday, August 22, 1893, at 10 o'clock a. m. at the office of the county clerk in Fort Worth, for excavation, furnishing all material, and for the construction and erection of the Tarrant county court house complete, to be situated on the court house grounds in Fort Worth, in accordance with the plans, specifications and detail drawings on file in the office of the county clerk of Tarrant county, Texas.

Bids will be received on the masonry below grade line of limestone, the basement story and isolated exterior columns of granite in every case, and the bidders may submit propositions on sinkwork above water-table of granite, limestone or sandstone, submitting a sample of the material with each bid.

Bidders will be required to accompany their bid with a certified check for five thousand dollars ($5000), payable to the order of the treasurer of Tarrant county, which sum will be forfeited to Tarrant county in the event of the failure of the bidder to enter into a contract with said commissioner's court should his bid be accepted.

The party to whom the contract is awarded shall enter into bonds for the faithful discharge of its duties in the sum of one hundred thousand dollars ($100,000), to be signed by at least four (4) responsible freeholders of the state of Texas, which bond is to be approved by said commissioner's court.

Bids will be received only on printed forms supplied by the county clerk, and will be opened by the commissioner's court, August 22, 1893, as soon as said business may be reached.

The commissioner's court reserves the right to reject any or all bids, and to waive any informality in any bid, should it be deemed in the interest of the county to do so.
