DENISON RAILROAD RUMBLINGS.

Over Two Hundred Cars of Cattle Sent North Yesterday.

Special Dispatch.

Denison, Tex., April 2.—Between noon yesterday and midnight the Missouri, Kansas and Texas moved two hundred cars of stock through Denison for the North.

The Central had several trains in here on passenger time which went North by morning. This is thought to be the greatest rush of the season.

California oranges continue to go North over the Missouri, Kansas and Texas by the train load.

George Vanston, a Missouri, Kansas and Texas machinist, had his coat caught in the machinery at the shops Saturday, which pulled him through several rods, throwing him out on the other side. He escaped with a few bruises.

Four engineers of the Houston section have been sent to New Franklin, Mo., to run on the St. Louis extension of the Katy.

The Ladies' auxiliary of the Brotherhood of Railroad Trainmen celebrated their anniversary at the Woodmen's hall this evening.

Fireman Campbell of the Choctaw division of the Katy was injured in the railroad collision near Kiowa Saturday; not seriously, however.

The Missouri, Kansas and Texas will have a new time card on their system May 1.

FEELING IS INTENSE.

The Western Democrats Still Mad About the President's Veto.

By Associated Press.

Washington, April 2.—The feeling is intense against the veto, and the Democrats are preparing to make the greatest possible demonstration against it in an effort this week to pass the bill over the veto. There will come a straight free coinage fight, both in the senate and house. Clerical ranks are becoming depleted of Southern and Western allies.

Col. Oates today announced, "I cannot support President Cleveland in his veto, but will vote to pass the bill over his veto and will be heard from fully next week when the effort is made."

It is reported that telegrams congratulating the president are few and far between, and mostly from Eastern financiers. He is disappointed that proof of congressional votes from the South and West. It is the determination among Democratic members to make an unmistakable record against Cleveland's policy, and to go to the country on it, saying the Democratic principles are right and should prevail, regardless of the effort of the president to throw overboard the Chicago pledges and have the party put on the clothes of John Sherman's tailoring. A large number of members are preparing speeches for this week, and the indications are that Cleveland will hear the ugliest talk he ever listened to, and find that he has not a monopoly on all the backbone to be found in the Democratic party.

SURPRISE TO HIS FRIENDS.

A Popular Young Man Got a March on His Associates.

Special Dispatch.

Dallas, Tex., April 2.—It leaked out here tonight that Neal Preston, a popular young fellow whom everybody supposed to be single, was married in this city May 29, 1893, to Miss Onie Donsher, a lady employed in the Security, Mortgage and Trust building. They were married by Rev. W. F. Clark. The marriage was kept a secret until today, when The Gazette correspondent stumbled onto the facts.

JAKE HODGES FOR CONGRESS.

He Will Oppose Dave Culberson, Governor Gilbs Not a Candidate.

Special Dispatch.

Dallas, Tex., April 2.—Col. Jake Hodges of Paris informed The Gazette correspondent tonight that he had decided to offer for congress in the Fourth district against Hon. Dave Culberson.

The Populist congressional convention for the Sixth district will meet at Waxahachie May 29 to nominate a candidate for congress. Col. Jerome C. Kearby, the great criminal lawyer of this city, will be nominated by acclamation.

It is stated here that Hon. Barnett Gibbs will not be a candidate, which will in all probability leave a clear field to Judge R. E. Burke.

A WOMAN HANGED.

She Killed Her Husband in a Fit of Jealousy.

By Associated Press.

Liverpool, April 2.—Margaret Walber, 52 years of age, was executed today in Walton jail, this city. Mrs. Walber in November last murdered her husband. The woman, who was extremely jealous of the deceased, confined him in a garret, chained and padlocked, until he was hardly able to move, and otherwise ill-treated him. When the room was entered Walber was found dead. The apartment in which he had been imprisoned resembled a shambles, blood being spattered all around it. The prisoner at her trial admitted striking her husband over the head with a heavy chair. A large crowd of people assembled outside the jail during the execution. Reporters were not admitted.

Dallas City Election.

Special Dispatch.

Dallas, Tex., April 2.—The city election will take place tomorrow, and in the First, Third, Sixth, Seventh and Tenth wards will be hotly contested, owing to the aldermanic complications. A large vote will be polled. All indications point to the re-election of Chief of Police J. C. Arnold by 1800 to 2000 majority.

Denison News Notes.

Special Dispatch.

Denison, Tex., April 2.—The burial of the unknown man burned here Friday morning took place yesterday. His body had not been identified.

Tomorrow the city election takes place, when it is estimated that 2000 votes will be polled. The contest is decidedly interesting.

Oak Cliff Trains Collide.

Special Dispatch.

Dallas, Tex., April 2.—Two trains collided on the Oak Cliff railroad near West Dallas in a deep cut this evening. The engines were demolished and cars derailed, but fortunately no one was injured.

Residents of Oak Cliff were compelled to hire hacks or walk the piles from Dallas tonight, as the debris has not yet been cleared away.

The Plunder Recovered.

Special Dispatch.

Chopped Off His Head.

By Associated Press.

Lebanon, Ky., April 2.—Lewis J. Ratcliffe was killed at Howardstown Sunday by Dr. Mahoney. Ratcliffe went to Mahoney's distillery early and quarreled with the owner, who struck him a fearful blow on the head with a hatchet. The infuriated man then dragged Ratcliffe's form a short distance, and, placing his neck across a log, completely severed the head from his body. Ratcliffe leaves a widow and several children. Mahoney is a quiet and peaceable man and has never before been in trouble.

Horse Thief Caught.

Special Dispatch.

Killed by a Wire.

By Associated Press.

Chicago, Ill., March 2.—Frank Chambers, a laborer, was killed by a shock from a live electric wire beneath the sidewalk at 261 State street this morning. He was removing ashes which were watersoaked and leaned back, touching the wire.

TOPICS OF THE TIMES.

The Wilson bill does not hold out any specific prospect of protection for the gentle cow against oleomargarine competition.—Washington Star.

For the first time in almost a generation good citizens are feeling that even in the great cities an honest ballot box can be secured, and with an honest ballot box the power of the people to obtain the government of their choice.—Philadelphia Press.

It is the growing impression among the Democrats in the senate that Mr. Hill will fight the income tax and other provisions of the tariff bill that do not suit him on the floor of the senate, and will do everything he can to change the bill to his own views by amendments, but whether he succeeds or not he will vote for its final passage.—Chicago News.

The man who would deprive the poorest of one of the dollars many instrument is either unwise or visionary. Both are important to the welfare of the race. Both are equally important to a nation situated as ours is. Silver and gold money are required for transaction of our domestic business; but while gold serves a high purpose in making exchanges with gold-using Europe, silver serves a precisely similar purpose in making exchanges with the silver-using nations. We face Asia on the west as we face Europe on the east; and to the south of us, in our own hemisphere, are none but silver-using nations. If we are to trade in both directions we must have both kinds of money; and the fact that trade in both directions is increasing supplies the proof that silver and gold should be the basis of all our business, domestic and foreign.—New York Press.
