THE DALLAS BUDGET OF NEWS.

HARRY GOLDEN ON A CHARTER AMENDMENT.

Will Lecture on Cream, Milk and Vinegar—Gasoline Stove Explodes. Off to Mexico for Missionary Work. Peculiar Hallucination.

DALLAS, TEX., Feb. 12.

"Some of the business men of Dallas do not appear to have a full and definite knowledge of the proposed charter amendment to repeal the provision calling for letting of all city work in excess of $500 by contract and substitute day labor," said Street Commissioner Harry Golden to the Gazette representative today. "If they did, they would not oppose the proposed change. It is not that the workingmen of Dallas or their friends desire to get the best of the city. They would not be paid much better by the day than they would under the contract system, but they would be better protected. When work is let by contract the contractor often imports his men, so to speak, from outside towns, and the resident workingman has to lie idle and suffer. The Dallas merchant or trader is not benefited by this, for his natural customer, the man who lives here, has not the money to spend, and the imported laborer will spend his money where he lives or his family is sleeping; or if he moves in Dallas he simply makes an increase in the idle element by lessening the chances of those who were here ahead of him earning a livelihood. 'Charity should begin at home,' is a good maxim. But workingmen do not ask for charity in this matter. They simply desire fair play and good diplomatic economy in municipal affairs."

Missionary Work.

Dallas, Tex., Feb. 12.—Rev. F. W. Boyle, wife and children, accompanied by Miss Gilbert of El Paso and a Mexican Indian girl, will leave tonight for New Orleans, from where they will immediately sail for Port Limon, in Costa Rica, and go on to the first point in their missionary field, the town of San Jose.

Mr. Boyle was for some time a bookkeeper in the office of the Dallas Morning News, afterwards going to Sherman and then to El Paso, in both places holding ministerial positions. Mrs. Boyle was a Miss Dealey, a sister of Mr. George Dealey of this city. Miss Gilbert, who accompanies Mr. and Mrs. Boyle to the field of their labors, has for twelve years been a missionary among the Mexicans. The Mexican-Indian girl, a protege of Miss Gilbert, has been with her through the years of her work in Mexico, and being familiar with the Spanish and Mexican languages, it is anticipated that this knowledge will be of much service to the party upon their arrival.

These missionaries are sent out under the auspices of the Central American Missionary council, the entire membership of which is located in Paris and Dallas, and are members of the Congregational church.

It is stated that excepting one Presbyterian in San Salvador and one Baptist in Costa Rica the Congregationalists are the only Protestant missionaries in the five Central American republics.

Milk and Vinegar.

Dallas, Tex., Feb. 12.—Mr. L. Myers Conner, city chemist, which position includes the important one of city food and drink inspector, is preparing a public lecture on milk. Milk, being a standard article of the greatest value to all classes, Mr. Conner was asked to say something about the municipal milk cans. The city law allows the sale of sweet milk and buttermilk, the standards of which are established by specific gravity. This law, while not directly prohibiting the sale of cream and skimmed milk, excludes them, as the specific gravity of the latter is greater than that of pure sweet milk. Mr. Conner believes that the sale of skimmed milk should be allowed by giving the can plainly marked, and that this article contains food properties that are of value to poor persons unable to obtain the unskimmed milk.

Mr. Conner has furnished formulas for butter and vinegar standards that have been accepted by the city council and are in the hands of the city attorney, awaiting the penalties to be attached to violations. He also makes periodical inspections of the dairies that supply Dallas with milk and inspects the meat markets, which is considered by him as almost unnecessary during winter, as the conditions are unfavorable to bacteria.

Negro Baby Boy.

Dallas, Tex., Feb. 12.—Late yesterday afternoon the body of a fully developed negro baby boy was found in a lime box under the hedge on the Hoppe road, north of the old Fair grounds.

Justice Skelton inquested the body, but found nothing pointing to the cause of the death of the infant or to the identity of its mother. There were no marks of violence on the body, which was turned over to Undertaker Lusk.

Gasoline Stove Again.

Dallas, Tex., Feb. 12.—As Mrs. Rosa McMahon, 288 Preston street, was filling her gasoline stove last night the pump exploded, burning her severely and setting fire to the house.

The fire department extinguished the fire and the damage to the house was slight.

When the Freeze Is Over.

Dallas, Tex., Feb. 12.—An Oak Cliff man who comes over to his business in a buggy complains that since the cold weather set in a number of dead animals, including six defunct horses and a big hog, have been thrown over the Oak Cliff bridge, and they now lie frozen below.

He says that as soon as the thaw comes these dead animals will give forth such a stench that persons crossing the bridge will have to hold their noses.

Fine Concert.

Dallas, Tex., Feb. 12.—One of the most magnificent musical treats ever listened to by a Dallas audience was given by the Remenyi Concert Company at the Oriental hotel tonight, under the management of Mrs. Olive H. Lee of Dallas.

The capacious dining hall of the Oriental hotel was converted into an auditorium and was filled to its utmost capacity.

Mrs. Lee proved herself a most efficient manager, and the music was of a soul-stirring nature seldom listened to in these parts.

The following program was rendered:

He Is Hallucinated.

Dallas, Tex., Feb. 12.—George Turner of Oak Cliff was adjudged insane by a jury in the county court yesterday evening.

One of his favorite hallucinations is that he owns E. P. Turner's home and other property, and that the latter is wrongfully depriving him of the use of it. Monday, arming himself with a dirk, he set out to right his wrongs.

Turner is an Englishman. There is no room for him at present in the asylum at Terrell.

"Tar and Tartar."

Dallas, Tex., Feb. 12.—"Tar and Tartar," the famous comic opera, was presented for the first time in this city at the Dallas opera house tonight by Grau's Opera Company. A large audience was present, and the unanimous verdict of all present was that it was one of the crowning events of the season. Grau's Opera Company is drawing big houses every night, and the prospects bid fair for a most successful week's engagement.

Terminal Road.

Dallas, Tex., Feb. 12.—The condemnation board appointed to appraise property for a right of way for the Terminal road met in C. H. Gillespie's office this forenoon and took testimony of a number of citizens and real estate experts as to the value of certain property in South Dallas.

The board is composed of C. H. Gillespie, J. H. Traylor and J. H. Jackson.

Awfully Big Sum.

Dallas, Tex., Feb. 12.—The county commissioners have concluded that $250 per month is an awfully big sum to pay for lighting the court house with gas, and they have determined to substitute electricity, which will cost only $75 per month.

A contract will be signed this week for electric lights.

Greenville Notes.

Greenville, Tex., Feb. 12.—The spirit of retrenchment and reform has struck the Greenville city council, and at the last meeting they cut the salaries of all city employes; merged the treasurer's office into the secretary's, paying what they have been paying the treasurer, thus saving the secretary's salary to the city, and cutting that much off the city attorney's office.

Mrs. Louis Lopez, the widow of the Mexican who was killed last fall, and who has been running the chile restaurant on the east side of the square, has sold out to Mr. R. C. Henley.

Local Option Petition.

Denton, Tex., Feb. 12.—A petition with over 300 signatures was presented to the county commissioners yesterday asking that an election be ordered to determine whether or not whisky should be sold in this county. As yet no action has been taken.

A warm campaign is anticipated, however, as each side is intensely in earnest. Several of the county precincts already have local option.

HOW IT WAS HEARD IN PARIS.

Great Rejoicing Throughout France Over the Gascogne's Arrival.

Paris, Feb. 12.—News of the safe arrival at New York of the La Gascogne, was received here at 10 o'clock last night. Universal relief on receipt of the gratifying intelligence was most marked. It spread with amazing rapidity to cafes, theaters and elsewhere, and warm cheers greeted the announcement. President Faure was attending a performance at the theater Francais, and the news was instantly conveyed to him. A large crowd gathered at the office of the company and congratulated the officials. At Havre, the home port of the La Gascogne, the rejoicing was even more heartfelt than in Paris. The wives and children of the officers and the crew of the steamer mostly reside there.

A Big Pittsburg Failure.

Pittsburg, Feb. 12.—The Linden Steel company, a large concern, has gone into the hands of a receiver. Application was made by stockholders, who claimed that, owing to a financial stringency, the company was unable to meet its obligations, and it was feared valuable property would be sacrificed. Henry Warner was appointed receiver. Liabilities $485,000; estimated assets, $883,000.

Remarkable Suit.

Denton, Tex., Feb. 12.—Suit was filed this morning by Taylor Boyd of Lewisville for $10,700 damages against Henry Hill, also of Lewisville.

Boyd was accidentally shot by Hill on the 14th of last November, and was seriously injured, some 200 shot being removed from his body by physicians. Two other men were shot at the same time—one, a negro, losing an eye.

Bonham Notes.

Bonham, Tex., Feb. 12.—John Maxwell and Dick and Will Hull, charged with robbery at Edhubb, waived examination this morning and had bonds placed at $500 in two cases each by Squire Bair.

The commissioners' court placed taxes at 50 cents on $100 for all county purposes this morning.

New Yorkers on Lincoln.

New York, Feb. 12.—The Republican club will hold its annual dinner this evening, the anniversary of the birth of Abraham Lincoln. Joseph H. Choate is to be the chief orator and will respond to the toast "Abraham Lincoln."

Governor McKinley on Reform.

Albany, N. Y., Feb. 12.—The Unconditional Reform club will give a banquet this evening at which Governor McKinley of Ohio will make an address.

"Our Chauncey" to Speak.

Burlington, Vt., Feb. 12.—Chauncey M. Depew will be present at the first annual banquet of the Young Men's Republican club to be held here tonight.

A SUFFERING CHILD

Head and Scalp Raw with Places Size of Silver Dollar. Various Remedies only caused Fresh Eruptions. Applied CUTICURA. Change in Twenty-four Hours. Perfect Cure in Two Weeks.

My little son, aged three, was very much troubled with a breaking out on his scalp and behind his ear. The places affected were about as large as a silver dollar. The flesh seemed raw and covered with little blisters. The child suffered considerably, and was naturally very fretful. I tried several remedies without obtaining any beneficial results; in fact, the eruptions seemed to be spreading and new places breaking out. I concluded to try the CUTICURA REMEDIES. I washed the affected parts with the CUTICURA SOAP, taking care not to irritate the flesh, and applied CUTICURA. I noticed a change for the better in the appearance of the eruptions in twenty-four hours, and in two weeks the eruptions entirely disappeared, leaving the skin smooth and the scalp clean; in fact a perfect cure, as I have not seen any indications of any eruption or breaking out since. I gave the child only a few doses of the CUTICURA RESOLVENT. I consider your CUTICURA REMEDIES very valuable. I believe CUTICURA would be excellent for applying to insect bites, which are very annoying in this country.
