COTTON ON A BOOM.

THE MARKET OPENED HIGH AND CLOSED HIGHER.

Bad Crop Reports, Including Ravages by Worms, Caused a Great Increase in Price.

New York, Sept. 4.—The cotton market opened under great excitement at an advance of 12 to 20 points and closed steady at a net advance of 12 to 20 points. Spot quiet and steady with prices 1-16c higher, middling uplands 7 1-16. From start to finish the market was rampant and closed with local operators mostly all at sixes and sevens. There was plenty of bad crop news today, particularly from Texas and Louisiana along the line of worm ravages, Texas having received the needful rainfall. The companies of caterpillars by worms, however, is regarded with some suspicion, as some private advices fail to mention the presence of worms than usual numbers. The news from England was bullish as to future. Some private Manchester cables said that the comparatively small spot business at Liverpool was the result of extreme view of holders, which reflected that the demand for good was not behind the present advance.

FINANCIAL.

On Wall Street.

New York, Sept. 4.—The stock market was marked by a broader movement than has been noted for some time past. The opening was influenced by higher quotations for American securities in London and by the receipt of buying orders for that account. Grangers, Central Pacific, Union Pacific and Western were the leaders in the advance, the latter on a strong report from Boston. A movement in Southern railway shares was a strong feature of the day's proceedings, and this was also stimulated to a considerable extent by foreign purchases. An additional factor in the rallying tendency was the demand for Chicago on the Exchange. Time and trust company stock was forced to the front on account of the government bond purchase. Up to the close of business the gold had not been turned over by the Treasury. About the only decided exception to the tendency of prices was the weakness of Sugar. The opening movement, with comparatively heavy trading, continued up to the close.
