THE SOUTHERN STATES.

...Miss.—Petitions are in circulation ...prohibitionists of Hinds county, ...for a local option election.

...Ferry, La.—The negro Sayers, who murdered S. J. Bowie, was ...near here. The participants in the mob are known to be friends of Bowie.

Arcadia, La.—Farmers in about three weeks late. There have been some very heavy rains in this section, doing considerable damage to lands and fencing.

Madison, Miss.—Forty thousand dollars will not cover damages done by the freeze. Sixty-five per cent of the strawberries are killed and all early peaches destroyed and 50 per cent of tomatoes are lost.

Diamond, La.—There are fifteen prisoners now confined in the parish jail, awaiting trial next month, four of whom are charged with murder, and the outcome may possibly be a hanging or two.

Scranton, Miss.—The municipality of Scranton held a special election to decide as to whether the town would establish waterworks or not. The proposition was defeated by a majority of thirty votes.

Wilson, Miss.—On Saturday evening last it turned cold and culminated in a hard freeze. The ice was more than a quarter of an inch in thickness. The young garden plants are mostly ruined.

Cheneyville, La.—On Elm bayou, near this place, Anthony Jones, colored, killed his wife by cutting her throat with a razor. Immediately after committing the deed the murderer escaped to the woods.

Meridian, Miss.—The Thompson-Houston Electric Light company, whose plant was destroyed by fire some time ago, resumed operations. The city has been practically in darkness for the past two or three months.

Monroe, La.—The scheme to build a canning factory here of a capacity of 50,000 cans daily has progressed to the stage of a subscription list on which is subscribed two-thirds of the local capital wanted.

Meridian, Miss.—The residence of J. M. Harvey, about eight miles north of Meridian, was, together with its contents, totally destroyed by fire. The family were at church and there was no one on the place at the time.

Lexington, Miss.—Friday night the alarm of fire was given about midnight and the handsome Episcopal church was entirely consumed and some of the furniture was saved. The fire is supposed to have originated from a defective flue.

Opelika, Ala.—The Opelika Female seminary, a three-story wooden structure, was partially destroyed by fire. The building was owned by Professor D. M. Rhodes and used as a school house and residence combined.

Birmingham, Ala.—The Alabama division of the United Mine Workers of America will hold a meeting here, when several important questions will be discussed concerning the depressed condition of affairs in their line in Alabama.

Pensacola, Fla.—A mysterious murder was committed near Cantonment, twenty miles north of here. A young negro woman with a child in her arms, her mother's house and was found dead in a lonely spot about one mile from the station, with an ugly wound in her throat.

Baton Rouge, La.—Ike Causey, the negro who several months ago cut Mr. Clay Bernard, manager of the Nelson plantation, so as to cause his head to develop a wound from which he died in New Orleans, was convicted of murder and on Saturday night last was sentenced to be hanged.

Breaux Bridge, La.—The leading business men and citizens held a railroad meeting and resolutions were adopted and a committee appointed to correspond with the Texas and Pacific railroad and urge upon that company the importance of building the proposed line from Palmetto.

Montgomery, Ala.—The truck farms about Montgomery are practically destroyed. One truckster reports a loss of $500. The pear, apple, peach and other fruit trees are possibly killed, with few exceptions. The peach farm of Walker, above here, is practically a total loss, as well as the pear groves about Calera.

Atlanta, Ga.—Social circles are in a stew over the announced marriage of Mr. Hall Gregory and Miss Mattie Lester. They were secretly married some time ago and have since been mingling in society as usual. The lady announced the secret, and immediately she was taken away by her husband on a bridal trip.

A SINGULAR FORM OF MONOMANIA.

There is a class of people, rational enough in other respects, who are certainly monomaniacs on the question of health. They are constantly trying experiments upon their stomachs, their bowels, their livers and their kidneys with trashy nostrums. When these organs are really out of order, if they would only use Hostetter's Stomach Bitters, they would, if not hopelessly insane, perceive its superiority.

Columbia, Ala.—H. H. Buchanan, agent for the Central railroad at this place, committed suicide.

to you by your merchant is an evidence of his reliability, as he can sell you cheap ready-mixed paints and bogus White Lead and make a larger profit. Many short-sighted dealers do so.

FOR COLORS.—National Lead Co.'s Pure White Lead Tinting Colors, a one-pound can to a gallon of white lead and mix your own paints. Saves time and annoyance in matching shades, and insures the best paint that it is possible to put on wood.
