PRIMARY POSTPONED.

ACTION OF THE DEMOCRATIC COMMITTEE LAST NIGHT.

A Very Unanimous Vote—A Strong Central Executive Committee Appointed—Now for Thorough Organization, the Most Acceptable Ticket, and a Glorious Victory.

A meeting of the Democratic City Committee was held last night at the Circuit Court room. Present—Superintendent C. E. Wingo and Messrs. Curtis, Taylor, Patram, Gibbons, Wood (W. R.), Haskins, Teller, Grymes, Cummins, Burton, Ellett, Hulcher (Jos.), Levy, Tenser, Smith, Bigger, and Wood (M. W.).

The question of a postponement of the date of the primary election was carefully considered, and a number of gentlemen sent from the various wards addressed the committee, urging that it be deferred until a later date.

THURSDAY, OCTOBER 6TH.

It was decided to postpone the election until Thursday, October 6th. There was but one dissenting vote—M. W. Wood of Jackson ward. The committee transacted considerable routine work. Mr. Meade Haskins was excused from active duty on the committee until after the primary election.

It was stated by authority that the Executive Committee of the Law and Order League had pledged themselves that that organization would not as a body do anything to influence in any way the primary election.

AN EXECUTIVE COMMITTEE.

On motion a committee of twenty was appointed to compose a Central Democratic Executive Committee. The following is the committee:

J. Taylor Ellyson, L. L. Bass, N. V. Randolph, Charles F. Wingo, C. V. Meredith, E. A. Catlin, George A. Ainsley, Charles E. Wortham, Tazewell Ellett, R. A. Dunlop, John B. Purcell, Thomas G. Jackson, John M. Higgins, John H. Frischkorn, William H. Zimmerman, T. Wiley Davis, James B. Pace, Charles L. Todd, James Hayes, and William Lovenstein.

The committee will be organized some time this week.

The City Committee adjourned to meet Tuesday, September 20th, at 8 o'clock.

NOW TO WORK.

Yielding to a very general demand, the City Committee has postponed the primary. It is hoped now that the candidates will be announced and that an active canvass will begin. There is over three weeks in which to labor, and the feeling of doubt and uncertainty which hung like a pall over the candidates and voters no longer exists.

There is ample time for a thorough and perfect organization, and every hour of this time should be utilized. The general feeling among all those who were at the meeting last night was that great good would result from the action of the committee, while harm could not possibly accrue. A grand central club will be formed, and Richmond is going to witness the biggest fight seen since that of 1869.

No effort will be left unturned to secure a straightout delegation from this city to the Legislature and to defeat the combined machinations of black Republicanism and scalawagery.

BREVITIES.

Condensed Items for Busy Readers.

The court does not meet until September 19th.

Rev. L. A. Cutler preached in Lynchburg Friday night.

Dr. John N. Upshur has returned from the Medical Congress at Washington.

There will be a regular meeting of the Board of Aldermen to-morrow evening at 7 o'clock.

The September term of Henrico and Chesterfield County Courts will begin to-morrow at 11 o'clock a.m.

Captain J. W. Cordle is the popular and efficient doorkeeper at the Mozart Academy for the ensuing season.

The August numbers of the *Southern Clinic* and the *Educational Journal* are to hand and both are filled with very interesting matter.

Major Lewis Ginter left for the White Sulphur Springs last night, where his family have been spending the summer in a private cottage.

Superintendent William H. Green and Master Machinist Thomas W. Gentry have returned from an inspection of the machine and other workshops on the Richmond and Danville railroad.

Ex-Delegate William A. Reese of Greensville, and Mr. E. L. Turner, county clerk of the same county, M. B. Fink of Baltimore, and M. S. Kittenger of Lockport, N. Y., are at Ford's Hotel.

George W. Hawxhurst and Julius A. Hobson of Richmond will attend an important meeting of the Executive Committee of the Grand Lodge of Good Templars to be held in Danville September 15th.

Stephen Lee and Isaiah Stewart (both colored) were received at the Penitentiary yesterday from Greenville county. The former was convicted of buglary and the latter of grand larceny. They are to serve five years each.

The criminal docket of the Hustings Court will be larger at the September term than it has ever been before. The July term closed with 117 cases remaining on the docket. The accumulation of cases since July has been very large.

The Richmond Light Infantry Blues were inspected by Lieut.-Colonel Joe Lane Stern Friday nights. Fifty five members were present, and out of five who were absent four were not in the city. This is one of the most creditable showings yet made at State inspections.

It is understood that Dr. J. D. Pendleton, one of the clerks of the Senate of Virginia, has been appointed assistant secretary of the Democratic Executive Committee of Virginia, and will soon enter upon the discharge of his duties as such at the headquarters of that comcomittee in Alexandria.

CAPTAIN EDWARD GRAHAM.

Death of this Estimable Gentleman and Gallant Soldier.

Captain Edward Graham, treasurer and general manager of the Old Dominion Cotton Mills, Manchester, died yesterday morning at 4 o'clock at his residence No. 303 South Third Street.

Captain Graham had been ill for over two months, but had only given up his business some six weeks since.

The deceased was an excellent man in every relation of life and one of the most gallant soldiers in the Confederate army.

He commanded one of the Petersburg artillery companies, and was respected by his men for his unfaltering devotion to duty and beloved for his kindness to his men.

As superintendent of a large cotton mill he was esteemed by every operative under his charge. In fact, he came up to all the requirements both as a soldier and a civilian.

He was one of the organizers of R. E. Lee Camp and one of its first lieutenant commanders.

An escort from the Camp will attend the funeral at 2 o'clock p.m. to-day from the late residence.

The remains will be taken to Petersburg for interment in Blandford cemetery.

In his death not only a good but a useful citizen has passed away. His demise was a shock to many friends who had not heard of his serious illness. His family will have the sympathy of all those who knew and loved him, and who will join with them in missing and mourning one of the best of men.

Captain Graham's battery was one of those blown up in the celebrated and fateful explosion at the Crater in 1864. He rallied his men, however, manned his guns, and turned them on the enemy.

MOZART ACADEMY.

Baby Bindley's Farewell—Future Attractions.

Baby Bindley had a fine and fashionable matinee yesterday evening. Excitement was rendered in first-class style, and the heroine and all of her company were liberally applauded. Messrs. Horne, Otis Redford, and Hirshberg were notable. Miss Bindley was presented with some handsome flowers after the first act.

Last night Dot was presented to a large and delighted audience. This is one of her best characters, and her fancy shooting is marvelous. Miss Bindley will always be warmly welcomed in Richmond.

On September 14th the great emotional actress, Charlotte Thompson, who recently played so successful an engagement at the Theatre, will appear in a line of emotional acting.

Miss Thompson will present her masterpiece, Jane Eyre. In the delineation of this character she is too well known to require extended mention. She has made the part her own, and stands in it confessedly without either a peer or a rival.

The American Opera Company is certainly coming to the Academy. Held by the enemy will soon be presented, and the Australian Novelty Company is booked, with Aimee, the Human Fly.

THE PUBLIC SCHOOLS.

Opening Day September 13th.

The public schools of the city of Richmond will open next Thursday, September 13th at 9 o'clock.

All scholars who have been in attendance during the past session will report for enrollment at 9 o'clock on Thursday morning. All new scholars will report for admission at 9 o'clock on Friday morning.

The principals and teachers of the white schools will meet at the Richmond High School at 12 o'clock m. and the colored schools at 10 o'clock on Wednesday, September 14th, 1887, for instruction, assignment, &c.

An examination will be held at the Richmond High School for such applicants for admission as have not been connected with the public schools and for such pupils of the High School as were prevented by serious sickness from attending the June examination.

The examination will begin promptly at 9 o'clock on Monday, September 12th, and will probably continue three days.

REV. DR. CURRY.

The Distinguished Gentleman in Richmond.

Rev. Dr. J. L. M. Curry, United States Minister to Spain, and Mrs. Curry are in the city. Dr. Curry has been spending some time at the summer resorts since he returned to this country on a leave of absence. He is not only one of the ablest men in Virginia, but in the United States—a man whom all of our people should delight to honor. His name has lately been mentioned in connection with a Cabinet office.

Dr. Curry is fitted by scholarship, experience, and reputation for any position in this country, and the one he is called upon to fill will be honored and adorned by his filling it.

He was a member of the United States Congress before the secession, and was one of the ablest; and in the Confederate Congress he ranked second to none in that august body. Still in the prime of life, and in the strength of his intellect, there is yet before him a career of great honor and usefulness.

THE LAST CONCERT.

"Blessings Brighten as they Take their Flight."

Yesterday the last of the series of summer concerts was given at Libby Park. It was attended by a very large crowd. Some estimated it as the largest yet seen at that park, and one of the largest of the entire series.

As the dying swan is said to sing its sweetest notes, so the last concert was an exceptionally agreeable one—in fact, one of the best of the summer. Kessnich and his band were never heard to better advantage. There may be other concerts, but at all events the memory of music past is fresh and green.

"Tho' obsolete, 'tis music sweet, although 'tis gone away."

The band and all the contributors and the originators of the scheme deserve the thanks of all who have during the midsummer nights enjoyed the rich flow of melody. To many penned up in the heat and dust of the city walls it will be the one fragrant recollection of a summer that has had much shadow and discomfort mingled with its sunshine.

Grand Opening of the Broad-Street Opera House.

The Broad-street Opera House will be opened with *eclat* Friday night, September 23d. On this occasion, through the kindness of Mr. A. J. Ford, the popular favorite Captain Frank W. Cunningham, will be tendered a complimentary testimonial.

It will be a vocal and instrumental concert of unusual merit. The Hampton Soldiers' Home band will take part, and the beneficiary will be assisted by Mr. Marshall E. Ramos and other first-class talent.

Frank Cunningham has many claims upon our people of every class and condition, and it is hoped that his benefit will be a most substantial one.

YESTERDAY'S RIOT.

Some of the Incidents of the Struggle.

LONDON, September 10.—The police at Mitchellstown assert that the trouble there yesterday was due to the Nationalists leaders shouting for the mob to hold together. The town to-day is quiet. The Nationalists are exultant over the good fight they made yesterday. A Tipperary boy broke through a square composed of twelve policemen and fought them single-handed. The police finally overpowered him, but the mob made a rush and rescued him from his captors.

The police paraded this morning. A majority of them wore bandages over the wounds they received yesterday. Fourteen policemen who were injured during the rioting were carried to the hospital.

Consolidated Interests.

NEW YORK, September 10.—The New York, New Haven and Hartford, or "Consolidated," and the Boston and Albany Railroads have agreed upon a consolidation of interests that will secure to them the bulk of the passenger business between New York and Boston, absorbing between them the New England and Norwich and Worcester line, giving them both a boat via Norwick and an all-rail line via Springfield.

A Furniture Factory Strike.

BOSTON, September 10.—The executive committee of the Furniture Finishers' and Painters' Association have decided to call the men out of all shops next Monday where the employers will not concede nine hours a full day's work. The strike, if it occurs, will lay off about 2,000 men. The employes are well organized and can close every factory in Boston and vicinity.

NEWS OF THE DAY.

THE WORLD'S ACCIDENTS AND INCIDENTS BY LAST NIGHT'S WIRES.

Starving the Prisoners—Bloodshed in Ireland—The Washington Boycott—Jake Sharp Sick Again—A Rescued Crew—A Fatal Fall.

CHICAGO, September 10.—The *Times'* New Orleans special says: For several years the inmates of the parish prison of this city have been suffering a peculiar disease, frequently terminating in death. Thirty-nine cases of the disease and five deaths have occurred since January. The disease has generally been attributed to the damp condition of the prison. A physician of the State board of health made a thorough examination of the matter and his report does away entirely with the dampness theory, and states that the sickness in the prison is caused by insufficient food. The rations consist of a cup of tea and a piece of bread in the morning and soup during the day. The meat for the soup is provided by contract at a very low rate and has several times been condemned by the resident surgeon. This food is wholly insufficient. The inspecting physican declares that several of the prisoners presented evidences of scurvy. The board of health has called the attention of the parish authorities to the condition of affairs, and insists that the prisoners be provided with better meat and with vegetables occasionally.

Mr. Randall—The Medical Congress.

[Special to the Times.]

WASHINGTON, September 10.—Congressman Randall left this afternoon for home, and his departure has started the political gossips. Mr. Cleveland is severely censurned for not having at least made some appearance of consulting Mr. Randall when the tariff consultations were held at Red Top. The unanimous opinion is that no matter what tariff measure the Administration puts forth next winter, Mr. Randall will fight out the same old fight he has fought for so long, and again prevent the Administration from fullfilling the promises of the Chicago platform.

The foreign delegates to the Medical Congress left on a special train at 6:45 for Niagara. They breakfast to-morrow at Watkins' Glen, and will arrive at Niagara to-morrow evening and return here Tuesday. Everybody unites in the opinion that the Congress has been a great scientific success, though socially some few unpleasant incidents tended to mar the pleasures of the visitors.

WASHINGTON BOYCOTT.

A Number of Parties on Trial for Conspiracy.

WASHINGTON, September 10.—The first common law conspiracy case ever brought in the District of Columbia came before the Police Court this morning, growing out of a Knights of Labor boycott.

Franz Krause, the leader of the late National Rifles' Band, and an expelled member of the Washington Musical Assembly No. 4303, K. of L., brings the charge against a number of the members of the assembly.

In the information it is charged that these defendants threatened to withdraw their patronage from any person or firm who employed them or did not discharge them when demanded to do so. And also any person who would work with them.

The case went over indefinitely. Bail was fixed at various sums, ranging from $200 to $500 each, and aggregating $2,400. Mr. Chris. Arth became security for them all.

A Train Runs Into a Hook-and-Ladder Truck.

SYRACUSE, N. Y., September 10.—A hook-and-ladder truck No. 2, on its way to a fire, was crossing the West Shore tracks, near Lighton's Lock, shortly after 2 o'clock this morning, a train ran into it and the truck was badly smashed. Four of the men riding on it were thrown off and injured, three quite seriously. Albert C. Sheriff, tillerman, had both arms broken, and one will have to be amputated. Captain Andrew Wilform was hurt, it is feared, seriously; Joseph Hooker had a leg an arm broken, and James Sanderson was badly bruised. All the men were taken to St. Joseph's hospital. The horses were badly cut.

A Mineral Spring Found.

CHICAGO, Sept. 10.—A special from Attica, Ind., says: In boring for gas in this city at a depth of 570 feet water was struck. The well was abandoned by the gas company and purchased by a syndicate, who, yesterday, received an analysis from the State chemist, showing that it is one of the finest mineral springs in the country. Lithium, magnesia and soda are conbined in such quantities as to at least make it equal to any mineral water in the United States. The force of the spring is wonderful, flowing 300 gallons per minute and carrying the water to a height of 180 feet through a five-inch pipe.

A Rescued Crew.

LONDON, September 10.—The steamer Endymion, which arrived at London yesterday from New York, had on board the crew of the British bark Orquell, Captain Brown, from Barrow, August 18th, for Perth Amboy, which was abandoned in a sinking condition on September 5th in latitude 48 degrees north, longitude 18 degrees west. The rescue of the crew was effected with extreme difficulty. The steamer's boats were damaged and one of her davits was broken.

A Bloody Scene.

LONDON, September 10.—The *Pall Mall Gazette* says that the old man Riordan, shot down at Mitchelstown, who lay dead with his gray hair matted with blood, will haunt the memory of both nations, England and Irish, for many days to come. "It is the duty," continues this journal, "of all the leaders of the opposition to visit Ireland, Gladstone first, to answer yesterday's bloody challenge."
