Henrico Roads.

The special commissioners appointed [illegible] Henrico county Court to examine and report the condition of each of the roads and turnpikes leading out of the city into the county, made their report [illegible] which will be considered by Judge Minor at a later day.

The report of the commissioners say in [illegible] that the Mechanicsville turnpike [illegible] Richmond Terminus at the head of Eighteenth street beyond Venable was in good condition, and the grading [illegible] had been satisfactorily carried on.

The Williamsburg turpike was reported in good condition.

In regard to the Brooke turnpike the commissioners report that the three sections nearest to the city are in good order, but that the three sections beyond [illegible] in the county are not in good order.

Supreme Court of Appeals.

It is understood that when the court meets to-day that Judge Joseph Christian will present to the court the preamble and resolutions adopted by a meeting of the Bench and Bar of the State, relative to the death of Judge Francis T. Anderson.

A CHINESE BURIAL.

Yow King Interred According to Confucian Rites—His Bones to be Taken to the Flowery Kingdom.

Yow King, a Chinaman who lived at No. 1505 East Main street, opposite the St. Charles Hotel, was buried yesterday with the rites peculiar to his race and nation. He was found dead in his bed among the small hours of yesterday morning, and he died from natural causes.

Yow King was shrouded in ordinary clothes and had on his shoes and hat. The Chinese rule was carried out to the letter, and in the hands of the corpse were placed two bunches of paper, each containing in Chinese hierogiyphics a passport for the soul to the other world.

The immediate personal property, such as trinkets, etc., were placed in the coffin, and at the interment the clothes of the deceased, which he wore in life time, were wrapped around the coffin, and buried with it.

The interment took place in Oakwood. The services at the grave were conducted by Hing King, the dead man's brother, according to the Confucian ritual and in the Chinese language, which the TIMES reporter, learned as he is, could not translate on the spur of the moment.

The last words of the dead Chinaman were recorded in Chinese language, and placed in the coffin. According to their belief these words and the soul go together to the celestial regions.

The bones of Yow King are now under ground in Oakwood Cemetery. There is a belief among the Chinese that their bones must be buried in China. The Confucian law is that the next nearest of kin, can claim and transport the bones. In this case the next nearest of kin is a son, the deceased having two sons and a daughter. He, it is understood, will transport the bones to China and then inter them among the faithful Confucians at a not far distant date.

LOCAL NOTES.

The Board of Public Interests will meet at 7:30 this evening to nominate three names to the City Council to fill the vacancy in the office of Police Commissioner created by the resignation of Mr. George A. Ainslie. Mr. Ainslie will doubtless be one of the three nominees, and there is no doubt, but that the Council will elect him to succeed himself.

Timothy E. Murphy, the present bailiff of the Police Court is a candidate for reelection.

Ned M. Roscher, president of that sterling Democratic organization, the Fulton Club, is a candidate for sergeant-at-arms of the Council.

Mr. Joseph M. Shelton is a candidate for the office he now fills, which is that of bill clerk in the Auditor's office. He writes out the gas bills and does his duty.

Mayor Carrington is still confined to his room by sickness. There is a rumor afloat that he intends running as an independent candidate for Mayor, but it cannot be traced to a reliable source.

Mr. P. J. Burton is a candidate for the position he now fills, that of clerk of nineteen Council committees. He will be reelected by the new Council.

So far there are five candidates for the position of Sergeant-at-arms of the Council. They are Rodey Tenser, William M. Moseley, R. R. Ralston, E. M. Roscher, and the present incumbent Jeff Reynolds.

Mr. Ben J. August is a candidate for the office he now fills, Clerk of the Council. For years he has been an employe of the council, either as Sergeant-at-Arms or latterly as Clerk, when he was unanimously elected to fill the vacancy created by the death of the lamented Clerk Howard. How he has filled the position is a matter of history. No one has yet appeared in the field against him.

Right Rev. F. M. Whittle, Bishop of Virginia, has so far recovered from his recent severe attack of eczema as to be able to ride out.

The Hustings Court, Judge Atkins presiding, has practically adjourned for the term. For the past several days there has been no business transacted except that of a civil character. The petit jury has been discharged. The May term of the court will begin on Monday, the 7th day of the month.

To-night the Council Committees on Water, First Market, and Second Market, three in all, will meet at the same time (7 o'clock). The two market committees will meet in the Council Chamber. The Water Committee will meet in the clerk's office, just underneath.

The remains of the two Confederate soldiers who had been buried near the Federal Cemetery at Cold Harbor, have been removed to this city and reinterred on Gettysburg Hill, Hollywood Cemetery.

Jim Hanhorn was charged yesterday before the county magistrate with entering the house of May Oakly, breaking her trunk and stealing $40. The theft was committed on the 21st of last February. Because of the absence of witnesses the case was continued until next Tuesday at 4 p. m.

Squire Jonathan yesterday morning heard the case of a young white citizen who had beaten his wife. The evidence not being satisfactory and witnesses being absent, the case was continued until next Saturday.

Yesterday at 5 o'clock p.m. the doors of Union-station Methodist Episcopal church were thrown open to friends and relatives to witness the marriage of Mr. Walter J. Hechler and Miss Jennie Bailey, both of this city. Rev. Mr. Martin, pastor of that church, officiated. Immediately after the ceremony, Mr. and Mrs. Hechler took the Northern train for an extended tour.

Delinquent Taxes.

Seventeen hundred tracks of land in Hanover county have been returned delinquent. Of these the taxes on about three hundred has been paid or secured to the Treasurer.

This leaves about fourteen hundred tracts of land on which no taxes have been paid, all of which will be sold by the County Treasurer on the 14th day of May, 1888, less than three weeks off.

The total amount of taxes due on these delinquent lands approximates $7,000.

FIRE COMMISSIONERS.

THE BOARD TO BE ELECTED JUNE SEVENTH.

The Law by Which the Board Was Created—First Election by the Board of Public Interests; Afterwards by Council—Candidates so Far Mentioned.

On the first Monday in June next, about six weeks from now, the present Board of Public Interests will meet and elect six Fire Commissioners, one from each of the six wards of the city.

The act of Assembly under which the present Board of Public Interests appoints these Fire Commissioners was passed by the General Assembly at its last session.

This act was an amendment to the charter of the city of Richmond, and consequently is now a part of the charter.

The charter now says: "The Fire and Fire Alarm Departments of the city of Richmond shall be under the direction and control of a board composed of six citizens, voters in said city, of whom, one shall reside in each ward, such board to be called the Board of Fire Commissioners of the city of Richmond.

"The first Board of Commissioners, chosen under this act, shall be elected by the Board of Public Interests of the said city on the first Monday in June, 1888. All other elections of said commissioners shall be by the Council of said city on the nomination of said Board of Public Interests in manner prescribed by law."

The Board is to nominate the Fire Commissioners *viva voce* and publicly.

There have been mentioned a number of candidates whose names will be presented to the Board on the first Monday in June.

Among them are:

Marshall Ward—William H. Stratton and James R. Lamkin.

Jefferson Ward—John F. Mayer, John H. Frishkorn.

Madison Ward—Maxwell T. Clarke, Edward Cummins.

Monroe Ward—William H. Scott.

Clay Ward—John J. King.

Jackson ward—William J. Gentry.

There will be a number of other names presented by friends and in addition thereto there will be a number it is thought, presented by one or more members of the Board of Public Interests.

Dead Suits in the Chancery Court.

The following may be of interest to many people:

On the 1st day of May 1888, the judge of the Chancery Court will call the docket for the purpose of removing therefrom all causes in which no order has been entered in the past seven years.

A docket of such causes is now in the clerk's office of the Chancery Court, and is open to inspection, to any lawyer or any one else, who desires to see it.

Everybody having an interest in any one of these suits, sometime known as dead suits, should be present either in person or by attorney.

County Circuit Court.

Fifty coupon suits were yesterday instituted in the Circuit Court of Henrico county. These suits are instituted by the State, and range in sums from $3 to $1,500. The latter is the taxes due on the Stewart estate, for which coupons were tendered.

These suits will be heard in the Circuit Court of the county on the first Monday in May.

Who Is James Brown?

A pension agent of the United States government is in the city examining the records of the courts to find out who a negro man named James Brown is.

A negro of this name, hailing from Richmond, has filed a claim in Washington as a soldier wounded "endurin de war," and it is believed there that the claim is fraudulent. Hence the search.

The polite clerk of the Police Court, Mr Edward B. White, went through the entire indices of that court and found four James Brown's and a James H. Brown of ethiopian color, who had been before his Honor for various misdemeanors and felonies.

The agent took down the names of the witnesses in each trial and will persecute his researches further.

City Circuit Court.

One small suit was instituted yesterday in this court.

The petit jury was present when called and were adjourned over until to-morrow.

A number of coupon suits were to have been tried, but the Auditor of Public Accounts not being ready to prosecute them, they were all continued until to-day.

Montgomery Goes Dry.

(Special correspondence.)

CHRISTIANSBURG, VA., April 24.—All the districts in this county voted yesterday on the question of "License or no license for the sale of liquors." Each and all the districts gave majorities for the dry ticket. That gives us Floyd and Giles new white liquor for two years more.

The Academy Leased.

The Academy of Music has been leased for the next season to Messrs. Thomas G. Leath, present manager, and H. G. Berger, the advance agent of Theodore Thomas and a gentleman well known in theatrical circles. The Mozart Association will also expend at least $2,000 this summer in imptoving the acoustics of the building.

DETROIT, MICH., April 25.—The State Convention of colored men met at Jackson yesterday for the purpose of organizing a State association and considering matters relative to the coming political campaign. About fifty delegates were present. Resolutions were adopted lamenting the death of Roscoe Conkling; endorsing the Blair educational bill endorsing the candidacy of General Russell A. Alger, and unequivocally endorsing the Republican party.

CLEVELAND ON FOREIGN LABOR.

His Letter to the United States District Attorney of Boston.

BOSTON, April 25.—The letter to the United States District Attorney Galvin from President Cleveland relating to the importation of foreigners into these ports in violation of the contract labor laws is as follows:

"*To Hon. O. A. Galvin, United States District Attorney, Boston, Mass:*

"Dear Sir,—Information has reached the Treasury Department that a large number of foreigners have been brought into Massachusetts under violation of the contract labor law for the purpose of manning American fishing vessels sent out from the ports of Gloucester, Boston, and Beverly for the purpose of taking fish along the Canadian coast. It seems to me quite certain that such foreigners, aliens, have been brought in by parties in direct violation of the statute covering such cases, and I believe that the importation of such foreigners tends to the displacement of American labor. I am aware that many of these persons have, through the care of the officials, been returned to the country from which they came. I therefore enjoin on you the duty of a prompt investigation of these cases, and request that you confer with the collectors of the ports of Boston and Gloucester that prompt and effective measures may be taken. The department has ordered that special agents be detailed, who will report directly to you, and if you require any further assistance it will be given you upon application. Yours truly,

"GROVER CLEVELAND."

FIRE IN A BOARDING HOUSE.

Four Persons Severely Burned—The Safety Net.

NEW YORK, April 25.—A fire in the boarding-house of Inra Indorf, No. 53 West Twenty eighth street, shortly after 5 o'clock this morning almost resulted in a holocaust. As it was four persons were severely, if not fatally, burned. Hattie String, a colored servant thirty-eight years old, was terribly burned about the body. She was standing on the sill of the second story window enveloped in flames, and only saved herself from being burned to death by jumping into a life saving net. She was taken to the New York hospital and little hope is entertained of her recovery. Fannie Tapely, aged forty-five, a white woman, crawled out of a third story window and making her way from sill to sill by clinging to the shutters succeeded in reaching the window of an adjoining house. Her clothing was all ablaze and she was badly burned. Winnie Lewis, aged nineteen (white) performed a like feat and was also badly burned. Francis Russell, aged twenty-one years, was penned in on the second floor and made his escape to No. 55 by crawling along from sill to sill. He was also severely burned. Several others escaped by jumping into the fire nets.

OUT OF THE CHURCH.

Monsignor Bouland's Reason for Leaving the Pale of Catholicism.

NEW YORK, April 25.—The *Churchman* publishes a letter from Right Reverend Monsignor Leon Bouland to Pope Leo XIII., formally withdrawing from the Catholic church. His reasons are both doctrinal and political. M. Bouland is honorary private chamberlain of His Holiness, and honorary canon of the Metropolitan church of Rheims. In his letter to the Pope he says:

"The Roman hierarchy constitutes in the United States (a country of which I am proud to be a citizen) a danger ever on the increase. This I have repeatedly mentioned to your Holiness, in the private audiences with which I have from time to time been honored. In this great Republic I find a church truly apostolic and nicene wholly independent of the State, and which understands how to reconcile in due proportion the rights that liberty confers with the duties which it imposes. In that church—to which I now declare my adherence—faith does not shut out reason or science, which, together with true religion, make intelligent Christians and enlightened citizens.

"My decision to withdraw from the Roman Church is not a thought of recent origin. It is the mature result of conviction forced upon me during my travels in both hemispheres and of my study for ten years of the chief religious and social questions which agitate our times."

In regard to the above matter Archbishop Corrigan says: Mgr. Bouland has no right to the title of "Right Reverend," which he claims. His title was not a high one, as he was only a supernumerary of the Pope's household. His letter can cause no surprise at Rome or anywhere else, as he has been practically outside of the church for five years past and had no official standing. Mgr. Bouland is staying at the Canda House in this city.

Horrible Tragedy in Missouri.

LICKING, MO., April 25.—Much excitement was caused yesterday by the discovery that James Smally, a well-known citizen and proprietor of the Smally House, had murdered his two children, aged five and seven, by cutting their heads into sections with an axe. He next attacked his wife, who escaped by jumping through a window as her insane husband had locked all the doors. He then cut his own throat and wrists with a carving-knife and expired. The neighbors effected an entrance by breaking down the door and found all the rooms covered with blood and brains where the struggle had taken place. Smally had gone insane through fear that his family would go to the poor-house, though possessed of considerable means.

CHICAGO, April 25.—The *News'* special from Carrollton, Ohio says: "On Monday evening Charter Butler, the son of a prominent merchant, insulted Jennie Fisher, an estimable young lady, in the presence of a crowd by whistling an offensive air and calling her 'Birdie.' Miss Fisher drew from her sleeve a cowhide and whipped the young man severely about the head and shoulders for several minutes. The crowd cheered her heartily."

TELEGRAPHIC NEWS.

CURRENT EVENTS OF INTEREST AT HOME AND ABROAD.

Congressional Proceedings—Continued Debate on the Tariff Bill—The Queen's Visit to Berlin—Kaiser Frederick Reported Improving—Short Telegrams.

WASHINGTON, April 25.—In the Senate to-day, at the conclusion of morning business, Mr. Voorhees secured the floor for a tariff speech. After defining his position as a tariff reformer desiring reduction of tariff taxation without disturbance of trade or injury to labor now protected, he took up the question of extravagant appropriations and finally that of pension legislation. In all these matters he commended the President's course.

At the conclusion of his speech the pleuro pneumonia bill came up and was laid aside for the land grant forfeiture bill to proceed.

THE HOUSE.

The morning hour for the call of committees was dispensed with, and the discussion of the tariff bill was resumed.

Mr. Bynum (Democrat) of Indiana took the floor. He said the question of how to levy and collect taxes was an absorbing one to all nations. The time has passed when this House can refuse to consider measures for the reduction of the tariff.

In alluding to Mr. Burrows's statement of the great growth of the country under a protective regime, Mr. Bynum said the growth was not by protection, but in spite of protection.

The great trouble with American labor to-day is over-production. The system of protection has closed the markets for the surplus production of agriculture and manufactures, and the country being flooded with the overplus, shuts down the factories and turns labor adrift in the streets.

The proposition of the protectionists is that with all our advancement, all our resources, we must be content to consume what we produce and produce only what we can consume. Protection has killed our merchant marine and carrying trade. It cannot be revived by subsidies or in any other way except by trade.

He produced statistics to show that England, France, and Germany, with free wool, raised more sheep on less territory than the United States. The United States was compelled to buy more wool than was produced here last year. The high protective tariff has completely broken down the industry of sheep-raising in this country.

Mr. Bynum was followed by Mr. Thomas R. Browne of Indiana (Rep.), who spoke in favor of a protective tariff. He dwelt at length upon the crippled state of the merchant marine and the unprotected condition of our sea coast.

VICTORIA IN BERLIN.

She Has a Pleasant Interview With Prince Bismarck.

BERLIN, April 25.—Queen Victoria paid another visit to the Emperor this morning. This was the annual day of prayer and repentance. The imperial family attended divine services this morning in the castle chapel at Charlottenburg. After the service Queen Victoria received the staff of the British embassy, and later gave an audience to Prince Bismarck. The interview lasted an hour.

The Dowager Empress Augusta will visit the queen this afternoon, and the two ladies will drive to Berlin together, where they will visit the British embassy and attend service in the English chapel.

Empress Victoria will give a dinner in honor of the queen this evening.

THE KAISER'S CONDITION.

The Fever Lower and the Physicians Feel Encouraged.

BERLIN, April 25.—The 9 a.m. bulletin says that the Emperor passed a good night, and that his condition is satisfactory to his physicians. The fever is lower. As the Emperor's condition changes but little during the day, the doctors have decided to issue but one bulletin daily until further notice.

CENTENNIAL CEREMONIES.

Governors Who Will Come Together in Philadelphia on Saturday.

PHILADELPHIA, April 25.—Several of the Governors of the thirteen original States have accepted Governor Beaver's invitation to attend the conference at Carpenter's Hall on Saturday to participate in the selection of a permanent memorial of the close of the first century under the Constitution. Among them are Governors Green of New Jersey, Briggs of Delaware, Jackson of Maryland, and Davis of Rhode Island. Governors Hill of New York, Ames of Massachusetts, and Lounsbury of Connecticut will be prevented from attending by pressing engagements.

Horrible Runaway.

CHICAGO, April 25.—A dispatch from Columbus, Ohio, says: As Miss Etta Pinney was driving a spirited horse through the streets of Dublin, a suburb of Columbus, last evening, the animal took fright and ran away. Striking an obstacle the lady was thrown out in such a way that her hair, which came loose, caught and wound around the hub. In that position she was dragged about thirty yards over a stony street at a frightful speed. The shafts breaking released the horse. It was necessary to remove the wheel and take it home with the young lady, as the hair was matted so with the oil and dirt that it could not be unwound. It is thought Miss Pinney is not fatally injured.

MASSACHUSETTS REPUBLICANS.

Meeting of the State Convention in Boston.

BOSTON, April 25.—The Republican State Convention to elect delegates to the National Convention assembled at Tremont Temple at 11 o'clock this forenoon. The convention was very well attended. Dr. Burden, chairman of the State Committee, called it to order, and a temporary organization was effected with Robert J. Southworth and J. Otis Wardwell as secretaries. Dr. Burden delivered the opening address. He said the prospects of the Republican party in the State and nation never looked more encouraging than they do to-day. He favored the policy of making a clean campaign, entirely from a Republican standpoint. "But," said he, "we will welcome the honest independent, who, believing that the course pursued by the Republican party four years ago tended to retard the reform of the civil service, went out and fell down at the feet of that great high priest of reform, Grover Cleveland, because he will admit his mistake. But to that so-called independent, who seized upon the question of civil service reform as a pretext, while the real reason was that he was a free trader, we have no concessions to offer."

Dr. Burden's remarks were frequently interrupted by applause. The mention of the name of James G. Blaine elicted wild enthusiasm, and a call by a delegate for three cheers for Blaine was heartily responded to with an enthusiastic "tiger." The protective sentiments in the address also received hearty applause. When Dr. Burden had concluded the usual committees were appointed.

SHORT TELEGRAMS.

BOSTON, April 24.—A dispatch from Washington to the *Herald* says: "Col. J. B. Tomlinson, editor of the Ohama *Democrat*, has kept Governor David B. Hill's name at the head of his editorial column for some time as his candidate for the Presidency. Last night, having just returned from Albany, where he had a long conference with Governor Hill, he telegraphed his managing editor to take Hill's name down. The Governor told him, so he says, that he was not only not a candidate, but that he would willingly head the New York delegation for Cleveland at St. Louis.

WASHINGTON, April 25.—To-day's bond offerings aggregated $3,022,00, as follows: Four and a half per cents, registered, $2,000,000 at 107½; $182,000 at 108½; $50,000 at 107¾. Four and a half per cents, coupon, $400,000 at 107¾; four per cents registered, $300,000 at 126; $50,000 at 125¼; four per cents, coupon, $40,000 at 125¼.

PHILADELPHIA, PA., April 25.—It is generally believed in railroad circles that the Baltimore & Ohio will soon perfect arrangements with the Reading by which it will be enabled to use the Reading for its New York passenger traffic. A rumor was current that President Spencer of the Baltimore & Ohio was in the city yesterday in consultation with President Corbin, but this was denied at the Reading general offices.

ST. PAUL, MINN., April 25.—The Winnipeg correspondent of the *Pioneer Press* reports renewed apprehension in the Saskatchewan region of an Indian uprising in the region north of the Saskatchewan. It was feared that the Indians in the Saskatchewan valley would join any outbreak that might be made.

NEW YORK, April 25.—Stephen B. Elkins denies the story attributed to State Senator Raines, to the effect that Mr. Elkins has recently received a letter in which Mr. Blaine says that he would refuse even a unanimous nomination for the Presidency.

PARIS, April 25.—The report of the committee of the Chamber of Deputies, which considered the Panama lottery-loan proposal recommends that permission be immediately given to the company to issue the loan, and express confidence in the early completion of the canal.

MARRIED.

ROSS—HERBERT.—Married, at St. Mary's church, by Very Rev. Wilhelm Haumgartner, O. S. B., Tuesday morning, April 24, 1888, at 7 o'clock, Joseph G. Ross, of Richmond, to Miss Kate Herbert, of Henrico county.

DIED.

CURTIS.—Died, Tuesday morning, April 24, 1888, at 10:30 o'clock, at the residence of his grandfather, John A. Curtis, Aleck, only son of Robert B. and Hattie Camp Curtis, aged three years four months and ten days.

MOONSHINE.—Died, in the city of New York, Rachel Moonshine, a resident of Richmond for many years; aged eighty years.

BURTON.—Died, Wednesday morning, April 25, 1888, at 11 o'clock, at his father's residence, W. O. Burton, Jr., infant son of W. O. and R. Davis Burton, aged six months and eleven days.
