NOTICE.

THE MANAGEMENT OF THE BONANZA WILL CONSIDER IT A FAVOR IF PATRONS OF THE PAPER WILL REFRAIN FROM PURCHASING THE PAPER FROM ANY OF THE CARRIERS, AS THIS IS STRICTLY PROHIBITED. REGULAR CARRIERS HAVE NO AUTHORITY TO SELL PAPERS.

LOSES HIS FOOT STEALING A RIDE

MAN BEATING HIS WAY FALLS UNDER THE WHEELS OF TRAIN.

A Greek, name unknown, was run over by the passenger train at Tonopah Junction yesterday morning, and had his right foot cut off just below the ankle. He was attempting to beat his way on the road and was put off the train at the junction. As the train started up he climbed to the top of the refrigerator car before the brakeman noticed him, and when the brakeman started towards him he climbed down the ladder and attempted to swing from the train, missed his footing and was dragged for a short distance before his foot caught under the wheels. The brakeman saw his plight and rushed to help him, but arrived just a second too late. When the train was stopped the diner was opposite the injured man, and a man and woman who were eating breakfast both fainted at the sight. The Greek was placed aboard the train, brought to Tonopah and taken to the county hospital, where Drs. Cunningham, Mapes and Alexander amputated the foot. Dr. Alexander, who was on the train, made the man as comfortable as possible and used every endeavor to relieve him from pain.

NATIVE SILVER FROM REVEILLE

COMES FROM HIGHLAND PROPERTY AND IS FABULOUSLY RICH.

Mr. and Mrs. Herman Rieschke came in from Reveille yesterday and will leave this morning for the coast. Mr. Rieschke brought in several specimens of high grade native silver ore from the Highland property in that district, one of which he has on exhibition in the window of the Miners drug store. The ore is the pure quill and the values will go high. Mr. Rieschke reports that the leasers on the property from which the ore was extracted have over ten tons sacked ready for shipment.

PERSONAL MENTION

Frank Climm has gone to Oakland to reside.

Al Revert left yesterday morning for Reno.

Mrs. J. A. Jordan is visiting in San Francisco.

Key Pittman has gone to Reno on legal business.

W. C. Russell returned yesterday from Goldfield.

Frank Sawyer came in from Twin Springs yesterday.

Frank Golden came over from Goldfield yesterday.

W. P. Wilson returned from Manhattan yesterday afternoon.

Sam Umis, the popular saloon man of Millers, was in town yesterday on business.

The Misses Ann Jones and Amelia Van Patton leave this morning for a visit to San Francisco.

Deputy Auditor and Recorder H. H. Warburton and L. A. Herring visited Goldfield yesterday.

C. E. Carson has gone to Palo Alto, Cal., to visit his family. He expects to be gone several weeks.

Mrs. J. S. Roberts has returned to Carson City after a short visit with her daughter, Mrs. Phil McGrath.

Postoffice Inspector F. L. Lebo, who has been in town several days, left yesterday morning for Manhattan.

George Swasey returned from Goldfield yesterday, where he had been on official business in connection with the sheriff's office.

J. W. Landquist, wife and children left yesterday morning for Long Beach, Cal., where Mrs. Landquist will spend the summer. Mr. Landquist will return in a few days.

Dr. D. L. Alexander arrived in Tonopah yesterday from Chicago. He will remain here permanently, having associated himself with Dr. Mapes in the practice of medicine. The doctor is an accomplished gentleman and stands high in the ranks of his profession.

MORTALITY AT RAWHIDE IS LOW

BUT THIRTY-FOUR DEATHS SINCE DISCOVERY OF CAMP.

W. W. Booth, who has just returned from Rawhide, says that the reported heavy mortality in that thriving camp is a lie made out of whole cloth and that up to last Monday night the records show that the number of deaths were thirty-four. By comparison with the first year of Tonopah's existence this showing is remarkable, when one stops to consider that Rawhide now has a population of over 9000, and that Tonopah had 2000 the first year. During that time the epidemic carried off sixty.

Mr. Booth also reports everything progressing satisfactorily and that capitalists and investors from the East are coming in daily.

The cement for the reservoir on Balloon Hill, which will supply the town with water is on the ground and the ditches have been dug and the pipe lines laid. The machinery for the electric lighting plant arrived yesterday and men are now employed in putting up poles and stringing the wires. It is expected that the plant will be in operation inside of three weeks.

The Reynolds-Tanner lease on the Poor Boy has a shipment of 225 sacks of rich ore, which they sent out yesterday. They are now talking about putting up a hoist as they cannot get the ore out quick enough, and at the rate at which they are going after it, they will need the hoist about the time they can have it ordered and shipped to the ground.

A great string of people went out to the Regent district Monday to purchase a lease from four waiters, who, at a depth of twenty feet, struck a ledge with enormous values. So rich were the values that they were carrying out the ore in dishpans, not waiting to purchase buckets. They refused a large number of offers for the lease.

A wagon road has been completed to the Royal property and the leasers in that district are now making shipments.

Bovard, a district about eighteen miles due south of Rawhide, is attracting considerable attention. Samples taken from surface ledges go $2000 a ton.

Over fifty cars of freight are now on the siding at Schurz, billed to Rawhide.

CASEY M'DANNEL PICTURE OF HEALTH

SAYS STORY OF HIS BEING QUITE ILL WAS FABRICATION.

J. Casey McDannel was a passenger on yesterday morning's train enroute to Goldfield from Walleys Springs, where he has been recuperating for several weeks. Mr. McDannel looked the picture of perfect health and, standing on the platform of the coach, remarked: "The report that I am a dead one, as published by several dead papers in the State, has been greatly exaggerated. I was slightly ill while at the springs, but it was nothing serious. There is nothing doing for Casey among the dead ones."

Location notices in triplicate—handiest affair for prospectors and miners—contains carbon—150 notices in book. For sale at the Bonanza office.

FOR RENT—3 room house; $15 per month. X. Y. Z., Bonanza. tf

CULINARY ARTIST'S ENTERTAINING TALK

MISS TRACY MAKES CLEAR THE MYSTERIES OF CAKE AND COFFEE MAKING.

The Butler theater was the scene of a very interesting cooking lecture and demonstration yesterday afternoon. Fully one hundred and fifty ladies were in attendance, and much interest and enthusiasm was manifest while Miss Tracy made clear the mysteries of cake and coffee making. Judging from the use of pencil and note book more than the mere formulas were jotted down, for good practical suggestions were given while the little lady deftly put ingredients together, which resulted in delicious sponge cake and palatable "devil's food cake." The gas range certainly is a success when one knows how. The mere striking of a match and no further worry, then your cake is baked. The coffee served yesterday afternoon was certainly delicious. In her talk on good coffee, Miss Tracy says three things are absolutely necessary if you would have an excellent cup, first, good coffee, none but the best; second, freshly ground, that is, ground at home just before using; and third, perfect cleanliness of coffee pot. Allow one heaping tablespoonful of coffee for each cup, and one for the pot. Moisten slightly with egg, or use egg shells for clearing. Add half the quantity of water cold and slowly come to the boiling point, boil one or two minutes, then add remainder of the water boiling. Keep hot, but do not boil. Let it stand ten or fifteen minutes and then serve with cream or hot milk. Next week Miss Tracy will give two lessons, one on Tuesday afternoon and one on Friday. The lesson will begin promptly at 2:30 o'clock. All are invited and each lady is requested to bring a fork so she may sample the good things prepared. The subject of Tuesday's lecture will be "Luncheon Menu," consisting of broiled steak, baking powder biscuits, cream puffs and tea.

ANOTHER RAILROAD HEADS THIS WAY

Information has been received here of a survey which has been commenced for construction of the Nevada Southern, a new railroad line from Twin Falls, Idaho, to Wells.

The Nevada Southern will probably develop to be an extension of the Oregon Short Line. It is believed also that this road will not stop through to Goldfield and Tonopah, routing through this district, under a separate organization, but in reality as a Southern Pacific line.

That the road will come south from Wells is indicated by the name which has been chosen for it, but whether or not such extension is made, this portion of Nevada will benefit much from the construction, being put in direct touch with the wonderful agricultural country which is rapidly being made about Twin Falls and which it is predicted will be made one of the world's largest and choicest garden spots in the next few years. Also the line will give a much shortened route to the timber and agricultural sections of Oregon. Supplies from this quarter must now be hauled either by way of San Francisco or Salt Lake, the detour in either case being long and adding greatly to the cost of materials.—White Pine News.

RAWHIDE RAILWAY RUNNING IN JULY

By the middle of July it will be possible for all who travel to Rawhide to make the entire trip by rail, as the directors of the company have let the contract for the construction work to the California Construction Company and the construction company has agreed to have the roadbed completed, ties and rails all laid so rolling stock can be run over the line by July 15th.

Over fifteen miles of rails and ties have been ordered and are expected to arrive by May 1st. Active work which was begun but a few days ago, will be hurried along until Nevada can boast of another gold mining railway.

The Rawhide Western railway will be twenty-eight miles in length and will have but a one per cent grade, excepting in two short stretches of track, where the grade is less than 2 per cent.—Reno Gazette.
