TRUCKEE-CARSON FAIR

To be held at

Fallon, Churchill Co., Nev., Sept. 20, 21, 22, 1911

THE SOUTHERN PACIFIC

will sell round trip tickets from all points in Nevada at the rate of one and one-third fare for the round trip. Sale dates, Sept. 19, 20, 21, and 22. Return limit, Sept. 24

"RENO DAY," SEPTEMBER 21

This is the FIRST ANNUAL TRUCKEE-CARSON FAIR and arrangements are being made to make the event a grand success.

Exhibits of livestock, produce, machinery, articles of manufacture, vehicle and automobile display, etc. Many attractions in the way of races and games, broncho busting, shows, dances, etc. Purses, prizes or premiums will be given to all winners.

It is expected that the SUGAR FACTORY will be in operation and may be inspected by the public. The LAHONTAN GOVERNMENT DAM, now being constructed, in which there will be used over 800 carloads of cement, may also be visited. These are the two greatest things that Nevada is now developing and mean great things for the entire state.

For further information apply to agents or

District Passenger Agent, 238 Center St., Reno, Nev.

SUGAR FACTORY RAPIDLY NEARING ITS COMPLETION

FORCE OF 150 MEN EMPLOYED AND WORK RUSHED—BEETS ALL THAT IS NEEDED.

Manager Fred Hinze of the Nevada Sugar company was in Reno for a little while this morning between train. He has been spending special days in San Francisco and is now enroute to Fallon. Commenting upon the condition of the big beet sugar institution, he said:

"We have never been in such good shape as we are now. We have all the money we need to complete our original plans, and the big force of 150 men is rushing the work to its finish. What we need most of all is beets. The people back of the factory have done their part. They have obtained the money, built the plant and will soon be in readiness to handle the beets.

"But we need more beets. The farmers are gradually realizing the possibilities of beet culture, but we wish we could do something to make them grasp the situation more rapidly. Of course we have had bad weather conditions to contend with this year. The very late spring, the sudden burst of heat and the conditions in general have been such as to work against a big crop. But even in the face of that, those farmers that have planted beets are going to do well. We can handle the product of 5000 acres planted to beets. We have signed a number of contracts with outside farmers, especially in the Lovelock valley, but by next year Churchill alone ought to supply enough for our factory, which would mean that other plants could be started in the other valleys that prove adapted to beet culture.

"We want Reno to come down to our fair, and while the people from this place are in Fallon we want them to be sure to visit the sugar factory. We want them to see what we have been doing."

MINING MEN ARRIVE.

Fred A. Hazzard of Los Angeles and John C. Charles of San Francisco arrived yesterday. They come to look after the preliminary arrangements for starting work on the Kingston mine, which they have bonded and which they intend to develop on permanent lines.—Austin Reveille.

FRUIT! FRUIT! FRUIT!

picked in the morning, delivered at the express office the next morning; charges paid. Peaches, $1.25 per box; plums and prunes the same; Bartlett pears, 50 pounds, $2.00. Send cash with orders to

Independence, California.

WINGFIELD MILL AT FAIRVIEW IN OPERATION

MILL FORMALLY TURNED OVER TO THE NEVADA HILLS COMPANY.

The Wingfield mill at Fairview was started last Saturday and formally turned over to the company, and the following day commenced making a regular run on ore from the famous Nevada Hills mine, for which purpose it was erected.

Everything worked smoothly and most satisfactory and the twenty stamps are now pounding away on the rich ore. The mill has a capacity of 175 tons per day, the stamps being unusually rapid. It will, however, be a quiet place as only about four men will be employed about the mill itself. There will, of course, be a great many miners employed supplying ore for the mill and there will be a good demand for products from this valley to supply the camp, besides all mill and mine supplies will naturally come through Fallon and make business through the channel that freighting naturally brings.

STOLE TWO SANDWICHES DOPED WITH ARSENIC

SAN FRANCISCO, Sept. 20.—Destitute and hungry, William Murphy entered a local grocery store last night, hoping to purloin something to eat. The proprietor was called to wait on a customer and Murphy seized the opportunity to wolf down two sandwiches that he found on the lunch counter. He was seized with convulsions a few minutes later and was taken to the emergency hospital, where it was found that he was suffering from arsenic poisoning. The sandwiches he had eaten had been prepared to bait a rat trap. Murphy probably will recover.

SERIAL 02208

NOTICE FOR PUBLICATION.

Department of the Interior, U. S. Land Office at Carson City, Nevada, Sept. 15, 1911.

Notice is hereby given that Fred T. Gleason, of Goldfield, Nevada, who, on February 24, 1908, made Homestead Entry No. 02208, for NW¼ SW¼ Sec. 26, N½ SE¼ and SW¼ SE¼, Section 27, Township 1 North, Range 49 East, Mount Diablo Meridian, has filed notice of intention to make final commutation proof, to establish claim to the land above described, before the County Clerk of Nye County, at Tonopah, Nevada, on the 25th day of October, 1911.

Claimant names as witnesses:
John Alfred Bier and James Clifford, of Goldfield, Nevada.
William G. Cook and August Charles Reed, Of Silver Bow (Via Tonopah, Nev.)

LOUIS J. COHN,
Register.

CAPTURED WHILE TRYING TO MAKE HIS ESCAPE

ALLEGED MINA DYNAMITER IS COMBINED AGAINST BY HOLE, DOGS AND TWO JAILERS.

HAWTHORNE, Nev., Sept. 19.—J. E. Valentine, accused of a recent dynamiting outrage at Mina, made a sensational attempt at escape from the county jail here last night, and but for dog assistants to Jailer Leo Grutt, might have been successful. As it is the man is now securely confined in an iron cell, nursing divers painful injuries.

He started work at noon on Saturday loosening one of the stones in the door of his cell. By 2 o'clock Sunday morning he had made an aperture of what seemed sufficient size and prepared for the escape. He first stripped himself of his clothing, throwing the bundle through the hole into the basement. He then prepared to follow.

The fall of the bundle aroused some dogs housed in the basement by Sheriff Grutt, and their barking awakened the sheriff's brother, who is jailer. The latter went to the basement carrying a pump shotgun, and waited for the man to make his appearance. This was delayed for so long a period, however, that he decided to investigate. On reaching Valentine's cell, he found the man in a serious predicament. His head and shoulders were through the hole and his body was firmly wedged in such a manner that he could neither advance nor retreat. One glimpse at the wildly kicking legs was sufficient for the jailer and he hastened to arouse Deputy "Billy" Box.

Their combined efforts were required to secure the release of the prisoner who, when freed, was found to be a mass of cuts and bruises from contact with the rough stones. His toes were bruised and bleeding from attempting to force his body downward through the hole.

DANDELION WINE.

Someone over in Kansas has discovered that a wine made from dandelion will make a farmer kiss the hired girl. "They must be an awfully bashful lot over in Kansas," remarks the Rolla Herald. "There are men in Missouri who will kiss the hired girl without ever taking a drink." The Herald's point may be well taken. However, comma, there are hired girls, and then, there are hired girls!—Observer.
