LAFOLLETTE IS HOT ON TRAIL OF COL. ROOSEVELT

INDICATES THAT HE WILL SUBJECT ROUGH RIDER'S RECORD TO CLOSE SCRUTINY.

MADISON, Wis., March 9.—Senator Robert M. La Follette, in a statement here yesterday, broke silence on the presidential candidacy of Colonel Roosevelt by the declaration that "in the presence of great problems personal attacks on candidates should have no place."

That La Follette, however, will subject Colonel Roosevelt's public record to close scrutiny is indicated in a statement.

The statement was called forth by reports in some newspapers that Col. Roosevelt had urged La Follette as "the ideal man to make the fight against Taft."

"It is not a matter of great importance to the public why I became a candidate," the statement said.

GOOD PROGRAM AT THE BUTLER

It so happened that today the Butler theater program contains another of Pathe's Weekly films of current events. This one shows the annual rose carnival at Pasadena, Cal., together with the chariot races, aviation meet, etc. The result of the zero weather in and around New York City, also several views portraying the late winter and early spring millinery displays, direct from Paris. "Billy's Strateegem" depicts a frontier family in their stockade home enjoying the simple life that such an existence induces.

"Bunny and the Twins" is the title of a Vitagraph comedy, in which the old favorite, John Bunny, plays a leading role. This time as an ardent suitor. "Two Convicted Brothers" is a story of prison life of two brothers who are pardoned the same day. It is full of dramatic situations throughout and well portrayed.

Tomorrow's program contains the following subjects: "A Trip of One Thousand Miles Through the Rockies," a travelogue of exceptional interest; "Love of John Ruskin," a drama, and a Biograph comedy entitled "A Near Tragedy," a combination that will please everyone.

WILL RECLAIM MUCH LAND IN THIS STATE

HEAD OF BIG RECLAMATION PROJECT IN NORTHERN COUNTY VISITING.

RENO, Nev., March 9.—Captain Johnson of Seattle, who is at the head of a big reclamation project in northern Washoe county, is spending a few days in Reno.

Without giving his proposition any publicity he has driven a long tunnel through a hill to Massacre lake, constructed a distribution system and built a reservoir that will contain 20,000 acre feet. The water will be turned through the tunnel in about 60 days.

Last summer about 20 settlers homesteaded land under the ditch system and will utilize the waters this season. A large number of additional settlers will come in the spring. The reclamation project is situated about 20 miles north of where thee Indian massacre occurred a little over a year ago.

CORINTO, Nicaragua, March 9.—Secretary Knox and party arrived here at 3:30 o'clock yesterday afternoon. The special train carrying the Americans left Managua at 10 o'clock in the morning. It was preceded by a pilot train and followed by another train, on each of which was a strong guard of soldiers, the precautions being similar to those taken on the journey from Corinto to the capitol.

The trip was made without incident, the secretary boarding the cruiser Maryland, which proceeded last night for Amapala, Honduras.

STRONG STOCK MARKET.

Today's stock sales on all of the exchanges are active and large in numbers. The stock exchanges on Saturday have only one call, and that in the forenoon. It is beginning to look like the palmy days again. The Tonopah stocks are in demand with the buyers, as the properties here are all gilt edge ones, and only legitimate mining is carried on. West End, Montana, Jim Butler and Tonopah Extension, are the live wires today.

BERLIN, March 9.—Emperor William, who is known to be intensely interested in the Panama canal, has invited Lieutenant Goethals to luncheon March 10. NORWEGIAN HAS DISCOVERED THE SOUTH POLE

MAN WHO FOUND NORTHWEST PASSAGE PLANTS NORWEGIAN FLAG FARTHEST SOUTH.

CHRISTIANA, Norway, March 9.—Two local newspapers yesterday received dispatches from Captain Roald Amundsen, announcing that he reached the South Pole on December 14, 1911. The dispatches were sent from Hobart, Tasmania, where Amundsen arrived yesterday.

The dispatches read: "Pole reached fourteenth-seventeenth December."

This evidently means that he remained three days in the vicinity of the pole, probably for the purpose of taking accurate observations as to his position.

Norway Is Rejoicing.

Rejoicings over Captain Amundsen's success in reaching the South Pole are widespread over Norway. The feeling was voiced in the Storthing by the president, Frederik Konow, who said, amid cheers from the members:

"We cannot begin our day's work without expressing our thankful joy and admiration and pride with which we are filled by the news that Captain Roald Amundsen and his comrades have reached the south pole and planted the Norwegian flag there.

"We are proud in the thought that these men are our fellow countrymen and that they have once more succeeded in covering the name of Norway with glory."

The Storthing then telegraphed its greetings and thanks to Captain Amundsen at Hobart, Tasmania.
