MILLIONAIRE SENT TO INSANE ASYLUM

JOSIAH S. HOWELL, PROMINENT REALTY BROKER, INMATE OF ASYLUM.

SAN FRANCISCO, Sept. 19.—Since September 3 Josiah S. Howell, well-known realty broker of the firm of Baldwin & Howell, has been an inmate of the insane asylum at Agnew, Santa Clara county. The news of his commitment, which will come as a distinct surprise to the business world as well as to many members of local society, was revealed today when an application was made for letters of guardianship by Mrs. Lucretia Dorlan Howell, wife of the broker, who believes to be placed in charge of his enormous estate. Mrs. Howell resides at the Fairmont hotel. She states in her petition that the only other relative of Howell is a sister, Mrs. Flora Brauer, of 302 Bush street.

Howell is one of the best known realty experts in this city. He many years he has been a senior partner in the firm which carries his name. A man of lot of years, he has always been looked upon as a clear thinker and an expert appraiser of land values. For some time it is understood the mind has been slipping and with the utmost secrecy the fact of this sorrow he was committed to the insanity commission. The alienists decided that it was best for him to be taken to an institution and yesterday Superior Judge Hunt signed the commitment.

RETURN TO PARIS IS THE OPTIMISTIC FRENCH FORECAST

ALLIED FORCES ARE SUFFERING HEAVY LOSS BUT HOLDING THE UPPER HAND

(By Associated Press Service.)

BORDEAUX, Sept. 19.—Minister of War Millerand admitted today that the allied French and British forces are suffering heavy losses in their conflict with the Germans, but he claimed the situation at the front was highly favorable. When he returned to his office after a secret trip to Paris, he declined to make any comment on the journey. "Everything is favorable to our cause," he said. "We are suffering severely indeed, but the Germans have more, for our artillery is superior to that of the enemy. I can state we have no anxiety as to the outcome. The battle of our troops is excellent and there is no reason why the government should not return to Paris in a very short time."

REPUBLICANS SMASH THE OLD PORK BARL

ADMINISTRATION FORCED TO MAKE CONCESSIONS IN INTEREST OF ECONOMY.

(By Associated Press.)

WASHINGTON, Sept. 19.—The day and night fight over the river and harbor bill in the senate showed signs of a break with victory for the filibustering Republicans when a Democratic caucus the president favored abandoning the bill and substituting a new resolution appropriating $15,000,000 to continue only projects under way.

CHANCE FOR CEMENT MAKERS IN THE UNITED STATES

American manufacturers have not yet made the most of their opportunities to establish greater export trade, according to George Otis Smith, in Bulletin 260 of the United States geological survey. Statistics show that the export of cement from England, Germany, Belgium and France per year have been considerably greater than those from the United States, for have been a much higher ratio to the production in these countries. The quantity of cement exported by France in recent years is estimated to have reached at least 22 per cent of her production, and that of Germany about 17 per cent. There are few cement plants in South American countries, and in the past these countries have been supplied mainly from Europe. There is evidently an opportunity now for the cement industry of the United States to secure the trade.

IMPURITIES OF SALT.

Common salt continues to be imported in considerable quantity, more than a million barrels coming in at Atlantic ports last year, according to the United States geological survey. The country is amply able, however, to supply the entire home demand, as the capacity of its salt mines and works is in excess of the present output. The imports last year were only 3.2 per cent of the total consumption, whereas in 1890 the percentage was 27.2.

There will be a meeting of the Tonopah National Rifle Club at the office of J. G. Crowley, Sept. 22, at 8 p. m. All members and all parties interested in the promotion of rifle practice are requested to be present. Under the 1914 law national rifle clubs get rifles and ammunition free. There are also other advantages that will be discussed at the meeting. Everybody come and our club will be the club of Nevada.

RICHARD J. G. CROWLEY, President.

HUNDRED STRIKE AT DEPTH ON GOLDFIELD CONSOLIDATED

A report from Goldfield stated that a big strike had been made in the lowest workings of the Goldfield Consolidated by which a big body of high grade had been opened.

"Yes," said the Kansas farmer. "The best war ever in Europe is certainly a terrible thing. How high do you expect the price of wheat will go by Christmas?"—Kansas City Journal.

Just how weird that story of the miner's intention of seeking refuge in Alaska is depends on developments of the coming several months.—Newark News.
