AMUSEMENTS

NORMA TALMADGE AT THE BUTLER TODAY

In "The Passion Flower," Norma Talmadge will be seen at the Butler today in what is declared to be the most impressive starring vehicle that has yet been given her. The story is the work of Jacinto Benavente, who is acclaimed as the greatest living dramatist of Spain today. It was immediately popular in New York as a season with Nazimova in the role of "Rosamunda," the role in which Norma Talmadge will appear as "Acacia," the daughter in the picture version. She is said to have created one of the finest roles of her entire career. "The Passion Flower" is a tale of Spanish aristocratic life in which love, jealousy and tragedy figure. Miss Talmadge has long awaited an opportunity to play in a Spanish role. Courtney Foote and Ian Keith appear in Miss Talmadge's leading men. The production is in seven reels and is a First National attraction, and one of the most pictures in which Norma Talmadge has ever been seen. Added to the program will be a surprise [illegible] "Punch of the Law."

"The Girl of Rex Beach" is a Alaska story. The Girl From [illegible] is one of the best pictures ever shown here.

Coming Monday, "Miss Women," a big picture with Doris Kenyon in the leading role.

PROMINENT NEVADA COUPLE MARRIED AT NATIONAL CAPITAL

Special to The Bonanza

WASHINGTON, D. C., Aug. 5.—A [illegible] of Nevada people was celebrated Wednesday evening, July 27, at the home of Senator and Mrs. [illegible] in Washington. Harry R. Warren of Ashville and Miss Alice N. Salisbury of Reno were the contracting parties, Judge Shoup Montgomery officiating in the house of representatives [illegible] the ceremony. The [illegible] was prettily decorated, potted palms forming a wedding bower in the drawing room. Mr. and Mrs. E. H. [illegible] of Washington acted as best man and matron of honor. The bride, [illegible] one of whom is Miss Salisbury's [illegible] Mr. Ashville, and Dr. and Mrs. C. D. Ayres of Nevada were among the guests. After the ceremony the guests served refreshments.

[illegible] Warren is well known in Washington and Nevada, he is a son of [illegible] and Mrs. Warren of Ashville, and a graduate of the University of Nevada. [illegible] Mrs. Warren is a daughter of Mr. and Mrs. [illegible] of Reno. [illegible] Mr. Warren's invention promising so many possibilities [illegible] to remain at Washington until the work is finished. Arrangements were made accordingly for Miss Salisbury to make the journey from Nevada.

Mr. and Mrs. Warren plan to remain at the Continental hotel here until all necessary patents have been secured. Then they will return to Nevada, where the groom will settle up his ranching affairs prior to putting his first machine in operation in a coal house at Kansas City. He has received flattering offers from seed men of Ogden, St. Louis, Chicago and Milwaukee. Condemned and worthless seeds have been brought to Washington for experimentation, and have been thoroughly separated. Some idea of the economic importance of this new and apparently successful invention may be gained from the statement that there is now in United States warehouses $100,000,000 worth of condemned seed, and that the government annually burns 5,000,000 pounds of seeds which would be worth from 10 to 40 cents a pound could they be purified.
