DREADNOUGHTS WILL RACE FOR SAN FRANCISCO

(By Associated Press)

BREMERTON, Wash., Aug. 22.—Five dreadnoughts of the Pacific fleet, the New Mexico, Idaho, Texas, Mississippi and New York, leave Puget Sound navy yard here about August 22 on their annual full power, endurance and smoke prevention trials in a spirited race to San Francisco.

On the race all machinery will be tested to its maximum to see if it will stand the demands of war service and also to train the engine room crews in steaming at high sustained speed. The trial is expected to bring forth the keenest rivalry between the crews of the ships.

The competition between these big ships of war will be in part for the trophy given by the navy department each year in the engineering competition for the best record in fuel operating efficiency and in the annual speed trials. In this competition, standard penalties for casualties to machinery, uneconomical operating and the 10% are applied.

CAPITALISM IS NOW RECEIVING RUSSIAN FAVOR

(By Associated Press)

RIGA, Aug. 22.—Leon Trotsky, the Bolshevik war minister in Russia, attributed the return to the free states comprising the former provinces of the main instrumentality of Moscow the assistance and education of the men of the former leaders who are creating a proper measure of capitalism in Russia while advocating, in speeches to the intermediate the abolition of capital elsewhere.

The Pravda quotes Trotsky as saying that compromises with capitalism were justified in Russia by the appearance of the proletariat not been firmly established there but that no compromises were allowable to Reds attempting to bring about revolution elsewhere.
