BIRMINGHAM, Ala., Aug. 26.—Being in the custody of Peoria, Illinois, where the local authorities [illegible] a suspicious person, Pedro Hernandez, whose marriage to the young stepdaughter is [illegible] in the killing of Father Amadeus, a Catholic priest, Rev. Father, Rev.

(By Associated Press)

Pedro Hernandez, the Peoria police [illegible] first wife was found [illegible] was found in a shack they [illegible] Lassiter Inn. [illegible] murdered.

X-RAY SHOWS THAT FEMUR BONE INJURED

[illegible] Monday [illegible] suffered a fracture [illegible] three inches [illegible] in a cast, arranged care of [illegible] gentlemen, [illegible] by the [illegible] friends [illegible] the hope that [illegible] recovery, although some time before [illegible] owing to his [illegible]

[illegible] is everything

DIVIDEND HAS CUT RICH VEIN OF HIGH GRADE

The Dividend property in the Divide is making an exceptional ore showing, and it is evident that it will shortly be entered among the list of substantial producers of that district. Official reports that have just been given out are to the effect that the extension of the Divide Extension ledge has been picked up on both the 100 and 200 levels and that high-grade ore is showing in both workings.

Announcement was made some two weeks ago in this paper that the Extension ledge had been picked up on the 100 level and that the vein matter was badly broken up, but that high gold and silver values were in evidence. Since then the drift has been extended for 12 feet, and assays show values of from $10 to $[illegible] a ton. The showing on the second level is more pronounced and values running as high as $400 a ton are reported. No drifting has yet been performed, development at present manifested levels on the east vein.

On the upper level the ore was encountered in two separate places, the crosscuts being about 70 feet apart. Surveys indicate that the vein has been struck and that Hall, the efficient superintendent, desiring to expose the ground in question so that he is pressed with the results that the Extension ledge was picked up on the 100 level, to the southwest of the shaft. Work was then centered in crosscut No. 1 and the same ore shoot was encountered, persistent in the same at the first round of holes.

MINERAL POWER LINE NOW NEAR ITS COMPLETION

Excellent headway is being made in the construction of the new Mineral county electric power line which is being extended from Hawthorne to Luning and Mina and on to the Simon Silver-Lead mine. The poles have been dug and the Mineral county caterpillar is delivering poles between Mina and the Simon silver-lead property. Two wagons heavily laden are hauled on each trip, the footmen equalling one-half carload each trip. If no great delay is encountered in the delivery of the insulators, which have been shipped from the east, the power line will be ready to receive electric current by October 1. The wire and crossarms are now on the ground and with the new line ready to receive electricity, the plant for the treatment of the Simon silver-lead mine will be brought into operation by October 1.

In the delivery of poles the big caterpillar has carried a scraper and a road has been constructed the entire distance between Hawthorne and the Simon silver-lead mine.

RAISES EXPLOITING GREAT WHITE CAPS

The White Caps mine of Belmont is being exploited in a systematic manner through a system of raises that have been started by Superintendent Taylor. Drifting has temporarily been suspended on the 500 and 600 levels and raises are being carried. The raise from the 500 level is designed to intercept the ore shoot in its continuation from the 500 level and it is expected that the objective will be reached within a comparatively short distance. In carrying the raise from the 500 level the west orebody is being followed, while on the 600 level drifting is being prosecuted to the west.

DOG POISONERS ARE AT DASTARDLY WORK

Some person or persons without sense of humor or decency declared death to canines in Tonopah. A number of complaints have been filed by dog owners residing in the town that their pets through poisoning administered by unknown parties. Investigation has been started by the proper authorities and in case the guilty ones are apprehended they will be prosecuted to the full extent of the law. The officers have a number of clues to work upon and it is more than likely that those guilty will shortly be called to account.

There probably is some interest in Washington as to just how far a private citizen will be able to go in entertaining some of the delegates to the conference.

TERRORISM IN BUILDING RAILROADS IS PRACTICED

(By Associated Press)

BUCHAREST, Aug. 26.—Signs have been found laid in the right of way of King Ferdinand's projected railroad line to Paris, ready to blow up the locomotive. The authorities are [illegible] their campaign against terrorism have arrested a number of persons in connection with the [illegible]

LICENSES AWARDED HOIST ENGINEERS

Seventeen hoist engineers were given licenses following the last examination held at the court house in Tonopah by the new examining board. At the first examination 15 licenses were issued, which makes the total number now issued 32. The following were declared entitled to operate as a result of the last test:

General: Jesse L. Simmons and F. M. Windsor.

[illegible] as J. G. Crumley [illegible] with the old North Divide company was the cause of the [illegible] amount of said stock to the people of Tonopah and vicinity. [illegible] offered to sell to the [illegible] stockholders of North Divide and North Divide Extension stock for [illegible] share, the amount of North Divide stock that will be [illegible] and the history of same in each [illegible] must be passed on by J. G. Crumley. All money derived in this way to be used for development purposes. Call on or communicate with North Divide Extension Mining Company or J. G. Crumley, Esq., Main Street, Tonopah, Nevada. If [illegible] above offer will be withdrawn Sept. 15, 1921.

J. G. CRUMLEY,
North Divide Extension Mining Co.
By R. W. PURDY,
Secretary.

AUG 8-19

THE first thing you want in foods and the all important thing is purity.

Foods should be nourishing. That's what they are for—to build up strong, sturdy bodies.

Calumet Baking Powder is pure in the can. It is made in the most modern baking powder plant on earth—and it contains no ingredients as have been officially objected by United States Food Authorities.

It's purity in the baking. Calumet costs less to produce the most palatable of [illegible] foods.

It lasts longer than the ordinary leavening strength. You use less of it. That's why it is the most economical of all leaveners.

Another reason is—it is sold at a moderate price—you save when you buy it.

Pound can of Calumet contains full 16 ounces. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Waffle Recipe

2½ cups sifted pastry flour, 3 level teaspoons Calumet Baking Powder, ½ teaspoon salt, 1½ cups milk, 1 tablespoon sugar, 2 tablespoons of melted butter, 2 eggs beaten separately. Then mix in the regular way.

Come on along!
Fill up your makin's papers with P. A.

Greatest sport you know to pull out your makin's papers and some Prince Albert and roll up a cigarette! That's because P. A. is so delightfully good and refreshing in a cigarette—just like it is in a jimmy pipe! You never seem to get your fill — P. A.'s so joy'usly friendly and appetizing.

Prince Albert will be a revelation to your taste! No other tobacco at any price is in its class! And, it rolls up easily because it's crimp cut and it stays put.

It's the best bet you ever laid that you'll like Prince Albert better than any cigarette you ever rolled!

And listen! If you have a jimmy pipe hankering—by all means know what Prince Albert can do for you! It's a revelation in a pipe as well as in a cigarette! P. A. can't bite or parch. Both are cut out by our exclusive patented process.
