

Fly Time Here

Flies are great spreaders of disease. Keep them out of your house and away from the dining table. The best way to do this is by using our Screen Doors and Windows.

The Fruit Season

is here, and of course you will put up a lot of fruit. We have the improved Mason Jars, with Porcelain lined tops, in quart and half gallon sizes. Also have the extra porcelain lined tops and extra rubbers.

Look in Display Window

You will see in there a lot of good Crockeryware and some Lamps. This is all good stuff, but we need the room, and will sell for less than cost. Everything marked in plain figures and price cards are on all the various articles. Even if they are not needed right now, it will pay the good housewife to buy up a lot of this ware, at the price we have put on it, and keep it until it is needed.

No matter what you want, don't think you can't get it, just call on

The Pickens Hardware Company.

Now is the Time.

Now is the time of year to watch your KIDNEYS. Many diseases can be warded off if you keep them right, such as Bright's Disease, Rheumatism, Typhoid Fever and Malaria.

Hallum's Backache and Kidney Pills

stand at the top of the list of all such medicine on the market today.

We have cores of testimonials we could give you from people you know. But if you do not know us well enough to take our word for it, all we ask is that you give

Hallum's Backache and Kidney Pills

a trial, and if they do not give you satisfaction come back and ask for your money back and you will get it. It is here for you and we want you to have it.

The County Executive Committee hereby gives notice that blank pledges can be had from A. J. Boggs, Clerk of Court, which pledges must be signed and filed and the above assessments must be paid to the Chairman of the Executive Committee, I. M. Mauldin, by noon of Friday, July 15th, 1910 under the rules of the Democratic party. Such candidates as do not file their pledge and pay their assessment within the above stated time will be barred from entering the primary election. This provision applies also to all candidates for Magistrate in every township in the county.

On motion, the Chairman of the Committee was authorized to act for the Committee upon any and all matters that may arise between this date and the date of the first election, and his decisions and actions are approved and ratified,

I. M. Mauldin,
Chn. Co. Ex. Com.

One of the managers from each precinct will please see to it that some one call upon the Chairman of the Executive Committee for boxes and necessary tickets a few days before the election.

The Good Roads Movement.

Editor Sentinel Journal:—I wish to congratulate you on the work your paper is doing for good roads in South Carolina. I am pleased to note that there has been inaugurated a statewide campaign in the interest of better highways and that your paper is among those interested in the movement.

Until recent years there has been but little attention paid to the building of good roads in this State. About fifteen years ago the South Carolina Good Roads Association was formed and we at once began a campaign in the interest of better highways in this State. The matter was brought to the attention of the various county officers and especially the county supervisors and boards of commissioners, who co-operated with the association in this work. At first we met with many obstacles but gradually the people have come to realize what good roads mean to the development of the State.

With the coming of the automobile improved highways are more necessary than ever. Automobiles in this State are owned by every class of citizenship, including the farmer, merchant, professional men, and in fact all who are interested in South Carolina's development.

I am glad to see that your paper has become actively interested in this matter of good roads and that you are co-operating with other papers of the State in a systematic campaign for better highways.

There is no State that is making more progress along all lines than is South Carolina. As good roads develop, better schools will be built in the rural districts, for good roads and schools naturally go together.

Assuring you that the South Carolina Good Roads Association will do all in its power to aid you in this work and trusting that the good roads campaign will be one of education and upbuilding, I am,

Yours truly,
F. H. Hyatt,
President South Carolina Good Roads Association.

Dots From Poplar Springs.

Dear Old Sentinel-Journal:—News is scarce over here but will give you a few dots.

The grain crop turned out better than was expected at one time.

Capt. A. H. Ellison made 96 bushels of oats on an acre of land. Capt. Ellison is one of Oconee county's best farmers. He also made about 75 bushels of corn on one acre last year.

Brother farmers, why can't some of the rest of us do likewise!

One other neighbor, Jackson Moore, made about 800 bushels of grain. He only operates a two-horse farm.

That is the way to get at it. Raise plenty feed stuff at home.

Mr. W. B. Graveley died at the home of his nephew, Waddy B. Youngblood, near Westminster, on the 25th of June, and was buried at Poplar on the day following his death.

Mr. Graveley was born in Pickens county, on the headwaters of Oolenoy and has resided there during his life except for the last five years. He was a good, upright and honest citizen. Mr. Graveley was a bachelor.

Mr. W. B. Youngblood has been in this county four years and has lost six of his family, and now his uncle, W. B. Graveley. Mr. Youngblood has our deepest sympathy.

We are having plenty of rain. The plow hasn't been moved in two weeks. General Green is visible most anywhere you go.

Corn is looking very well where it has been brushed out.

Cotton is four weeks late and the gloomiest prospect I ever saw for the time of year.

We understand that Mrs. Joe Murphree, of Pickens, has purchased land near Walhalla. We welcome her in our midst. There is room for more that wants to follow.

Mr. G. A. Lynch and family are anticipating a trip to Bald Knob very soon to visit home folks.

The heavy rains of the spring and summer has got some of our best farmers Georgia and Oklahoma struck.

Mr. Editor, as Dreamer got on my toes, I will try and send in my dues very soon.

Correspondents, wake up, and give us the news from all parts of the county.

Wishing the old S.-J. and its many readers much success.

Owl.

The Farmers Union Bank and Trust company of Orangeburg opened its doors for business on Friday. This is Orangeburg's sixth bank.

A Word to Baptist Pastors.

Brethren, you are the leaders of the people among whom you labor. Your flocks know your voice and they will hear and heed that voice when they would neither hear or heed the voice of a stranger. Since this is true, when any institution needs the hearty support and the financial aid of your people, you are the one, by virtue of your position, to most easily secure such help.

The Baptist Academy at Six Mile belongs to and is absolutely controlled by the Baptists of the Pickens, Piedmont and Twelve Mile River Associations. The work on the building is moving along at a decidedly encouraging rate, but we need about two thousand more dollars. Pastors you know who in your congregated has that money and who ought to give it to this cause.

Kindly lend us your support by sending the school a good contribution from each of your churches. V. E. Rector, the financial agent and also the principal of your school, will gladly present the work to any church desiring his services. Send all contributions to V. E. Rector, Pickens, S. C.

From Off The Eastatooe.

Mr. Editor: Will you allow space in your valuable paper to say a few words about the road question.

The roads in this section have not been worked in over a year and are in an awful bad shape. The majority of the men have paid their one dollar and a half, so that they will not have to work, and the scrape has not come around yet. We need a better road law, one that will raise more money, or go back to the old way of working all able-bodied men eight days.

I am in favor of issuing bonds to raise money to build four main roads out of Pickens in four different directions and to make them so that they will be everlasting. This would benefit nearly everybody and the expense would be as nothing compared to the benefits accruing.

I had rather pay five dollars a year taxes and have good roads than to have put up with such as we have.

Corn in this section is looking fine and cotton growing fast but is going to be late.

Mrs. H. J. Lewis, who has been sick for several months, is getting better.

The Rev. Mr. Walker will begin a series of meetings at Mountain Grove church on the third Sunday in July.

Simon Slick.

Card of Thanks.

Being unable to express to each of our friends personally, the gratitude that fills our hearts for the extreme sympathy and love that was shown us by them during the illness and death of our little baby girl, we take this method of extending to all a measure of the love that fills our hearts and gratitude to those who ministered unto us and "wept with those who wept." It is our wish that should like-deep affliction come to any of those kind friends that they may find such kind, tender, loving sympathy to cheer them on the pathway that grows dark.

Friends, you have our most profound gratitude and esteem. May He who heeds even the sparrows' fall extend to you such measures of His grace that when such afflictions overtake you that you may be sustained through them.

Mr. and Mrs. W. A. Thomas.
