MINERS SEARCH FOR NEW USES HELP COPPER

(By Associated Press)

BISBEE, Ariz., Sept. 23.—If you can't find a market for your product, make one. This is the underlying principle of a new voluntary organization recently formed in the Arizona copper district.

The purpose of the organization is to create new uses for copper so that the surplus now on the market may be cleaned up and a demand created for the ore still underground.

CUTTER HEARD FROM IN MATTER OF TRAIN

M. B. Cutter, president of the Tonopah & Goldfield Railroad company, through his secretary, William F. Henshaw, has acknowledged the receipt of the telegram sent by J. G. Crumley, asking for a reinstatement of Sunday train service between Tonopah and Mina. He states that Mr. Cutter will be in his Philadelphia office on next Monday, at which time the matter will be called to his attention.

SCHOOL BOARD NOT CONSULTED NEW BUILDING

The idea of constructing a new $40,000 school building in Tonopah has never received any serious consideration whatever by the board of trustees of the Tonopah district, and the published report that such is contemplated is all bunk.

In the event it becomes necessary to provide an additional building to cost $10,000 or any other sum, it would be necessary to call a mass meeting of the taxpayers for approval and make some provision for the calling of a special election to vote upon the issuance of bonds to cover the costs incurred.

At the present time the schools are taking care of the children and pupils enrolled, although some of the grades are taxed. However, this matter can be handled, even though it becomes necessary to rent a building for an additional room and provide an extra teacher.

It was stated officially this morning that the idea of constructing a new building has been given thought, and that the matter of providing for a place for the children of school age will be met in the proper way. The new school building heralded in the morning sheet has never been discussed in a trustees' meeting.

PALESTINE HAS LOST GREATLY IN POPULATION

(By Associated Press)

LONDON, Sept. 23.—There are now barely 700,000 people in Palestine, a population much less than that of Galilee alone in the time of Christ, says Sir Herbert Samuel, the British high commissioner here, in a report just made public.

Ten thousand immigrants arrived in Palestine in the seven months between 1920 and May, 1921, he reports.

Sir Samuel attributes the scarcity of the population to lack of development.

BANKERS PLAN YOSEMITE TOUR AFTER SESSION

(By Associated Press)

YOSEMITE, Cal., Sept. 23.—Bankers of New York and Boston, while in California attending the national convention of the American Bankers' association at Los Angeles, will make a tour of the state late this month, it was announced here recently. The Yosemite National park will be one of the points visited.

Special efforts will be made to impress upon the bankers that the Yosemite park is the only scenic national park open to tourists the year round.

MINIATURE PLANES MAKE FINE EXHIBIT

(By Associated Press)

HONOLULU, T. H., Sept. 23.—A miniature "plane vs. battleship" test was conducted here recently by army aviators stationed at Lake field when the aviation detachment of the Hawaiian department of the army was reviewed by Major General Charles P. Summerall, the commanding officer.

AMUSEMENTS

CROOK COMEDY AT THE BUTLER TODAY

Real flesh and blood spooks have their inning in "Straight Is the Way," a delightful Paramount Cosmopolitan picture which will be shown at the Butler today. The story deals with the operations of two New York crooks who go to a small town on Long Island and accidentally learn that Aunt Mehitable and her niece Dorcas are in the grip of a loan shark who is about to foreclose a mortgage he holds on their home. How they circumvent him by beating a treasure for the two women and how they are reformed makes a delightful story. It is a satirical comedy based on the ouija board craze and the story is one of mystery, thrills and love, fairly sparkling from beginning to end, and its humor at times is delicious.

Matt Moore and George Parsons are the crooks and the two women characters are portrayed by Gladys Leslie and Mabel Bert. It is adapted from the story by Ethel Watts Mumford.

Added to the program will be Screen Snapshots, giving a peep into the private and professional life of Genuine Film stars.

Tomorrow, Douglas MacLean in "The Home Stretch," a thrilling romance of love and turf, and a Christie Wash Season comedy.

ASKS LABOR APPROVE WORLD DISARMAMENT

(By Associated Press)

WASHINGTON, D. C., Sept. 23.—Labor organizations of France, Italy and Japan are asked to join in world-wide demonstrations for disarmament on Armistice day, when the conference convenes, in cablegrams sent out by Samuel Gompers.

REED DISTRICT SECURES COMPETENT SCHOOLTEACHER

Miss Jessie Allison, former teacher in the public schools at Willcox, Arizona, is an arrival in Tonopah. Miss Allison has been engaged to teach in the Reed district school at the cattle ranch of the D. K. Reed company, Smoky range of Nye county. She assumes her new duties on Monday, and the school starts off with six pupils. Miss Allison is a graduate of the Michigan State Normal and comes here highly recommended.
