DEPUTY SHERIFF BADLY MAULS A FORMER OFFICER

Late evening of [illegible] the excitement was [illegible] shown by the assault [illegible] Sheriff O. H. [illegible] Turner, a former [illegible] police force. What [illegible] assault is only a matter [illegible] by the citizens of [illegible] In an interview with [illegible] evening he stated [illegible] that he was [illegible] of the Pierce drug [illegible] back to a party who [illegible] and upon turning [illegible] who had spoken, he was [illegible] the head and felled [illegible] while lying prone [illegible] kicking the face and head by Jack Smith. About this time Jack Grant, deputy sheriff of Esmeralda county, with the [illegible] delivered, and rushed to the assistance of Turner and helped him to his feet. Turner was badly bruised about the head, one [illegible] knocked out. The people who had congregated were in an ugly mood following the assault, and it seemed for a few moments that serious trouble would result, but cooler heads prevailed and quiet was restored. At the time of the assault Smith was accompanied by Roy Gillan, an ex-officer, but now out of official employment.

Turner stated he made no move to draw a gun, as the time that intervened between his being addressed and receiving the blow that felled him was too short to even allow him to put his hand in a pocket. He says he will not have Smith arrested, and what the outcome of this feud between the two men will be remains to be seen.

YOUNG MEN ARE HELD ON CHARGE OF MURDER

(By Associated Press)

LOS ANGELES, Cal., Sept. 29.—Vincent M. Parrell, aged 22 years, and Winfred Strike, 21 years old, were arrested here today, suspected of the murder of Dr. Joseph F. [illegible] and Myron George [illegible], whose bodies were found in the wreckage of an automobile in the southwestern part of Los Angeles on April 25 last. An inquest verdict of double suicide was rendered after a three-day investigation of the Durand-McCauley case, but relatives of both men declined to accept the declaring there was no reason for the men to kill themselves.

GOLDFIELD MEN BUY PROPERTY AT HORNSILVER

Another deal has just been completed at Hornsilver whereby J. K. [illegible], Ben Gill and W. E. Sirbeck have taken title to the well-known [illegible] Stay Fraction lodes. The fact [illegible] has just been made. This deal has been pending for some time and it was only after the last payment had been made and the title had changed hands that any information regarding it was made public.

The property shows regular picture rock. In the 100-foot shaft the vein is exposed over 4 feet wide, the attractive feature of the property being that this vein bears the lime formation" at right angles, showing that it is stronger than the country rock. This condition makes for persistency in ore deposition.

The north and south cross-veins of the Hornsilver district, while not so important in themselves, running with the formation as fills, yet are very important in that they make rich oreshoots when they join the main vein system. That the easterly and westerly veins are the mine makers of the district is now proved beyond any doubt by the big orebody of the now famous Orleans mine, which is 3000 feet northeast of the May ground.

Just what the plans of the new owners are have not been made public, nor has the price that was paid been announced, but it is understood to run into four figures.

This is the fifth deal that has been made by local people since the Orleans was transferred to the new owners, and all deals so far have been made on the merits of the properties, and not their location.—Goldfield Tribune

NEW YORK STARTS UP BREAD LINE IN BOWERY

(By Associated Press)

NEW YORK, Sept. 29.—New Yorkers have been for some time the beneficiaries of the soup kitchen of St. Mark's in the bowery. It opened last night under direction of Dr. William B. Guthrie, rector, and as a result of conferences last week with Urbain Ledoux, champion of the unemployed. About 600 were fed.

Dormitories have been opened in churches, and about 150 persons sleep there that night. Despite the opening of the bread line and chapel sleeping quarters, members of the Industrial Aid Bureau, established to help the unemployed, indicated that unemployment conditions now have been alleviated. This is pointed out by municipal lodging houses and other agencies where persons may get food and shelter in exchange for each hour's work, were running far below capacity.

RICH OREBODY DISCOVERED IN HARMONY MINE

Mining observations are now centered on the property of the Nevada Harmony Mines company, situated about four miles east of Winnemucca, where development work is in progress. For some time sinking has been going on and the main working shaft, which is opening one of the veins there at depth, is down over 190 feet and is now penetrating a very rich body of ore. The ore is five feet thick in the bottom of the shaft and it is believed by those working there that the whole five feet will assay $75 in silver and gold. The showing of copper values is not as great as in the ore at the [illegible] foot point. From the surface down the shaft has been in ore, but at no time has it been as rich as under the present development, that is, when quantity is taken into consideration. The new bonanza being opened seems to have the south end up, for it is getting bigger as depth is attained.

The Nevada Harmony Mines company undoubtedly has a wonderful estate, for the present development is only proving one of the numerous veins that traverse the estate. There are good showings in a large number of openings on the property.

George D. Williams, general manager of the property, arrived last Saturday from Washington, D. C., and had been away from the workings for several months, but has come back now to promote development work on a much greater scale. He stated that it was his aim to push the shaft down to the 300-foot point and then start drifts in both directions into the orebody. Even at the present depth the property is considered one of the big mining estates of Nevada. The present equipment consists of a hoist, Cameron pump, compressor and air drills, and has good buildings for all purposes. The property is within easy access from the city over a good road and there is plenty of water for the milling of the ores.—Humboldt Star.

ARBUCKLE TO BE TRIED WITHIN A FEW DAYS, SAID

(By Associated Press)

SAN FRANCISCO, Cal., Sept. 29.—Roscoe Arbuckle will be tried on a charge of manslaughter in connection with the death of Miss Virginia Rappe within a few days, if the present plans of District Attorney Brady are carried into effect. Arbuckle plans to go to Los Angeles tonight.

SEATING OF NEWBERRY CAUSES BIG PARTY ROW

(By Associated Press)

WASHINGTON, D. C., Sept. 29.—Openings conflicting along party lines were presented by majority and minority members of the senate privileges and elections committee today in the Ford-Newberry 1918 senatorial election contest from Michigan.

The majority elected Newberry's credentials, of course, and all other charges and recommended he be seated. Democratic members asserted he was elected by "corrupt and illegal methods and practices," and recommended that the seat be declared vacant. All agreed that Ford was not entitled to the seat.

SUNDAY TRAIN IS PRACTICALLY ASSURED FACT

J. Grant Crumley, following his conversation with W. O. Forster, vice-president and general manager of the Tonopah & Goldfield railroad, during the course of which Mr. Forster intimated that Sunday train service would be restored to southern Nevada if the United States postoffice department would install a through mail car with a railway mail clerk in charge, sent a wire to Postmaster General Hays asking that the mail car and clerk proposition be granted. He received a reply this morning stating that Mr. Hays was not in his office and asking if the matter should be referred to the chief clerk in charge. Mr. Crumley immediately replied that the arrangement was satisfactory. Mr. Crumley's wire to the postmaster general follows:

"Hon. Will H. Hays,
"Postmaster General,
"Washington, D. C.

"Under ruling of previous administration Tonopah was cut off from railway mail car and clerk service, thus working a grievous wrong and hardship on our citizens, the principal reason advanced for discontinuing such service being the closing of stations on the route. We have just passed through and are recovering from a period of depression which, as you know, cut the business of the entire nation more than 50 per cent and has been particularly aggravated in our community by labor troubles in the shape of a miners' strike lasting four months. We have succeeded in passing through with a monthly payroll of over $300,000; the public school attendance is

LLOYD GEORGE SETS CONFERENCE DATE TO MEET SINN FEIN

(By Associated Press)

LONDON, Sept. 29.—Leaders of the Sinn Fein have been invited to be present at a conference with Premier Lloyd George, it was stated in London. Dispatches say the premier invited Sinn Fein to a meeting in Dublin, which is considered as the British government's final word. Lloyd George informed De Valera yesterday that the British government could not allow its Irish subjects passive where to what are the minority existence. This position was that Ireland could not be allowed to secede from the British empire but might have her proposed home rule government as a member of the sisterhood of British dominions.

(By Associated Press)

DUBLIN, Sept. 29.—Sinn Fein leaders were preparing memorandums in the wording of Premier Lloyd George's reply, the memorandum of the Dail cabinet expressed there was great public confidence in the conference being held. This was presented. The Dail adjourned until "The reply certainly is better than we expected."

MINE CLOSINGS SAID CAUSING MUCH DISTRESS

(By Associated Press)

WASHINGTON, D. C., Sept. 29.—Five large collieries in northern England have given notice the mines will close soon, Wilbur J. Page, commercial attache at London, established yesterday. The action of the mine owners, which is attributed to chaotic condition of the markets, has caused widespread distress among the miners, Page reported, as there are already over 50,000 unemployed miners in that section.

JAPAN NOT TO PERMIT SCRAPPING '21 POINTS'

(By Associated Press)

TOKIO, Sept. 29.—As part of the fundamental policy at the Washington conference, Japan will not permit the "scrapping" of the "21 demands" agreement with China, and will not tolerate interference in the Shantung question, it was declared to the Associated Press by a Japanese in an authoritative position. He reported that Japan considered these matters as accomplished facts which concerned China and Japan directly.

FILIPINO SOLON CHARGED WITH EMBEZZLEMENT

(By Associated Press)

MANILA, P. I., Sept. 29.—The government has filed charges of embezzlement against Miguel Ansagon, member of the Philippine house of representatives, and son of Venancio Concepcion, former president of the Philippine National bank, who himself is under charges of having contracted unauthorized loans of the bank funds to a corporation in which he is interested while head of the financial institution.
