the properties, including the mining, transport and marketing of the product and with such practical engineers and milling experts as W. H. Brown and A. H. Jones at the executive management supported by men of such financial standing as the Walkers and J. CONDUCTING TEACHERS' INSTITUTE.

The teachers' institute that is to be held at Las Vegas from November 15 to 18 inclusive has brought forth the suggestion, which seems to be quite logical, that these meetings should be held at different periods of the year. Under the present arrangement many of the instructors are taken from their classes at the time when they are most needed, whereas by holding the institutes either two weeks before the beginning of the school year, or at the close of the year, much better results would be accomplished.
