HAMMER MURDERESS COMPLETELY DISAPPEARS

Disorder is Continuing Throughout Many Irish Localities

DEPUTY HALES IS MURDERED BY UNKNOWNS

Patrick O'Maille, Deputy Speaker is Wounded on His Way to Parliament

REBELS CONTINUE TO BE BUSY

Barracks at Ballymakeera are Captured and Many are Mortally Wounded

DUBLIN, Dec. 7.—President Cosgrave announced to parliament that Deputy Sean Hales had been shot and killed. Deputy Patrick O'Maille, who was deputy speaker, has been wounded while they were on their way to a parliament session.

The two victims were in a jaunting car, proceeding along the quay when attacked with revolvers. Deputy Speaker O'Maille's wound is serious. After President Cosgraves' announcement Minister of Defense Mulcahy rose and said: "These men did not have a priest nor were they asked if they could see relatives." Allmembers of parliament rose as a mark of sympathy.

CORK, Dec. 7.—Two hundred rebels captured the barracks at Ballymakeera, near Macroom, yesterday, killing one man and wounding 15. The rebels took 90 prisoners including Commandant Mahoney, after several hours of fighting, but released them later.

A powerful bomb, thrown at a military car, did not reach the mark, but exploded nearby, wounding two men and two women. The bomb thrower escaped.

BELFAST, Dec. 7.—Both houses of the Ulster parliament voted unanimously to 'contract out' of the Irish free state, as permitted under the Anglo Irish treaty.

J. H. MARTIN DRIVES GREAT NUMBER OF MILES

With the advent of January 1, 1923, the Tonopah-Goldfield stage line will have been operated a total distance of 241,200 miles. This is figured at the average rate of 120 miles a day which means that two round trip journeys were made. During the five and one-half years which will have expired on Jan 1, only two days were missed by reason of storms which made the road impassable. Within that period there were 1825 days, including leap year, and also by making a deduction of the two days in question. During the operation of the stage J. H. Martin, the owner of the line, drove almost continuously and as a result of his toil he has traveled farther perhaps than any other individual residing in southern Nevada.

HUGH H. BROWN, who went to San Francisco to attend the football game between Stanford and U. of C., and who spent Thanksgiving with his sons who are attending school at Santa Clara, arrived home yesterday morning.

PACKER CONTROL LAW HAS BEEN INTRODUCED

WASHINGTON, D. C., Dec. 7.—An amendment to the packer control law to restore the federal trade commissions power to investigate the meat packing industry, was proposed in a bill today by Senator LaFollette, who yesterday obtained the adoption of a resolution inquiring into the proposed Armour-Morris merger.

SIX CHILDREN SUFFR DEATH IN EXPLOSION

One Woman Killed and Three Others Suffering Severe Burns Result of Accident

EUGENE, Ore., Dec. 7.—Six small children and one woman are dead and three grown persons and one child are suffering from burns received last night when a can of gasoline mistaken for kerosene exploded when the contents were poured out as stove to aid a smouldering fire. Mrs. Iver Johnson, at whose home the explosion occurred, and Hazel Church, one of the seven injured children, died today. The others died last night.

PROMINENT NEVADAN ANSWERS LAST CALL

Word of the death at Elko of E. E. Caine, prominent attorney and active in democratic politics throughout the state for the past ten years, was generally regretted.

Mr. Caine was stricken with paralysis Sunday and was unconscious until his death. High blood pressure had been giving trouble for some time and during the summer he went to the Canadian Rockies in search of better health. He returned to Elko apparently improved.

In 1896 Mr. Caine was a candidate for congress but was defeated and he continued in law partnership with Charles B. Henderson for some time after that.

ORLEANS CASE NOW IN HANDS FEDERAL JUDGE

E. Carter Edwards, well known Goldfield attorney, was in Tonopah this morning looking after interest of clients. Mr. Edwards had been in Reno as a witness in the case of Terwilliger against J. W. Dunfee and the Orleans Hornsilver Mining company which occupied the attention of Judge Farrington in the federal court for a period of five days. The Orleans Hornsilver company was dismissed as a party defendant at the instance of plaintiff attorneys on the morning the case was called for trial. Terwilliger is suing to recover on half the amount claimed by Dunfee which totals $40,000 and 6000 shares in the Orleans Hornsilver Mining company. The property was purchased from the Le Champ D'Or of Paris, and Mr. Edwards was attorney in fact for that company and granted the lease and option to Mr. Dunfee. The case was submitted Wednesday to Judge Farrington and an opinion is expected to be handed down within the next 90 days.

JAP EDUCATOR PAYING VISIT TO DISTRICT

Chusuke Suehiro Will Familiarize Himself with Milling in Tonopah Section

Tonopah is receiving a visit from a noted Japanese educator in the person of Chusuke Suehiro professor of metallurgy of the college of engineering, Kyushu Imperial University, Fukuoka, Japan. Prof. Suehiro arrived this morning by car and baggage and registered at the Mizpah hotel. He carries with him letters of introduction to a number of the leading mining men of this district and expects to spend some time in Tonopah familiarizing himself with the milling methods. He says the fame of Tonopah is known the world over and that the great success in ore reduction which has followed during the life of the camp has attracted favorable comment in all sections of the world. Prof. Suehiro is greatly impressed with the Tonopah district and was agreeably surprised to find so much real activity in a mining way.

CARRIE SILVER LEAD SHOWING SPLENDID ORE

Six-Foot Vein of Ore Exposed That Carries Values of Two Hundred Ounces

C. R. Murdock, consulting engineer for the Carrie Silver Lead Mines corporation, whose property is located 30 miles northwest of Tonopah, brings in some very favorable news. A definite shoot of ore has been outlined by driving two raises and sinking a winze. Ore taken from a six-foot vein carries values exceeding 200 ounces silver per ton.

The ore follows a definite fault plane, dipping to the southwest at an angle of 50 degrees and has been opened for a distance of 75 feet, with stronger values going down. The developments are decidedly encouraging.

PRODUCTION OF ALUM-SULPHUR AGAIN STARTED

Western Chemicals, Inc., Has Resumed Operation of Big Reduction Plant

Resumption of operations at the big plant of the Western Chemicals Inc., was inaugurated today, attention being given to the solution tanks. The boiler will be fired tomorrow and on Saturday it is expected the mill will be treating not less than 100 tons of the alum-sulphate product. The capacity of the plant will be gradually increased until 200 tons are being handled daily.

J. A. Roberts, manager of the company, will be giving his personal attention to the improvements that have been in progress for the last several months. He is a visitor in Tonopah and believes that the production will be heavy if both alum and sulphate and to that end is making ready for a busy season. Installation of additional solution tanks will permit of a heavier tonnage of the product being handled. At the present time a force of 30 men is employed, but gradually more workers will be given places until the peak of production has been reached.
