NEWS OF STEELTON

HIGHER LICENSE FEES ARE URGED BY LOCAL MERCHANTS

Borough Fathers Will Be Requested To-night to Increase Cost to Outside Venders Sufficiently to Protect Steelton Business Men

The second effort in ten years will be made this evening to have the license fees of hucksters, venders and peddlers increased to a sufficient amount to protect the resident merchants of the borough from unfair competition, when a petition, numerously signed by borough business men, will be presented to council in the effort to gain the higher license fees.

The borough vending license at present is 50 cents a day or $5 a year, while the license at Harrisburg is $100 a year. The matter is in charge of the local Merchants' Association which contends that the higher fees in Harrisburg prevents Steelton merchants from soliciting business in that city, while the low cost of doing business by Harrisburg individuals and firms in the borough is a discrimination against its members. The question of how high the fee should be will be left to the discretion of the borough fathers.

NO RECORD FOR ATTENDANCE

"Go to Church Sunday" Was Interfered With by Weather

The slushy condition of the streets, owing to the recent fall of snow, served to keep down the large attendance anticipated by the churches of the borough, Enhaut, Oberlin and Highspire, and the attendance yesterday, known as "Go to Church Sunday," was not so large as one year ago. Those who did go, however, were not disappointed, for special sermons bearing on the subject were delivered in almost all the churches and these discourses showed extra care in the preparation.

There was a large gathering of men at the First Presbyterian church yesterday afternoon, at which time the Rev. C. B. Segelken, pastor, delivered an interesting address on present day social questions under the subject, "From a Throne to a Stone Pile and the Way to Escape." A feature of the meeting was the singing of the Presbyterian male chorus.

Standard Theatre's Offering

The program to-night at the Standard is sure to please. "Her Supreme Sacrifice," featuring Miss Alice Joyce, Mary Ross and Guy Coombs, is very good. "The Victor," how a hen-pecked husband gained the respect of his mother-in-law, featuring Betty Brown, Charlotte Minean and Wallace Berry, is some comedy. "The Exploits of Elaine," featuring Miss Pearl White, Arnold Daly and Kreg Kennedy, is one of the best stories ever filmed. This episode shows how the clutching hand robs a jewelry store in daylight, after notifying the proprietor and the great detective—it's great.—Adv.*

Miss Marie Wiseman, the visiting nurse employed by the Steelton Civic Club, will be in her offices from 8 a. m. to 9 a. m., from 12.30 p. m. to 1.30

STOLEN HAND SATCHEL IS RECOVERED MINUS CASH

Mrs. E. S. Frantz, Main Street, Was Victim of Bold Highwayman Saturday Night While Crossing Trewick Street When Money Was Taken

A lady's hand satchel was recovered from the old canal this morning which contained a five-cent piece, one lead pencil and a bunch of keys and the find turned out to be the property of Mrs. E. S. Frantz, a resident of Main street, who had reported the fact that Saturday night, about 9.30 o'clock, she was accosted by a man while crossing the Trewick street bridge and before she knew what was happening the man had grabbed a small hand satchel from her arm and darted down the Reading railroad tracks.

Her cries for help were answered by Patrolman Wynn, of the borough police force and he started in pursuit of the fugitive, but failed to locate him or recover the property. Mrs. Frantz claimed to have had a little more than $10 in the satchel when it was stolen, but only five cents of it was recovered. She was unable to give a good description of the man, or to say whether he was white or colored.

LAWMAKERS SEE AIR BRAKES

Practical Demonstrations Are Given by the Pennsylvania Railroad

The following statement was issued to-day from the local offices of the Pennsylvania railroad:

"Within the past week a number of Senators and Representatives of the Legislature visited the airbrake instructions rooms of the Pennsylvania Railroad Company at Harrisburg and were given a practical demonstration, showing the operations of the automatic airbrakes on a long freight train as well as on passenger trains.

"The first demonstration was the service application of the brakes by the engineman of the freight train, showing that the brakes applied on the entire train almost immediately. The next demonstration was the instantaneous action of the brakes when applied at emergency by the engineman, showing that all brakes on a long freight train were applied almost instantly.

"A demonstration was given showing the result of a train parting, accident to any cars in the train or derailment of the locomotive, showing that in the event of any of these occurrences that brakes would be applied automatically on all portions of the train immediately. The demonstration with the passenger equipment showed practically the same results, and proved that when the brakes were applied at emergency on the passenger train they would be applied on each car in less than ten seconds.

"The results of these demonstrations showed conclusively that a train is at all times under the absolute control of the engineman and the automatic brake equipment."

PLAN THE MOTOR CLUB RUN

Backers Are Receiving Reports Indicating Cordial Receptions Are Being Arranged in South Jersey

Although the 1915 publicity run of the Motor Club of Harrisburg was planned only a week ago and is two months off, the plans for the contest are rapidly materializing. Ten entries have been filed at the Motor Club offices and many requests for information are being received.

From the cities along the proposed route the greatest encouragement is being received for the effort to advertise Harrisburg by taking four to five hundred Harrisburg people through Pennsylvania, Southern New Jersey and Delaware.

Southern New Jersey resorts especially are preparing to welcome the motorists. It means something to these places to impress Harrisburg shore-goers and Harrisburg business men with their attractiveness. Stops will have to be made in almost every city of importance passed through and many of the smaller resorts will be visited and inspected.

George Proud, who is doing the preliminary organization work, is in New Jersey now and is meeting with Board of Trade bodies and business men and arranging for the presentation of trophies. The contest committee of the club will arrange for a survey trip over the route in April when all the details of the trip will be arranged.

From Atlantic City comes word of the presentation of a handsome trophy by the Hotel Rudolph and there will be another from the States garage, while several others are promised. At a meeting of the Board of Trade of Ocean City, on Friday, that body, with the Progressive League, offered five handsome trophies.

At Sea Isle City the Young Men's Business Association last Tuesday arranged for the presentation of a handsome trophy at the City Hall when the tourists pass through that place. Wildwood will present a handsome trophy through Harry Ottens, who is interested in North Wildwood. Meetings of commercial bodies in Wildwood, Stone Harbor, Avolon and Millville have been called to act with regard to the Harrisburg run.

Arrangements have been made to have enough ferry boats at Pennsgrove to transport the contestants to Wilmington on the second day of the run. The management hopes to surpass the famous run of 1910 when seventy-six cars were entered from Harrisburg and vicinity.

All members of the Motor Club of Harrisburg are eligible and an early enrollment is being made as the cars will leave Harrisburg and the various checking points in the order of entry.

With Bullet in His Leg Man Who Slew Wilmington Policeman Has New Complication

By Associated Press.

Wilmington, Del., March 8.—Peter Krakas, alias Peter Melba, the desperado who killed Policeman Tierney and seriously wounded two other policemen in attempting to evade arrest Saturday afternoon and who was wounded in the leg by a bullet fired by the police who captured him, has developed a fever. He is now confined at the workhouse and if in condition will be arraigned in court on Thursday. At the request of Attorney General Wolcott, a special session of Oyer and Terminer Court has been called for his trial and that of his accomplice, Bernard Montvid, alias Charles Moras.

The condition of Policemen Horace McDannell and Willard Sharpless, who were seriously wounded by Krakas, is still critical but at the hospital to-day it was said they were better with some hope of recovery.

A search of the effects of the two prisoners showed that for several weeks Krakas and Montvid had been operating in New England towns and cities between Boston and New York. They traveled on the railroads, stopping a few days at a time at numerous places.

MANY AT MOTORCYCLE SHOW

First Annual Event Is Proving Bigger and Better Than the Promoters Anticipated

The first annual motorcycle show in Chestnut street hall is proving a bigger success than the backers, the Harrisburg Motorcycle Dealers' Association, first anticipated. More persons than it was hoped are anxious to learn about the control of the two-wheeled mercury and the show, with its ten exhibitors, does not lack the necessary person to give detailed accounts of the simplicity of the modern motorcycle.

Two hours after the show opened Saturday night the first sale was recorded. That is doing pretty well and proves to the association back of the show that it was worth while. On top of this E. R. Dunkee, special agent of the Harley-Davidson Company at Milwaukee, Wis., here for the show, says it compares favorably with other shows he has attended. His stamp of approval is gratifying to the local promoters.

Doors open each day at 2 o'clock and remain open until late in the evening. Wednesday will be ladies' night, when the fair sex will be admitted free of charge. Thursday will be society night. Special events each night are being planned by the promoters.

Nearly 500 enthusiasts attended the opening night, despite the heavy snow and sloppy sidewalks. A feature of the show is the booth run by the Ladies' Auxiliary, where refreshments are being served for a small fee.

PEACE BRANCH GETS START

Organization in This City to Result From Mass Meeting

Following the Peace mass meeting at Technical High school auditorium on Saturday night, at which Professor Alvin S. Johnson, of Cornell University, Mrs. T. M. Jones, Augustus Cadwallader and Henry C. Uiles of York, were the speakers, it was decided to organize a branch in this city of the Pennsylvania Arbitration and Peace Society. A meeting will be held shortly at the call of Dr. John J. Mullowney.

Dr Johnson said in his address that the European war came as a great surprise to those in touch with diplomatic relations, because all differences between England and France and Germany had apparently been adjusted.

A clash between the United States and Japan, especially over the Philippines, he considered out of the question. He said that Japan was not only the poorest nation in the world now because of the heavy war tax on its people, but that it was too far sighted to fight for territory that had already proven a burden to the United States.
