When your Watch Stops

You cannot make it go by shaking it.

When the bowels are constipated you can disturb them with cathartics but, like the watch, they will not be able to do their allotted work until they are put into proper condition to do it.

One cannot mend a delicate piece of mechanism by violent methods, and no machine made by man is as fine as the human body.

The use of pills, salts, castor-oil and strong cathartic medicines is the violent method. The use of the herb tonic laxative,

Lane's Family Medicine

is the method adopted by intelligent people.

Headache, backache, indigestion, constipation, skin diseases—all are benefited immediately by the use of this medicine.

Druggists sell it at 25c. and 50c.

Weak Kidneys

Weak Kidneys, surely point to weak Kidney Nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine scalds, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggists recommend and sell

Teachers' Meeting.

The Teachers' Preliminary meeting for the townships of Tod, Dublin, Taylor and Wells met at Hustontown Saturday, September 7. Meeting was called to order by Superintendent Lamberson. D. K. Chesnut was elected president. The first question, "Preliminary Work," was taken up by Mr. Morton, who thinks that thorough preparation should be made by teacher, and plenty of work with pencil and paper should be given each pupil. Several good points were given by Mr. Wink, Miss Laidig and Mr. Barton. Mr. Rauck suggested that very little work be expected on first day. The discussion was followed by Miss Sipes and Mr. Hershey. Mr. Deshong believes in keeping pupils busy to make a good impression. Prof. Seville thinks the former report should be carefully and thoroughly studied, but never try to follow former teacher's work too closely—follow your own plans. A general discussion was given by Prof. Lamberson and Mr. Chesnut.

The next question, "First Day's Work," was opened by Mr. Deshong, followed by Miss Laidig. Mr. Hoover thinks we should get acquainted with pupils as soon as possible. Discussion was followed by Mr. Barton and Prof. Hershey. Prof. Hershey states that the teacher should be at the school-room first. Miss Gress and Mr. Cook gave helpful hints. Prof. Seville believes in plenty of review and test work. Study pupils carefully. Mr. Morton believes that reading and telling stories is a good plan to interest primary pupils. Mr. Wink and Prof. Lamberson closed the discussion.

The first question after dinner, "The Programme," was taken up. Mr. Chesnut and Mr. Peightel's outlines were placed upon the black board. Prof. Seville asks, "When should Mathematics be taught," Prof. Hershey and Mr. Rotz fixing the time in the afternoon as the heavier branches are more easily grasped when the mind is not fatigued.

The question of alternating branches was discussed by a number of the teachers; also the manner of grading.

How much arithmetic should a pupil know before taking algebra? The general opinion of the teachers were as far as Percentage. Rev. Daniels and ex-Superintendent Chesnut gave some useful thoughts on the questions.

Meeting was closed by an instructive talk by Prof. Chesnut and Rev Daniels.

MYRTLE STEVENS,
Secretary.

Occasional headaches, belching bad taste in the mouth, lack of appetite and slight nervousness are symptoms of indigestion which, when allowed to go uncared for, will develop into a case of dyspepsia that will take a long time to get rid of. Don't neglect your stomach. At the first indication of trouble take something that will help it along in its work of digesting the food you eat. Kodol for Indigestion and Dyspepsia will do this. Kodol will make your food do you good and will enable you to enjoy what you eat. Sold by Trout's drug store.

Judges Audenried and Wilson in the Common Pleas court of Philadelphia, on Tuesday declared unconstitutional the two-cent railroad rate passed by the last legislature. Of course, it will be carried up to the Supreme Court.

LETTER TO W Scott Alexander.

McConnellsburg, Pa.

Dear Sir: We should like to print your opinion of this guarantee in this paper, where all your neighbors will see it:

We'll furnish the paint to paint half the house of any fair man on these terms: He shall paint the other half with whatever other paint he likes; same painter (any fair man) same way (the way of all fair painters, to make a good job) If our half doesn't take less gallons of paint by one-tenth to seven-tenths, we'll give him the paint. If our half doesn't take less labor by one tenth to seven-tenths, we'll give him the paint. If our half isn't sounder three years hence, we'll give him the paint. If our half isn't sounder six years hence, we'll give him the paint. Any color.

We say one tenth, because there are two or three paints with about that difference; we say seven—there are dozens of paints with about that difference—we say one to seven, because there's a hundred that waste one third of the money paid for both paint and labor.

Is there a paint we haven's covered?

Yours truly
F. W. DEVOE & CO.

P. S.—F. C. Bare, Fort Littleton, and J. A. Boyd, Mercersburg, sell our paint.
