When a man finds himself at the end of a month without money he has a poor month. He can look in account book and quibble it, as each year, into "Necessities," "Comforts," and "Luxuries." Let him save 10 percent of every penny he expends and he will find that the last account will outweigh the former many times. That, if he has common sense, character and will-power he will reduce the amount paid out for luxuries and amass a surplus. In other words, HE WILL SAVE. SAVING IS SIMPLY THE ELIMINATION OF WASTE EXPENDITURES. IT IS WASTE AND NOTHING ELSE THAT KEEPS A MAN CONSTANTLY BEHIND. THE MAN WHO CUTS OUT WASTE WILL HAVE NO DIFFICULTY IN SAVING.

# MEMBER OF T. R.'S ROUGH RIDERS

## George B. McClellan Gives Progressive Addresses

George B. McClellan, a former gold miner and W. J. MacDonald of Calumet comforted an enthusiastic Progressive rally in the Sons of St. George hall of Mohawk last evening and a Keweenaw county Progressive organization was formed with Henry Prisk of Mohawk as Chairman and H. L. Engel of Ahmeek as secretary. Richard Sampson was named as the Keweenaw county member of the Twelfth District congressional committee. The addresses were practically the same as those given by Mr. McClellan and Mr. MacDonald at the Light Guard armory Saturday evening, following the reception tendered to Mr. MacDonald at the Calumet depot. This reception was a very enthusiastic one, several hundred friends having met Mr. MacDonald and extended their best wishes to him, while the C. & H. band rendered stirring music.

Mr. McClellan will conduct a big rally at Painesdale this evening and tomorrow it is probable he will speak at South Range.

This morning Mr. McClellan explained his interest in the Progressive cause by stating that he was a member of Col. Roosevelt's rough riders in the Cuban campaign. Roosevelt, who was in command of the regiment, was a member of Troop "A" First Volunteer Cavalry and Mr. McClellan was a member of Troop "I" of the same regiment. They fought together throughout the entire campaign. Mr. McClellan was also a member of Company "M" First Montana Volunteer Infantry which served in the campaign to suppress the Philippine insurrection. In the service of his country in the Philippine campaign, Mr. McClellan received four wounds. He was also a member of the Sixth U. S. Cavalry during the Boxer rebellion in China.

W. J. MacDonald of Calumet will leave this evening for St. Ignace where he will meet Col. Roosevelt and escort him to Houghton. It has been arranged that Mr. McClellan will give an address at the Amphidrome at Houghton tomorrow evening, prior to the arrival of Roosevelt. The C. & H. band will render music prior to the address of Col. Roosevelt.

### G. O. P. Rally Thursday.

The Republican county committee has arranged for a big rally to be held in the Calumet Light Guard armory on Thursday evening at which the principal speakers will be J. Adam Bede of Duluth and John M. Harlan of Chicago, the men who have been following in Roosevelt's trail through the length and breadth of the country. Bede is a noted wit and his puns at the ex-president's expense have made a big hit in other parts of the country. Other speakers will be Duncan E. McKinley, former congressman from California; A. C. Rankin of Illinois, a noted political orator; Amos S. Musselman of Grand Rapids, Republican candidate for governor of Michigan; Hon. H. Olin Young of Ishpeming, congressman from the upper peninsula and candidate for re-election; Alex. J. Groesbeck, a prominent Detroit attorney, chairman of the Republican state central committee.

A full page announcement of something entirely new in Apollo Player Pianos will be made in this week's Saturday Evening Post.

# IS BOUND OVER TO NEXT TERM OF CIRCUIT COURT

## MRS. SANNA KUSISTO FACES TRIAL ON CHARGE ATTEMPTING TO KILL.

Mrs. Sanna Kusisto, wife of Elias Kusisto, the man who was attacked while in his bed at his home near the Old Tamarack Dam a few weeks ago and so badly beaten with some blunt instrument that his life was despaired of, appeared before Justice C. O. Jackola this morning charged with assault with intent to kill and murder. She was bound over for trial at the next term of circuit court. It will be remembered the woman was arrested the day following the incident, following investigations by Undersheriff Phil Sheridan, and it is said she made partial admissions. She has been held in the Houghton jail, awaiting her examination. Her husband has entirely recovered.

Matt Ristola, who was charged with assault with intent to do great bodily harm in the court of Justice C. O. Jackola, was allowed to plead guilty to the lesser charge of assault and battery when arraigned yesterday and was sentenced to pay a fine of $15 and costs.

Sakris Wiita, charged with desertion of his wife and family and non-support was given another chance by Justice Jackola yesterday. He was placed under $500 bonds to do better in the future and an effort will be made to secure work for him. Wiita is an expert carpenter, capable of earning good wages when sober and working steadily. Some time ago, Justice Jackola adopted a plan of securing employment for such offenders and giving them another chance, instead of sending them to some county or jail or state reformatory to become public charges. A position has been secured for Wiita at L'Anse.

John Mukkala, charged with the larceny of a lady's gold watch and a revolver on complaint of I. W. Isaacson, was allowed to plead guilty to a charge of simple larceny when arraigned before Justice Fisher yesterday and sentenced to serve thirty days in jail.

# WATER SYSTEM IN FINE SHAPE

## Shut Off the Valves Installed Throughout Town

Meter Inspector Joe Carne announces that the lake water will be shut off tomorrow from both sides of Scott street from Seventh to Ninth and from the east side of the Ninth to the west side of Eighth from Scott to Elm. A shut off valve will be installed in the alley near the corner of Portland and Eighth during the time the water is shut off.

Only one shut off valve will remain to be installed after tomorrow, and the Red Jacket water system will be in better condition than ever before. By the installation of about a dozen shut off valves in different parts of the town, each at a cost of from $25 to $30, it has been made possible to shut off the water only a few blocks at a time to make any necessary repairs. Heretofore a leak has necessitated the shutting off of water for five or six blocks at the least, but no more than two blocks will be affected at a time, wherever it is necessary to shut the water off. This fact will undoubtedly be appreciated by the residents of Red Jacket.

Mr. Carne expects to test the lake water mains in the village next Saturday night, if all of the improvements have been completed then and if any leaks are found they will be repaired.

It is stated that when the water mains were installed, the council, for the sake of economy, neglected to install a sufficient number of shut off valves. The old mains, some of which have been in service for twenty years have been found to be in good condition, according to Mr. Carne.
