Infection and Insect Bites Dangerous.

Mosquitos, flies and other insects which breed quickly in garbage pails, pools of stagnant water, horse manure piles, etc., are carriers of disease. Every time they bite you, they inject poison into your system from which some dread disease may result. Get a bottle of Sloan's Liniment. It is antiseptic and a few drops will neutralize the infection caused by insect bites or scaly scalp. Sloan's Liniment disinfects Cuts, Bruises and Sores. You cannot afford to be without it in your home. Money back if not satisfied. Only 25c. at your Druggist.—Advertisement.

VOTERS ARE FORMING STRONGER OPINIONS ON WATER QUESTION

TIME DRAWS NEAR FOR ELECTION ON EXTENTION PLAN.

From Interviews Gathered, General Opinion Seems to be in Favor of City's Plan.

With but two weeks more to the water election, and the publication of both plans, the city plan, and the Nix proposition, in the local press Sunday people have begun forming stronger opinions as to which plan they favor although there are a few undecided, as the matter of getting better water service for the city. Four interviews were secured recently, in which two favored the city plan, one the private ownership and the fourth threatened to dig a well of his own if better water was not secured quick, or to some parties.

The interviews follow:

R. H. Bingham.

"I favor the city's plan of improving the water system, as I favor the municipal ownership of every public utility possible. Not long ago we found needs to buy the water plant from private parties and took that we have the waterworks owned by the city. I think it would be the biggest folly to consider any scheme on the system, and of course I favor voting additional bonds for the purpose of improvements."

Col. W. W. Jones.

"I favor the Nix plan for the waterworks, for it will be a great deal cheaper to the city. It will give us good water at a low price and will put the city in a position where it does not have to pay for the water which it does not get it."

R. B. Russell.

"The municipal ownership of waterworks is the best plan for our city in follow of my opinion, but especially at Corpus Christi for the reason that this will be the cheapest method to secure an and which is desired by all water consumers of the city. Under the Nix plan the city would have to expend a great deal of money in improving the distribution system, and then would control only that part of the waterworks system. Again, in speaking more it will not only have absolute control of the water system but would give an enlargement which is most for this time to come."

Col. Bill Hall.

"You may say that in my opinion the water at the present time is very muddy, and that unless something is done to filter the situation in the city near future, it will be necessary for me to dig a well of my own to get some service. Further than this, I have nothing to say on the subject, but as I have got up on my mind as to which way I shall vote."

LICHTENSTEINS ARE SAFE IN GENEVA, SWITZERLAND

Mr. and Mrs. Julius Lichtenstein Expect to Sail For America August 19.

Some misinformation on the part of relatives and friends over the safety of Mr. and Mrs. J. J. Lichtenstein, who are touring Europe now bound in Geneva, Switzerland, during the turmoil on that continent was relieved yesterday when the following telegram was received by A. A. Lichtenstein:

"Geneva, August 10, 1914.

"No security visit Berlin."

Needless to say the message was written in French, and after calling on French officials the recipients of the message were informed that they were all safe, and that everything was quiet. Mr. and Mrs. Lichtenstein expect to leave Europe for New York on or about August 19.

The Rincon Improvement Company today open the sale of the lots on Timon avenue which is the main approach from the Causeway to Corpus Christi. The causeway is an assured fact and the profits you will make on the lots we are offering is equally assured. Call at our office for particulars. 712 Chaparral. 327

CLUB WOMEN SECURE ALL FUNDS FOR BUILDING LOT

Have Raised $175 Which Will be Spent in Paying for Building Lot for Widow With Six Small Children

The committee from the City Federation of Women that has been engaged in raising funds to purchase a building lot for a widow with six small children, has secured the entire amount desired, according to an announcement yesterday made by Mrs. H. H. Boedker, chairman of the committee. Other committee members were Mesdames John C. Scott and Guy Dale.

The committee set out to raise $175 which has been accomplished, and the money will be expended for a lot in an addition within the city limits. The family to whom the lot will be presented is entirely worthy. Arrangements have been made to build a small house and terms will be arranged so that only a very small amount will have to be paid each month for the building. The committee believes that in this act of charity they have assisted a woman in a manner that will enable her to provide for her family with a great deal more ease than heretofore, when the burden of paying rent was the big handicap.

The editor has Thursday published a list of contributors in the Bond Times, whose names have not appeared previously together with their contributions, viz: Mrs. Edward Farmer, $1; Mrs. Dotts, $1, and Mrs. Boedker, $1.

NEW ORLEANS PERFECTLY SAFE FOR ALL VISITORS

Surgeon General Says There is no Reason for Any Uneasiness on Part of Visitors.

The Caller has been requested by the New Orleans Association of Commerce to publish the following letter:

"There is a matter to which we desire to call your attention in the hope that you will be of great service to us and at the same time perform an act of justice. New Orleans has been actually what is known as the 'bad boy' of conventions, and this year it is scheduled for August 17-22. It has been brought to our attention that there is some slight misunderstanding in your section as to the healthy physical situation in New Orleans. That there is no foundation whatever for any uneasiness is indicated by the following letter to Louis S. Gelpcke, chairman of the Wholesale Merchants' and Manufacturers' Bureau of the New Orleans Association of Commerce, from Dr. W. C. Rucker, assistant surgeon general of the United States public health service:

"Receipt is acknowledged with thanks of your letter of the 29th instant, in which you request information that will be of service to the people who may come to the city of New Orleans for 'Bill Parker' convention, which will occur during week of August 17-22.

"In reply I may say that when it is considered that but thirty cases of typhoid fever have occurred in a city of 365,000 population and that for the most part these cases are imported or in a certain area, it is very readily seen that the water before the purification and the installation is not as good as that of typhoid in most cities.

"I believe that the entire situation will be under complete control before your date and it is my personal and professional opinion that visitors may come to New Orleans without danger.

"Dr. Rucker adds the same assurance with respect to mosquitoes, although out of this city.

"The time is limited, and we appeal to your sense of justice in this emergency. With the authoritative statement by Dr. Rucker as your warrant, we will sincerely appreciate any publicity that you may give it, in your editorial or news column, and we are sure that it will lead New Orleans 'there is your new city.'"

The Rincon Improvement Company today open the sale of the lots on Timon avenue which is the main approach from the Causeway to Corpus Christi. The causeway is an assured fact and the profits you will make on the lots we are offering is equally assured. Call at our office for particulars. 712 Chaparral. 327

HUBBELL CONCERT AT NUECES TONIGHT FOR UNITED CHARITIES

PROGRAM AT NUECES HOTEL AT 8:30 O'CLOCK SHARP.

J. Wesley Hubbell, The Gifted Tenor Will Be Assisted by Mrs. Strohmeyer and Herr Hans Kreissig

Tonight at 8:30 in the beautiful Sun Parlor of the Nueces hotel, Mr. J. Wesley Hubbell, the gifted tenor, will give his annual concert for the benefit of the United Charities, assisted by Mrs. Lillian Macdonald Strohmeyer, contralto, and Herr Hans Kreissig, pianist.

A classical but not extremely heavy concert is promised. Two operatic numbers will be given and time permitting, Herr Kreissig, an authority, will give a musical talk on the opera.

Buy a ticket. Ask a friend to come. Remember this concert is for the benefit of the United Charities. You have not been called on by this organization very often. The Charities committee is now deeply in debt and needs your financial as well as your moral assistance. Seats are now on sale at the Corpus Christi Book Store, Nueces hotel, Mathew Peters company and Galloway Piano company.

Speaking of the work of the United Charities, Joe Hirsch yesterday said:

"With the continued growth of Corpus Christi, the calls on the United Charities continue to increase. During the last six months the United Charities have paid hospital bills amounting to hundreds of dollars and the association is now about $900 in debt. Until Nueces county or the city of Corpus Christi is provided with a free hospital for those unable to pay for such service, the care of the poor and suffering in our midst will devolve upon private aid.

"The United Charities makes a careful investigation of all cases reported and if found worthy, no applicant is turned away. Many people come to Corpus Christi in search of health. Frequently these poorly extend their means and become a charge upon our community.

"The city health officer, Dr. L. Kelly, the county physician, our representative physician of Corpus Christi, is familiar with the work of the United Charities. If you want to know how our money is spent, ask them. The Sisters of Charity in the Santa Sanitarium, the Ladies of the Federation will all testify to the efforts of the United Charities to alleviate the sufferings of those unable to provide for themselves.

"If you are in sympathy with this work, we ask you to devote a few moments today and tomorrow, in the effort to make the Charity concert tomorrow night a financial as well as an artistic success that we know it will be. Will you not spend a dollar for a ticket and ask a few of your friends to do the same. If 100 good women of Corpus Christi will each spend a few or five friends tomorrow in the interest of our organization, it will help us wonderfully. Will you help us?"

GOOD NEWS TO CALOMEL USERS

Dodson's Liver Tone is a perfect vegetable remedy to take instead of calomel and is guaranteed to be harmless. If you have trouble with constipation or biliousness, be careful how you take calomel, because calomel is a form of mercury, and it mercury remains in the system very long it will salivate and seriously injure the strongest person that ever lived.

If you need something to start the liver to working take Dodson's Liver Tone. It is a harmless vegetable liquid which will keep on the liver as well as calomel does and without any bad after effects. No interruption of habit or diet is necessary. Dodson's Liver Tone is as safe for children as it is for grown people and everybody likes its taste.

Buy a bottle for fifty cents from The City Drug Store and if you do not find that it absolutely takes the place of calomel, the drug store will give you your money back as soon as you ask for it. No argument—this is the guarantee that talks.—Advertisement.

County Judge Walter F. Timon, James M. Taylor, Hugh Sutherland, John A. Pope and Julius Dornfeld, jr., left Sunday morning over the Texas-Mexican for Laredo, thence to Los Altrados, thence to El Paso, for the state Democratic convention. They expect to return home Sunday next.
