THREE COMMITTEES COMMERCIAL CLUB WILL LABOR TODAY

MEMBERSHIP, JULY FOURTH AND TRADE TRIPPERS COMMITTEES TO WORK

Commercial Club and City Health Department to Co-operate in a one Week Clean-up Campaign

Three campaign committees of the Commercial Club will be at work in the city today. At the regular weekly meeting of the club directorate last night a special committee was voted named by the president to work among those people and firms to be directly benefited but who failed to invest in the club itself to invest in the fund of $500 that will be spent to stage the most auspicious Fourth of July celebration that has yet been seen in Corpus Christi. That committee will be armed and at work today.

The committee in charge of arrangements for the trade trip to Valley points June 22 and 23 will be at work today. Route squares have already been obtained and since the limit is one hundred an early filing of the berths is expected.

A membership committee will also be at work. E. G. Cretine chairman.

Plan Systematic Cleanup.

The directors voted their approval of the plan for organized effort throughout the city for a general and continued cleanup suggested by City Health Officer L. Kaffie. Dr. Kaffie also the connection of the club in giving prizes to the value of $100 for a cleanup effort amongst the people for a cleanup of the city and it was suggested in the meeting last night that the prizes be made in merchandise by the local stores. The City Federation and the Boy Scouts would be enlisted in the work and special job Commercial Club representatives would be formed to systematize and promote the campaign. The City expects within ten days to have new garbage wagons to place in service and the schedule for cleaning will doubtless await the arrival of these before being inaugurated.

City Directory Seen.

A written guarantee was received from C. E. Waller that the new city directory now in process of compilation would be off the press and ready for distribution on or before the second week in July. This was called forth by a bid from an outside company for endorsement by the club for their proposed publication of a directory. Their request was refused in view of the guarantee from the local publisher.

Present at the meeting last night were: Directors Benton, Crabbe, Lockie, Edwards, Hurlbut, Levine, Secretary and Bailey and President Fleet and Secretary Farris and C. E. Woodul.

MONDAY MORNING RAIN GREAT AID TO CROPS

Two inch Precipitation that Occurred Will Make Corn Crop and Greatly Aid Truck Crops

A two inch rain fell in Corpus Christi, around about Corpus Christi and generally over the Southwest yesterday morning. The weather bureau says 1.96 inches.

That rain was the greatest event in many days in this section. It gave the now growing greatest agricultural crop that this country has been blessed with for many years just the boost that is needed. As one near Corpus Christi farmer was heard to say yesterday, "It was the first time work a satisfactory fall has ever fallen just exactly at the crucial time."

Corn is the banner crop this year if a best can be chosen from a group of beats. This staple has shown remarkable positiveness and is far ahead of similar plantings in all other sections of the state. But a drouth continued beyond the time when it discontinued yesterday morning might have, in fact would have, materially hampered and endangered its final harvest. A bumper yield is assured now. All kinds of grain crops are similarly assured.

Cucumbers, tomatoes and other truck were also much benefitted.

The downpour began yesterday morning about six o'clock and was accompanied by considerable wind and electrical displays. The derrick of the Pioneer Oil Company on the John Dodge tract west of the city was blown down, a barn on the John McKandll homestead in North Beach was struck by lightning and slightly damaged in the roof and some trouble was occasioned the Western Union and the telephone company by slight injuries to wires.

The wind was not of sufficient force to blow down corn stalks in the field. The value of the rain was not impaired in this way, according to reports from neighboring farms.

KILLING FOLLOWED CARD GAME ON THE STOCKTON RANCH

EMPLOYEES WERE PLAYING IN OUTHOUSE WHEN THE QUARREL STARTED

Bill Boles, White Man, Held For Manslaughter Says He Killed Francisco Morales in Self-defense

Deputies Oscar Bellamy and T. J. Foster Sunday afternoon arrested Bill Boles, a farmer working near the Stockton ranch and two Mexicans arrested at the time and brought them to the county jail on charges of participating in a gambling party staged in an outhouse on the Stockton ranch early Sunday morning and that ended in a cutting and shooting affray that cost Francisco Morales his life. Four Mexicans had been arrested earlier in the day when the officers were first called to the scene and one of these had been held for the shooting of Morales.

Claims Self Defense.

Boles it is said admitted being in the game but until Monday denied that he knew anything of the shooting but sent a bullet through Morales heart. Yesterday he made a statement to Justice E. H. Miles in which he declared that he had done the shooting but said he did so only in preserving of his own life. Substantially his statement was as follows:

"Two of us were playing poker in the machine house on the Stockton ranch about four o'clock Sunday morning. The man who I later shot came up behind me and said I couldn't beat him as I had some one else whose name he called but who, I do not know, and that he was going to 'get' me. He struck at me with a knife several times."

Boles has a slight wound on the bridge of his nose, one on the side of his face, another in his breast and his right hand and arm is badly cut. "I drew from my seat, drew my automatic and fired straight at him with my left hand, defending myself from the knife with my right. I shot twice in the shack, all the time backing out to the open and the Mexican slashing at me. I shot again as we palmed the door, just he followed and I shot again at him. This time he fell."

A charge of manslaughter was filed against him and he was released under $500 bond to appear before the District court in September.

Boles Was Attacked.

Subsequently it was learned from others, including the four Mexicans arrested, that following the shooting of Morales, Boles was the center figure in a free for all and running fight between the dead Mexican's friends and himself and that for hours he had held them at bay with a club while he had stormed the shack in which he had taken refuge.

When Deputy T. J. Foster approached of the house in which one of the Mexicans was lodged he was forced to draw his gun to protect himself against the crowd that threatened him in making the arrest.

Arrested and charged with assuming were Fidel Cavazos, Conrado San Miguel, Pole Falla, Pancho Davila and Bill Boles.

Boles has two children. His wife is dead. The Mexican was single and as far as could be learned had no special means of support, being not employed in the ranch, but being constantly on the premises.

PRATHER HAS FIGHTING CHANCE FOR RECOVERY

Young Man Spectator at Baseball Game Was Badly Injured Sunday Afternoon

Brooks Prather, who Sunday afternoon at Lones Park was the victim of a peculiar accident has a fighting chance for recovery. At the Emergency Hospital where he was taken in an auto immediately following the accident which occurred about 4 o'clock, it was said at an early hour this morning that he is getting along as well as could be expected and that there is a fair hope that he will survive.

Two local amateur teams were playing and Prather was a spectator at the game when the accident occurred. If Bible was at the bat and swung violently at an out-curve. The bat flipped from his hand and went sailing through the air for a distance of forty feet. Prather had just gotten up from a bench, did not see the bat and it struck him with full force on the back of his skull.

He was immediately taken to the Hospital where an operation was performed and the many pieces of broken bone were removed from his head. It was at first thought that his life would be spent within a few hours but after night he rallied and since that time he has been steadily gaining.

Prather is 22 years of age and has been in Corpus Christi for about two months. The address of any relatives that he may have has not been secured by his friends.
