BITULITHIC PAVING ON THIRD STREET REQUESTED

Two Petitions Relative to Paving of The Street Now Before the Council

The proposal to pave Third street with cheap pavement does not meet with the approval of many residents and property owners of that street who appeared before the council yesterday and asserted that cheap paving like other cheap work is always highest in the end.

Mrs. H. H. Craig who owns more property on Third street than any other individual said that she strongly favored Bitulithic and she thought that the council would make a mistake in allowing the placing of cheap paving as some property owners have requested. Henry H. Craig promised the council that by next meeting of the council he would have ready for presentation a numerously signed petition from Third street property owners asking that when the street is paved that Bitulithic be used.

A petition signed by George W. Grim and others assert that there exists no necessity for the Bitulithic paving, they asserting that a cheaper material will just as well answer the purpose and will save the property owners considerable money.

No action was taken on either of the petitions. The council several months ago gave the Bitulithic Company a contract for the paving of many of the streets and Third and Hancock avenue were among the number.

Routine matters largely engaged the attention of the council the session lasting for less than thirty minutes. Mayor pro tem. Sutherland presided with Commissioners Gallagher, Ward and Collins answering present when the roll was called.

ACEBO FURNISHED BOND FOR $7,500 FRIDAY MORNING

HELD FOR TRIAL IN DISTRICT COURT ON CHARGE OF KILLING ENCARNACION PEREZ

Following Furnishing of Bail Sureties of Acebo in Federal Court Case Withdrew From His Bond

Joe Acebo, around whom there centered peculiar interest during the trial in the Federal Court last month of Nueces County citizens for alleged election frauds, was released yesterday under $7,500 bond for appearance in the District Court for trial on a murder charge growing out of the death of Encarnacion Perez two weeks ago. But Acebo did not gain freedom beyond the sheriff's office. He was also under bond in the sum of $2,500 for appearance in the Federal Court under a charge of perjury growing out of his alleged denial of his grand jury testimony while on the stand for the prosecution in an effort to prove a conspiracy to restrain him from liberty on the day of the general elections had been entered into by District Judge Hopkins, Chief of Police Fowler and four city officers. His bondsmen were present on his release by the state authorities yesterday to surrender him on commitment to the United States Marshall. He is in jail, having failed to make new bond to the Federal authorities.

Signing his bond for release under the District Court charge were John A. Pope, J. E. Kralsewicz, George Wilmot and W. E. Everhardt.

Perez died on Sunday afternoon two weeks ago. The night before he had been shot through the stomach in front of a saloon near the Union depot. Sunday morning Acebo surrendered himself to the sheriff declaring that he had shot a Mexican Saturday night claiming self-defense in justification. The District Court grand jury indicted him for the murder of Perez and he has been in jail since.

In the Courts.

In the District Court yesterday morning the jail criminal docket was completed for the term, two convictions being found by the jury. Rosendo Valdez was sentenced to pay a fine of $100 under conviction for aggravated assault. Frank Euler was convicted of a charge of theft of personal property of value over fifty dollars and was sentenced to two years in the penitentiary.

Today the jury civil docket will be called. Divorce cases will be heard today for the last time during the term. Monday hearing will probably begin in jury civil cases and continue throughout the term. Criminal cases wherein the defendants are at liberty under bond will not be taken up at this term of court.

Complaint Filed.

In Justice E. H. Miles' court yesterday a complaint was filed by J. B. Gatman against J. M. Whitaker charging unlawful disposition of mortgaged property. Gatman's complaint recites that Whitaker, who rents two hundred acres from Gatman near Robstown, sold farm products during July and August that had been mortgaged to the City National Bank prior to the sale, the notes on the crop having been executed in November 1914 and the crop sold being that of 1915.

Whitaker, it is said, does not deny having sold portions of the crop but declares that the mortgagee received the money from the sales made. The case will probably be heard today.

BAPTIST REVIVAL TO CLOSE SUNDAY NIGHT

Rev. West Last Night Preached to a Large Congregation on "The Place of Blessing."

Rev. E. P. West preached to a large congregation last evening, among which there were many carpenters and mechanics, in response to a special invitation to the men of these professions to be present at this service. The subject of the splendid sermon was "The Place of Blessing," the text being taken from Genesis 32.29. The preacher told the story of Jacob wrestling with the messenger of God all the night before he was to meet his brother Esau, and how God blessed him. He then applied the story to the lives of men of the present day. "The place of blessing in any man's life is the place of his communion face to face with God, the place where he learns to pray from the depths of his soul," he said.

"The place of some of the greatest blessings in the lives of men, have been the places of affliction. Some of the hardest, most trying experiences in their lives have proven the refining fires that have made their lives clean and pure. Much of the gentleness and peace in many lives is brought about by the trees which God has given them in affliction. In fact some lives are never brought to their best until they have been crushed and broken and emptied of self so that they might reflect back the face of Christ."

There will be no services this morning or this evening. The people who have been attending the revival services the past two weeks are in need of rest, and so it will be taken today, and everyone will get ready for a full day's [illegible] Monday. A large and splendid program has been provided for Sunday, which will probably be the last day of the revival.

The Barnes and the Business Men's Bible classes are requested to make a special effort to have a full attendance at Sunday school, and each member of these classes is asked to bring a visitor with him to the class.

CALOMEL DYNAMITES A SLUGGISH LIVER

CRASHES INTO SOUR BILE, MAKING YOU SICK AND YOU LOSE A DAY'S WORK.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a 50 cent bottle of Dodson's Liver Tone, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.—Advertisement.

JOE HIRSCH FIRST TO SUBSCRIBE FOR EXPOSITION STOCK

FOUR SHARES AT $25 EACH WERE SOLD TO MR. HIRSCH FRIDAY MORNING

Committee Headed by E. N. Farris, During the Morning Received Subscriptions for Fifteen Shares of Stock

Any doubt that may have existed as to the popularity of the Gulf Coast Exposition idea with the people of Corpus Christi was swept away yesterday morning when a committee composed of E. N. Farris, Frank C. Allen, L. B. Loving and H. B. Treadwell called on ten business men and secured subscriptions for fifteen shares of the Exposition stock, selling at $25 a share.

The two hours' canvass demonstrated to the committee that business and professional men of the city "are strong" for the exposition and it is expected that there will not be the slightest difficulty in disposing of the 200 shares of stock. In fact Secretary Farris of the Commercial Club, who is chairman of the committee having the stock selling campaign in charge, is certain that by next Saturday night every one of the 200 shares of stock will have been subscribed and that by November 1 a charter will have been secured from State Secretary McKay.

Joe Hirsch The First

To Joe Hirsch, vice-president of the Corpus Christi National Bank goes the distinction of being the first to subscribe for stock. When the committee called on Mr. Hirsch yesterday morning and asked that he subscribe for one or more shares it required no argument to convince him. He was one of the original boosters for the Exposition. His subscription was for four shares.

Edwin Flato, president of the Corpus Christi Hardware Company was the next subscriber, he taking four shares. Other subscriptions received during the day were:

Scaniv Brothers	one share
Louis C. Wells	one share
Grossman Company	one share
H. E. Luter	one share
Jill Rollins	one share
E. H. Allen	one share
E. H. Caldwell	one share

The committee this morning will review their lists and to-morrow they expect to have disposed of fifty shares of stock, as the result of the day's labor.

BARBECUED CHICKEN IS FEATURED AT KAPHAN'S

Former Outfielder on Galveston Baseball Team is Making Good at His New Place

Ely Kaphan, for many years outfielder on the Galveston team in the Texas League, and whose cafe at Galveston was washed away in the recent storm entailing a loss to him of $5,000, one week ago moved to Corpus Christi and he is now owner and manager of Lubinger's former place on the Bluff Road.

"Kap" as he is familiarly known among baseball fans promises to make barbecued chicken a famous food in Corpus Christi as he did in Galveston during his four years of catering in the Island City.

Most folks eat chicken at least once a week and have it served fried, baked, broiled, or in other familiar fashions but barbecued chicken is something new and "Kap's Place" promises to become famous with Corpus Christians and visitors for its barbecued chicken, as well as other foods that will be served.

With the 1915 baseball season just closed it is a little early to talk of baseball for next year but Kaphan has already secured A. J. Rosenthal and other baseball boys that if a concerted effort is made to provide a good team in this city next year that he will do everything in his power to make it a success.
