Double Seal Piston Packing Rings are a revolution in piston and cylinder packing and their manufacture marks a new era in automobile efficiency, economy, and power. They are the latest word in scientific design and mechanical construction. Deriving the name from both their form and function, they are properly called the "Double Seal," because they form a positive seal in the piston groove, the inside edge being bevelled and making contact against the bottom face, to seal the gas in the groove and also, being double ground the outside, to seal the wall and to move freely. Hence the name, "Double Seal."

MORE POWER

Your car no matter what its make or cost, is as weak and inefficient as its weakest cylinder. Wasted power means wasted fuel and useless mechanical strain without increased efficiency. And every ounce of pressure that escapes through worn piston rings is power you are paying for and not receiving in service. Has your car labored hard climbing the hills, which other cars slide by? Has there been an excessive amount spent on the repairing, burnt-out bearings, or a "knocking" engine? These are some of the results of leaking piston rings, which frequently lead to an expensive overhauling.

DOUBLE SEAL RINGS SECURE

Full motor power, perfect compression, less noise.
Minimum carbonization.
Less repairs.

The saving in fuel and oil in a few months will pay for installing the Double Seal Rings on your car and when installed, they are there to stay.

SUIT TO RECOVER AGAINST GUSSETT BONDSMEN IS FILLED

Commissioners and County Treasurer H. N. Garrett Named as Plaintiffs in Action Against Sureties of Former County Treasurer Gussett

STATE IS THE PLAINTIFF

City News : : : : : : in Brief

Advices from Glockner Sanitarium, Chicago, Illinois, indicate that Richard Norberg, who was first thought unfavorably on account of foul play, is improved for approximately 10 years, when unfortunately was shot and killed in a quarrel involving a woman.

The regular monthly meeting of the City Commission of Ft. Worth will be held this afternoon at 2:30 o'clock in the Mrs. Louise of the Mission Hotel. A large attendance of members and others interested in the work of the Commission is expected.

A special car carrying thirty boys from Corpus Christi and vicinity left the Bluff Line depot last night for the Boy Scouts camp on the Gulf near Port Aransas. The boys will spend a week in camp.

A number of physicians from San Antonio and other points expected to be here today to attend today the meeting of the Medical Society of the 19th and ninth districts, the meeting begins with the reading of a paper by Dr. Lewis Tucker of San Antonio, president of the Council.

The public further expressed that they are interested and hoping that the Legislature, Congress and Congressmen will do all in their power to help the cotton growers.

PERSONAL MENTION

Robert H. Fitzhugh, representative for Texas Magazine, is in the city today from Houston.

Miss Ina M. Cobb and Miss Ruth Stanley, both of Port Lavaca, are visiting friends in the city.

Attorney Davis and wife of Port Lavaca are spending the week-end in the city.

Tuesday.

T. L. Whittington of San Antonio is in the city.

D. M. Dodson of Austin is registered at the Nueces.

COTTON CROP EXCEEDS MOST SANGUINE HOPES

Nueces and San Patricio Counties Already Have Ginned Nearly 14,000 Bales of Cotton

In the face of the most disastrous storm in the history of South Texas, farmers of Nueces and San Patricio counties are gathering amazing bales of cotton in some of the most phenomenal crops ever produced in Nueces county, in fact and San Patricio County.

The estimates of now there are in the Corpus Christi section, including the crops and have to increase, cotton that made good crops was brought to the city last week by H. C. Franks of San Antonio, traveling agent for the San Antonio and Aransas Pass Railway Company.

Mr. Franks saw Mr. H. Kleberg in Kingsville, he stated that he being winnowed by W. H. Mitchell. Forty acres of the land is irrigated and from the crop Mitchell has already picked and ginned 15 bales and will pick at least six more bales.

The cotton of the land gave approximately of the proceeds and from the 21 acres of land Mr. Franks received $726. The seed is being retained for planting next year. Other crops have also proven profit producers. Mr. Franks received $26 or his share of corn which planted in June.

The Caller having the largest circulation gives best advertising results.

DAMAGE SUIT TO JURY

Evidence and Arguments Concluded in Case of Goldby Ware Versus San Antonio and Aransas Pass Railway Company

The case of Goldby Ware against the San Antonio and Aransas Pass Railway Company went to the jury in the district court late Tuesday afternoon after a verdict had been rendered when court adjourned for the day. In this case Ware, who is a crippled school teacher of Taft, seeks to recover $5,000 damages from the Railway Company on the ground that he was injured while a passenger on the Railway Company's line of the Aransas Pass point. The case went to trial Monday morning.

The cases are assigned for trial for the first week:

Wade versus Alley
Chamberlain versus Ford
Tyler versus Railway Company
Holmes versus Chapman
Hockey versus Stewart

FOUR COMPLAINTS FOR ILLEGAL FISH SEINEING

Deputy Commissioners Williams and Eberhardt File Charges in the County Court

Six informations (complaints) by W. L. Williams and Joe Wilkinson, who are deputy game, fish and oyster commissioners, charges of illegal seining in Nueces waters were filed Tuesday morning in the county court against Manuel Rosado, Harold Matalon, Mike Jones, Frank and Angel Chapico, and Emanuel Tabernigo, alleged to be in the employ of Gulfcoast Fish Company.

The cases are docketed for trial at the term of county court to start next Monday morning, Judge David M. Pleasants presiding.
