5. That all of said defendants herein are asserting some claim or title in and to said premises, the exact nature of which is unknown to plaintiff. Plaintiff prays for process, for the appointment of an attorney to represent said defendants cited by publication, for judgment for his property, damages, for writs of possession and restitution, for all costs, and for such other relief, general and special, legal and equitable, to which he may be entitled.

Herein fail not, but have you this writ with your return thereon, showing how you have executed the same, before the said court at its aforesaid next regular term.

Witness, J. W. Barron, Clerk of the District Court of Brazos County, Texas.

Given under my hand and seal of office on this 9th day of July, A. D. 1915.

[Seal] J. W. BARRON,
Clerk of the District Court of Brazos County, Texas.

SMALL DELAY IN BUILDING.

The storm has retarded the work on the postoffice building very little, as hands were set to work as quickly as possible and all the water was pumped out of the excavations for the foundation and basement. Work was begun today on the concrete foundation and the brick work will be begun in the next few days. Several sacks of cement were lost by being wet during the rain Tuesday, but another car has arrived and the foreman on the building does not expect another delay for lack of material.

H. L. McKnight, secretary of the Commercial Club, went to Huntsville today in the interest of the agricultural extension department of the A. & M. College.

SKIRTS DIP TO SHOW THIER LININGS.

HATS MATCH FROCKS

New York, Aug. 21.—It's never too late for something new, if that something is fashion. It would seem that advanced summer is as opportune a time for launching styles as early spring, if one may judge from this season. Every time society congregates for sports there is something new in the way of fashion. It is one of their pastimes and amusements, this wearing of the new dress, as fast as the couturiere can contrive to produce it.

Styles on the Field of Aviation.

The automobile races and the fields of aviation are scenes of smartness this summer. Society is there in full force, for society must make the most of the things this land affords, since globe-trotting is out of the question. There have been several small meets lately out on Long Island, noteworthy from a view of sports, as well as fashion. Many men of prominence have taken to the air, and their wives and sweethearts and cousins were all there to see them do their spiral dips, loop-the-loops and dizzy descents. And, incidentally to wear the last word in dresses!

Points in Fashion.

Just at the present time, this last word happens to be points, and feminine society has taken to it like ducks to water. These points must be in the right place though, and this place is the lower edge of the skirt. Deep points and small points all contrive to show the gargeous linings of the skirts.

A Frock of Linen.

One of the Misses Post, who is devotee of aviation, was seen recentl at a meet in a dress of this type. C extremely short, the skirt showed fo shallow points. This was white line which matched a jumper of the san material and was worn over a guim of transparent white Swiss. The tri ming was, of course, cretonne, for dress if quite complete without it t summer, but this time it had forsak its gay colors and flowers in favor a black-and-white check. To say t bands and facings of this material the white were startling is putting mildly, but, then, the points of t skirt was striking enough to carry a contrast of his kind.

Hats Now Match the Wash Dress

This is a season which demands a hat of its own, matching in the material or the trimming. Post's hat followed the rule in the matter of the black and white contrast. In its straight-brimmed sailor shape, low-crown and tilted forward on the head, it had a swagger style in keeping with the spirit of autumn.

Stockings Checked Likewise.

What hats may do, stockings may likewise. Even if they were not cretonne, they had its checks and matched the facing, the trimming and the hat, giving a certain completeness to the costume, which left nothing to be desired in style.

LOCAL FREIGHT PUT ON.

The International & Great Northern Railway Company has reinaugurated the daily local freight service on the north end of this division of the road. This train makes up in Bryan. The company also expects to put the south end local back on in the near future, as the traffic on the road is reported to be increasing very rapidly.

The inauguration of the day passenger train service on this division is still under consideration by the officials of the road, who do not seem to be in any hurry to act on the matter.

ABE RUEF GETS REHEARING.

San Quentin, Cal., Aug. 21.—Abraham Ruef, one-time political power of California, now serving a fourteen-year sentence for offering a bribe to a San Francisco supervisor, is being given another hearing today upon his application for parole. Ruef has served four years and five months of his term, half of the net time of his sentence, making allowance for good behavior credit. In his parole petition he asks that he be barred from entering San Francisco County during municipal campaigns.

SMOKE RISES FROM CRACK IN GROUND AT SAN MARCOS

Queer Freak of Nature Has Proved Inexplicable.

San Marcos, Tex., Aug. 21.—Nature is demonstrating one of its strange freaks on the Sam Mumford place of Normal Hill, a smoke or gas rising from a crevice in the ground. The earth near it is packed and when broken off cannot be handled without cooling. It has attracted a crowd all day. The smoke and heat cannot be accounted for unless caused from oil or gas.

GIRL ATTEMPTS LONG SWIM.

Ocean City, N. J., Aug. 21.—Miss Elizabeth Upton Meehan, 17-year-old daughter of J. Franklin Meehan of Mount Airy, Pa., a swimming instructress of the Germantown Y. W. C. A., started today to swim to the steel pier at Atlantic City, a distance of fifteen miles, over water that is rough and treacherous all the way. Miss Meehan swam the mouth of Chesapeake Bay, seven miles, at an average speed of twenty-two minutes per mile. Miss Meehan's grandfather in his day held many swimming records.
