Not Sisters

Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be at her finest and fairest. Why isn't it so?

The general health of woman is so intimately associated with the local health of the essentially feminine organs that there can be no red cheeks and round form where there is female weakness.

Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Favorite Prescription. It gives vigor and vitality to the organs of womanhood. It clears the complexion, brightens the eyes and reddens the cheeks.

No alcohol, or habit-forming drugs is contained in "Favorite Prescription." Any sick woman may consult Dr. Pierce by letter, free. Every letter is held as sacredly confidential, and answered in a plain envelope. Address: World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N.Y.

HUNT COUNTY SUMMER NORMAL

Will Begin at Burleson College On Monday, June 20th.

The Hunt County Summer Normal, which convenes in Greenville, June 20, and lasts five weeks, promises to be one of the best Normals in the State. The faculty consists of ten experienced teachers, specialists in the subjects that they will teach.

The expense will be very light, as the Boosters' Club of Greenville has made arrangements whereby those who attend will be exempt from tuition fees, and good board can be secured at such reasonable rates that it will be very nearly as cheap to attend this normal as to remain at home. All the railroads have made rates of one and one-third fares to Greenville for the benefit of those who wish to attend.

The citizens of Greenville will make the visitors feel at home. They are interested in this normal and wish to do everything to make it a success.

Burleson is an ideal place to hold a normal, having ample class-room facilities, a good auditorium, library, and all the conveniences that are necessary. It is situated on a hill, free from dust, and has a cool breeze at all times.

The examination will commence July 23 and continue to July 30. A person who attends the full session will be entitled to have his certificate extended.

For any further information in regard to this normal, write to L. C. Gee, conductor, or Prof. J. E. Abney, who has charge of securing suitable places for the teachers to board.

Farmers should eat more oatmeal.

Although the farmer of today is able to buy almost anything he wants to wear or to eat he isn't paying enough attention to food values when it comes to his own table.

If he has been watching the extensive researches and experiments on the question of the best human food for muscle and brain he will heed the advice from all sides to "eat more Quaker Scotch Oats."

Quaker Scotch Oats is mentioned because it is recognized in this country and Europe as the best of all oatmeals. Feeding farm hands on Quaker Scotch Oats means getting more work out of them than if you feed them on anything else.

For hot climates it is packed in hermetically sealed tins; and in regular packages. 64

THE Y. M. C. A. RALLY.

Rev. Lockett Adair Delivered a Lecture and $450.00 Raised.

According to previous announcement there was a meeting of those interested in the Young Men's Christian Association in Greenville last night at the Wesley M. E. church. The crowd was rather small, probably owing to a misunderstanding of the date or some other cause.

Mr. Adair although just out of the revival meetings at Tyler appeared none the worse of wear.

He spoke of the great importance of the maintenance of a Y. M. C. A. in the city insisting that it was necessary for the protection of the boys and young men against the popular vices incident to city life. He discussed the legitimate work of the organization in its various aspects and urged those present to support the institution with their money and their influence.

He stated that he was thinking strongly of becoming a citizen of Greenville, that he liked the people here and would like to rear his children among them.

A subscription was taken up which amounted to something over $450.00, Mr. Adair contributing $25.00 of the amount stating that should he decide to locate here he would increase it to $100.00.

After the close of the address of Mr. Adair, Mr White, the secretary, gave an account of the work that is being accomplished in the organization.

Judge Grubbs moved that an invitation be extended to Rev. Adair to become a citizen of Greenville which was carried unanimously by a rising vote.

MISS GEE'S PUPILS GIVE PLAY.

Snappy Farce Well Presented at Burleson College Last Night.

The pupils in oratory of Miss Vinnie Gee gave an entertainment of drill and team work and presented with a spiceness and go that is seldom seen in amateur, a one-act farce entitled "Jet on Paris Francaise," to the enjoyment of a large audience, mostly of the town people, last night.

In the flower drill by tenth grade High School girls, Miss Vivian Ross was especially proficient in the difficult maneuvers. In the bell drill Miss Louise Eude displayed remarkable grace and a military exactitude.

The comedy sketch told in one spicy spicy act was of a mix-up in a hotel at an English watering place where the guests relations were a source of constant distraction to the proprietor who advertised that "Here We Speak French" and could not speak a word.

Miss Lela Cantrell as the maid was animated, gay and fitted to the part. Martin Bush as the proprietor was stern and pompous and did his part well. Miss Juanita Bledsoe as Angelina, was natural, graceful and displayed good facial and dramatic expression. Walworth Harrison made a Frenchman that one might think had just stepped across from "Gay Paree" pointed moustache, pardon's to all. He showed fine skill in his French accent, and also French facial contortions.

The entertainment was greatly enjoyed by all and proved the excellence of Burleson's oratory department this year.
