THE MORNING HERALD

BY E. W. HARRIS & SON.
L. A. CLARK, Associate Editor.

Entered at the postoffice at Greenville, Texas, as second-class mail matter.

Thursday, July 7, 1910.

WILL SOME ONE EXPLAIN.

The German-American Alliance in state convention at San Antonio Tuesday adopted resolutions favoring O. B. Colquitt for governor, reciting that the prohibitionists intend to elect a governor and legislature who will adopt a statutory prohibition law in case submission fails and calling upon all anti-prohibitionists in Texas to support none but, first, straightout anti-prohibitionists, and second, straightout anti-submissionists for governor and members of the legislature. Now this is strange. The Poindexter people contend, first, that statutory prohibition would be unconstitutional and second, that should it be adopted all our local option laws would be repealed. Will some one please tell us why these German anti-prohibitists, many of whom are prominent and able lawyers, would lend aid and oppose statutory prohibition if it is unconstitutional and why they would oppose it if the effect would be to destroy our local option laws, and do the very thing these antis want—open the saloons in local option territory? These antis know what to fight and where the danger lies. They are betting against every contingency. With them it is a plain matter of business. While Poindexter speakers are denouncing Johnson and those who support him, these antis are also moving heaven and earth to bring about his defeat. They know who to fear and are leaving no one unalone. Yet prohibitionists continue to argue that prohibition by statute is unconstitutional thus dividing our forces and helping the saloon crowd.

Here are the resolutions referred to as published in the Fort Worth Record:

"Your committee on resolutions beg leave to report that, after diligent examination of the resolutions herein, extends the greatest confidence to O. B. Colquitt, believing in his competency to carry out the wishes of this association here represented. We recommend therefore, that all members of the state league vote for O. B. Colquitt for governor and A. R. Davidson for lieutenant governor."

The other resolution adopted follows:

"Prohibitionists have invaded the Democratic party. They have gained many followers and are seeking to obtain complete control of the party in order to force prohibition down the throat of the people with the help of the Democratic party. There is a method in this, because they know that they can get results only through the dominating party.

"This fall they expect to see the fulfillment of their wishes. They hope to elect a governor and a majority of the legislature on a prohibition platform. They also are certain in sight for their pet project of a constitutional amendment. They are playing safe. In the event that submission ends disastrously they still hope to force it on the people of Texas with statutory prohibition with the assurance of a prohibition governor and legislature.

"We anti-prohibitionists must prevent the election of a prohibition governor and must prevent the adoption of a submission platform by the Democratic party of Texas. We must, in addition, seek to have as many anti-prohibitionists as possible in the legislature.

"Although we may not win all along the line, we must, nevertheless, concentrate our efforts upon the election of an anti-governor. This is the most pressing business at this time.

"How can we accomplish this? Only by the participation of all antis in the primary July 23.

"The Democrats are the dominant party in Texas. The party nominee is practically elected. Anyone therefore who would have a say in the election of governor and lieutenant governor must go to the primaries.

"The question of submission also will be decided at the primaries. Whosoever, therefore, would help to decide the question must vote at the primaries. The political fate of most of the candidates for the legislature is decided right here. In order to assure yourself of an anti-prohibition legislature, again the injunction, 'vote in the primaries.'

"For these reasons the state league of the German-American alliance, assembled in convention, urges all members to attend the Democratic primaries July 23 to vote for an anti-prohibition and anti-submission candidate."

They also planned to send to Austin a strong delegation to fight against prohibition at the coming special session of the legislature. It will be seen that they are all going into the primaries to fight us on all parts of the ground. Why should we not fight them the same way?

The Poindexter people get furiously mad when his past record is spoken of and yet while Johnson has himself conducted his campaign on a high plane that Judge and his leading supporters have exhausted their vocabularies in vilification and abuse of Cone Johnson. Such headlines as "The Slimy Record of Cone Johnson" appear in their publications. There is nothing too severe for them to say of Cone Johnson, and yet when the past record of their man is shown up they get furiously mad. This paper would be glad to see the campaign conducted as becomes intelligent and patriotic citizens free from all bitterness, but how can our friends on the other side expect us to sit silent while the man and principles we support are being slandered and not at least strike back. We propose to keep our head and to deal fairly but at the same time we serve notice now that the time is past in this county when the people can be bullied and driven by the supporters of any man or set of men.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O.

Saved at Death's Door.

"The door of death seemed ready to open for Murray W. Ayers, of Transit Bridge, N. Y., when his life was wonderfully saved. "I was in a dreadful condition," he writes, "my skin was almost yellow, eyes sunken, tongue coated, emaciated from losing 40 pounds, growing weaker daily. Virulent liver trouble pulling me down to death in spite of doctors. Then that matchless medicine—Electric Bitters—cured me. I regained the 40 pounds lost and now am well and strong." For all stomach, liver and kidney troubles they're supreme. 50c at all druggists.

ANSWERS EVERY CALL.

Greenville People Have Found That This is True.

A cold, a strain, a sudden wrench. A little cause may hurt the kidneys. Aches of backache often follow. Or some irregularity of the urine. A certain remedy for such attacks. A medicine that answers every call. Is Doan's Kidney Pills, a true specific.

Many Greenville people rely on it. Here is Greenville proof.

Mrs. V. J. Linehan, of Greenville, Texas, says: "I first used Doan's Kidney Pills about two years ago. For some time I was greatly annoyed by backache. Whenever I contracted a cold, it settled in my kidneys and at such times the passages of the kidney secretions became too frequent. Doan's Kidney Pills, procured from Ford & Pennington's Drug Store, gave me great relief. Another member of my family used this excellent remedy with equally good results and it, therefore, gives me pleasure to recommend it."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
