OH!—The opinion of the ex-City Council was that we didn't need sprinkling during the hot summer months, and refused to appropriate a single stamp to lay the dust this summer. It remains to be seen that Mayor McFadden and the newly elected council think about the matter. James Lefevre is ready and willing to water the streets, provided the council appropriates the required amount, which amounts to $7 a mile, compared to the great benefit to be derived.

PENITENTIARY—Boone county sent four candidates last week.

OUR SCHOOLS.

Their Closing Exercises.

The educational advantages of Lexington, are acknowledged by those conversant with the facts to be far ahead of any other city in upper Missouri. More marked and undoubted is this superiority in the case of the education offemales. Our city was crowded all last week with the parents and friends of the pupils who had come to witness the examinations and commencement exercises at our female colleges. Flourishing institutions under the auspices and management of four christian denominations, (Methodist, Baptist, Presbyterian and Christian,) by a spirit of generous emulation, stimulate each other to the greatest efforts to reach the highest excellence in every particular. Lexington is certain to become still more noted for her advance in this direction, until where now there comes one young lady from a less favored locality there will be a score. There is every reason why this should be so. One of the very healthiest localities in the state, with four female colleges already established and thriving, an emulation between them that will ever keep them awake, active and vigilant, a community educated and refined and most thoroughly concerned and interested upon the subject of education, give all assurance that cannot be doubted. There says of the various graduating classes ears evidence of high mental and moral culture. Most of the young ladies composing these classes were from a distance, and have returned to their homes perhaps never again to come among us. The blessings of a whole community follow them, and sorrow at their departure sits on a score of hearts, for by their noble womanly conduct they have made many friends. We hope they will not forget our people, or ever cease to cherish the warmest feelings toward their *alma mater*. Need fail to influence others to attend who will add to its reputation as they have done, by irreproachable conduct and diligent application to their studies. We hope they will not forget us. We have noted them from time to time since they first came among us several years ago. We have seen them grow from girlhood's undivided state out into the blooming beauties of womanhood, have marked the changes of their features as they have been moulded into a nobler, more intellectual expression by the "coast of thought" and Christian grace. No wonder then that we have more than a passing interest in them.

Want of space forbids anything but a passing notice of each school separately.

CENTRAL FEMALE COLLEGE.

This institution, under charge of its late president, Absalom Dalzell, assisted by Miss Amelia Minor, Miss Bell E. Green and Mr. Dora Davault, has given universal satisfaction. We wish we had time and space to give each one of these excellent teachers the notice they merit. The last and still in progress honor roll, extending to the three first classes, was apparent to all and no one who listened to the soul-thrilling music of Mrs. Davault and her well trained pupils, and the spirit of cheerfulness and love, that marked the intercourse between teacher and pupil will without the praise she so justly deserves. We give the programme of the commencement exercises" which took place at the M. E. Church, South, Wednesday evening, under the management of Prof. Davault. Prayer, by Rev. W. M. Pough. Child of Mortality, by vocal class; crowning Song North followed, during which the five graduates—Misses Wellmer, Walker, Singleton, Winchell and Young, kneeling, were crowned with garlands of flowers by a bevy of young ladies. Essay—Mementoes of Mortality, by Miss Jessie Webster. LeMarci Gras, by Miss Sallie Compard. Miss Davault. Piano—In the Starlight, Gower, by Misses Jouett and Ella Kincaid. Essay—Thoughts suggested by hearing Home, sweet Home, Thackeray, by Miss Clingle on Home Sweet Home Tarbiery, by Miss Flavia Lindsay. Matrimonial Knots, by little Misses Rylee and Windsor. Essay—The Middle Ages, by Miss B. Winchell. Violets Blue, Kunkler, by Miss Bayless. Come Where Flowers Grow Hartholy, vocal class—Heaven from all Creatures Hides the Book of Fate, by Miss Young. Faust Waltz, piano and organ duet, Miss Lindsay and Mrs. Davault. Our Merry Home, Gower, by Misses Hoge and Hinkley. Essay—How Attractive are the Blue Heavens, by Miss Nettie Wallace. Overture—Queen of Diamonds, by Misses Rylee and Mrs. Davault. Dr. Camp delivered an address to the graduating class, and presented the Diplomas. Prof. Davault, made a few kindly parting remarks, "Good night" was sung by the vocal class, in response pronounced by Rev. W. S. Woodward, and the exercises were over. On Thursday evening, Dr. Sullivan, the newly elected president, delivered his annual address. We cannot give our readers an idea of its merits.

Dr. Sullivan did not come with a prepared speech, but trusting to his familiarity with his subject he spoke with confidence and power. His language was chaste, elegant and exact; with no pretensions to stylish oratory, he is a pleasing speaker. The wrapt attention of his audience was no small compliment after the week's surfeit of speeches on the same subject. Without the aid of artificial ornament, he held his audience by the sound, sterling, practicable sensibleness of his views. He advanced no European theories, indulged in no sickly sentimentalisms about the divinity of woman, but spoke of her as she is, one half of the human race, and of her education as designed to enable her to perform more truly whatever may be her duty in the lot that would fall to her in life.

BAPTIST FEMALE COLLEGE.

This old school of ours, "was not a whit behind any of its rivals, but fully sustained the reputation it has borne for the last twenty-five years. No words of ours can add anything to it. Hundreds, yea even thousands, of women now living, scattered over the whole land, look to this their beloved alma mater. To its early establishment and continued success, we owe more than to any other cause, that interest in our community which has developed the other colleges in our midst. Under the management of President Sears, assisted by Miss Hawkins, Miss Shaw and Miss Boykin, this college has just closed a most prosperous session, with a promise before it of still greater prestige, and larger field of influence. The following is the commencement exercises held on Wednesday evening: "Footprints on the Sands of Time," by Miss M. A. Smith; "Our Toils and Our Rewards," by Miss H. T. Garnett; "Mind, the Measure of Man," by Miss Jennie Siegel and "Resolved that Life was Dirty," by Miss Lydia Davis. The Valedictory was delivered by Miss Lyne, the Salutatory by Miss Davis. The diplomas were then conferred by Dr. Selph, who made a few pointed remarks. During the week addresses were delivered by Drs. Ford and Yeaman. We were sorry that we could not hear these gentlemen. Those who did, speak of their speeches in the highest terms, and commiserate us for having missed a treat. The levee, on Thursday evening, was just the nicest thing of the kind that ever came off in Lexington.

ELIZABETH ANN SEMINARY.

This institution, endowed by the will of that most estimable lady long since dead, whose name it bears, has closed a session more prosperous than any of the others perhaps, which indeed is no small cause for satisfaction to its managers. Brother Quarles, has proven himself worthy of the trust reposed in him, when he was set to build up the fortune of this school, which was sinking under the weight of former mismanagement. He and his assistantshave succeeded, and have placed the college on a firmer foundation, and in prosperity, far ahead of what it ever was before. Mr. Quarles believes in "written examinations, no public exhibitions." We could not be present at these examinations, but we hear the patrons of the seminary, loud in their praises, of the skill of the teachers as displayed in the proficiency of the pupils. For best deportment among boarders, five medals were awarded by Mrs. Ireland, the accomplished matron, to Lizzie Lampton, Carrie Lewis, Lue Hays, Mary Parke and Mattie Young. Prizes were given to Miss Bettie Aull, for music upon the piano; Mary Parke, for spelling; Anna Handly, for reading, Medora C. Chaney, for composition; with honorable mention of Mattie Young and Mary Parke.

CHRISTIAN INSTITUTE,

The commencement exercises of this young ladies' college, under the control of the Christian Church, and in charge of Wm. H. Buckner, President and Principal, assisted by John R. Revis, Professor of English Literature, &c; Geo. M. Catron, Professor of Mathematics, and Miss Mildred Doman, Principal in Preparatory Department, and Professor Storanet, Professor of Music. This institution, though young in years, compares favorably with its rivals here and elsewhere. The graduates for this year were two in number: Miss Pauline Keller, and Miss Mary Catron. The essays, read by these young ladies were excellent, and reflect much credit upon the young ladies, as well as the Institution from which they graduate. On Friday the Oriole and Edgeworth Societies gave their usual Friday evening's entertainment, in which all the young ladies in the college participated. Their whole proceedings, from commencement to close, were in excellent taste, and replete with good sense, and sparkling with gems of wit and beauty, and all along displayed those rare, delicate and enthralling and tender characteristics of the female intellect, beauty and charm of pure and true womanhood. Among the young ladies now attending this institution and whose advancement and progress has been rapid and substantial, we noticed Miss Mattie Revis, of Warrensburg, Miss Maggie Douthitt and Annie Mountjoy, of our city, Miss Katie Hall and Mary Louis, of Waverly, Miss Annie Lambert, of Johnson county, Miss Kate Buckner, Independence, Mo., Misses Sue Tay lor and Mary Majors, from our fair rival city of Audrlie, Miss Fanny Keen, Lafayette county, and many others. These young ladies all did well, and their advancement and success speak well for the future good and patronage of the Christian Institute, where, with Mrs. C. B. Buckner, the amiable and warm-hearted wife of the President, W. B. Buckner, as a matron, a kind and christian home is made for the pupils attending the school. The exercises closed on Friday evening with an old-fashioned levee and social entertainment, which was largely attended by the patrons, friends and well-wishers of the school. The entertainment was interspersed with vocal and instrumental music. All were well pleased and their enjoyment was complete. An astronomical and philosophical apparatus will be added to the Institute for the coming year. Let the friends and the members of the Christian church stand firm to the Christian Institute and its success is certain.

Looking over what we have written, we become conscious that some of our readers may think that we set out on purpose for indiscriminate praise; but such is not the case, we see nothing that we would change except that it might be better written. We feel proud of our schools. You can find no better place to educate your daughters; but few as good. You can take your choice of religious denominations. To whatever one you send your daughter, you may rest assured that you have placed her where she will have the very best of educational advantages.

COUNTY ATTORNEY.

Under this head the Waverly Express has the following complimentary notice of our fellow townsman, A. J. Hall, Esq.:

"Among the important offices to be filled with discreet and sensible men, this fall, none should receive greater attention at the hands of the people than this office. Scarcely a week passed without some shocking murder being perpetrated, and yet not a single conviction made (unless the poor dead has been tried for stealing a pair of shoes). There is evidently something wrong in the manner which criminals have escaped the penalty of the law in this section. Mr. Hall is an able young lawyer, and would fearlessly do his duty. We need just such a man for this office that will make the rich and poor feel alike that it is no holiday business to be shooting down human beings like dogs. We speak of Mr. Hall thus as the opinion of many voters who want honest men in office. We believe Mr. Hall would get every vote in this township.

A SHAMEFUL OUTRAGE—Columbus Pool, living in the vicinity of Mayview, was the victim of a piece of cruel and dastardly treatment one night last week. He is said to have been attacked and severely beaten by three men, one of whom knocked him down with a slung shot, inflicting an ugly gash three or four inches in length. After knocking him down, one of the parties jumped upon him and continued to beat him, (the others standing by and encouraging,) until his cries brought his wife and two hired men from the house. Upon the approach of these his assailants fled. Mr. Pool came into town and charged J. J. Cloud, Lawson Smith, and a man by the name of Thompson, as being the perpetrators of the deed. On Sunday, these men were arrested, but gave bail for their appearance at trial next Friday.

THANKS—One of the "typos" of this office returns thanks to Mr. Chas. Weber for a fine dish of ice cream. Go to Charley's if you want a fine dish of ice cream.

WELLINGTON ITEMS.

IMPROVEMENTS.

Wm. Divens and Joseph Baker have just completed a new blacksmith shop on Hines' Avenue, east side public square, where they expect to blow the bellows and make the sparks fly, and do work at low prices; but will credit no man beyond the cooling of the iron—effects of hard times, and high taxes, you see.

LATE CORN PLANTING.

The wet spring interfered much with the planting of the corn crop in this neighborhood. Much of the corn was planted in this month, but generally looks well.

ARE THEY ALL GENUINE.

It seems that the hard times have driven a large number of persons to begging and imposing themselves in different ways upon the people. Some, no doubt are honest, but from the great number traveling through the country under so many different pretenses, asking aid, causes us often to doubt the truth of their representations. Not a week passes that our little city is not visited by some of them. In one week we had a man here trying to pass a counterfeit twenty dollar greenback; another stout, healthy man trying to impose himself upon the masonic fraternity; another claiming to be a disabled soldier, and another, a boy, representing himself as a poor widow's son, all wanting money.

Now the question is, are they all genuine? It certainly behooves the people to be careful in bestowing charity, to know that the receiver is an object of charity and is worthy.

YOURSELVES.

Everybody pleased to see you endorse the liberal policy in our national contest. Everybody's motto might be said now to be *Tempora mutantur, et nos mutamur in illis*, that is that "the times are changed, and we are changed with them." The people all as west can declare themselves for Greeley and Brown.

AGENT FOR MISSIONS.

Miss Hattie Moore, of this place, has received the appointment of agent, to solicit and receive contributions for the Missionary enterprises of the Cumberland Presbyterian church, for Wellington congregation. It is hoped the people will contribute as liberally as their means will permit to this laudable enterprise, assuring them that every cent placed in Miss Hattie's hands will be applied to the cause which she represents.

A USEFUL ARTICLE

and which every body should have—a cherry seeder. J. L. Marshall has them for sale at his drug store, and guarantees them to do the work. After using one half an hour, you would not do without it for five times its cost. Call and see it, and satisfy yourselves that it is no humbug, and get one before they are all gone.

GOING TO MARRY SOON.

Yes, they say it's so, certain; they are going to marry very soon; but you must not mention it to anybody, they don't want it to get out.

She has bought her bridal hat and second day and traveling dresses, and lots of other things; but this is all confidential, you must not say anything about it for the world.

Her bridal dress is to be watered silk, and her bridal veil is to drag the floor, but for goodness sake keep this to yourself.

She has the sweetest headdress you ever did see; the wedding tickets are printed, and will be sent out in a very few days, and the preacher is engaged; this was told me in confidence by one that knows all about it, and you must not speak of it.

They are going to take a bridal tour and be gone several weeks; but don't breathe this to anybody, you are the only person I have mentioned it to.

THE SAENGERFEST.

We spent three days in St. Louis last week, and had the pleasure of attending this great German musical jubilee. We did intend to give our readers some account of our impressions, but having the greater part of the paper to make up in a day or two, we did not have time. Think of a building 350 feet in length, 150 in breadth, and 50 feet in height, with a capacity to seat 15,000 persons; think of this immense structure with its grand arches, and elaborately frescoed ceiling, with the walls and every part decorated in the most beautiful and expressive manner with wreaths and festoons of evergreens; think of the immense stage arranged stupidly theatre-fashion, the best tier of seats rising thirty feet above the floor, occupied by 1,500 of the best musicians in the world—over all of which six immense reflectors shed the brilliant and dazzling light of ten hundred gas jets, and you have a scene of enchanting beauty and grandeur, which surpasses description. Think of this grand building filled and echoing with fifteen hundred well-trained voices, in the most perfect accord, and you have some faint idea of the Saengerfest. All we can say is that the music was grand beyond description. Mrs. Dexter, of Cincinnati, who has no rival since the days of Jenny Lind, was the favorite with the American portion of the audience. The "swallows Homeward Fly," as sung by her, was soul-ravishing, and received by round after round of the wildest applause. The jubilee closed last Sunday with a grand picnic in the day, and concert at night. In plain language, it was altogether about the "biggest thing" that ever came off in our state, and we are sorry we cannot say more about it.
