Ste. Genevieve, Bloomsdale, Punjaub, Valle Mines and De Soto, weekly, arrives Wednesday at 6 P. M. Departs Thursday at 6 A. M.

LOCAL MATTERS.

Money scarce.

Business dull.

The river is still froze up.

Gen. F. A. Rozier was in town on Saturday and Sunday.

Now is the time to get Flannels cheap at Rozier & Jokerst's, as they are selling out their stock of Woolen Goods at from 10 to 15 per cent below their real value.

"Mac," the "Inimitable," has been humming around De Soto of late.

Hon. Wm. F. Cox will please accept thanks for late Jefferson City papers.

Senator Rozier will please accept thanks for late favors in the shape of valuable public documents

The material for the *Pressure* has arrived, and that paper will soon put in its appearance.

J. R. P.'s, of French Village, communication arrived too late for insertion this week. It will appear in our next.

We hope the "shadly of waters" will soon cease to be "stix up." We are lost without the familiar whistle of the Elliott.

We are wanting to hear from some of the farmers on the wood factory question. Don't be backward, gentlemen

Our sheriff is still confined to his room. We hope to soon see him about again. The Court house looks lonesome without his genial face.

The County Court ordered the building of a new jail, appropriated $7,000 for the purpose of building it, and appointed John S. Whitlock to superintend it.

Our new Job Press has arrived and we are now prepared to execute anything in the Job Printing line from a delicate visiting card to a mammoth poster.

The Ste. Genevieve county council of the P. of H will meet at New Offenburg Saturday, Feb. 20, 1875, at 10 o'clock A. M. All members are cordially invited.
JAS. R. PRICHARD, Master.

The election to decide on the Constitutional Convention on Tuesday last, resulted at this voting precinct as follows:

Conway 19; Pipkin 49; Morse 1; Robbins 5; F. Leavenworth 1; C. C. Rozier 1.

We are in receipt of valuable public documents from Hon. R. A. Hatcher, for which he will please accept our thanks. Notwithstanding the abolishment of the franking privilege, he does not forget his friends.

What is the matter with the lovers of the "light fantastic?" Last year at this time there was an average of about six balls per week in this city and neighborhood, and this winter we do not average one a month.

There have been several weddings recently in this vicinity. We would respectfully inform those who are matrimonially inclined, that we can print "Invitation Cards" to perfection; and then there is so much more style about getting married, when you can send out highly ornamental "invitations" to your friends.

Again we would remind those who are in the habit of getting married occasionally that we would be glad to have them send in their marriage notice for publication——accompanied with a bottle of wine and a piece of the "bride's cake" of course.

MARRIED.—On Wednesday evening, January 20, 1875, at the Catholic church, in this city, by the Rev. Father Weiss, Mr FRANCIS L. JOKERST to Miss ROSINE YEALEY; both of this city.

The happy couple have our kind wishes, and we hope their lives may be long, prosperous and happy. The printer was duly remembered, and while we sipped the sparkling wine, our toast was:—

Our hope is each flying hour will
Conspire your cup of joy to fill.

Ste Genevieve County Agricultural and Mechanical Association.

According to previous notice the pitioners to the County Court praying to be incorporated as an Agricultural and Mechanical Association, met at the Court House, on Monday evening for the purpose of effecting an organization.

On motion, Mr. Henry Kertz was called to the chair and O. D. Harris, Esq., as secretary *pro tem.*

Judge Robbins was called upon to state the object of the meeting, which he did in a few brief remarks.

The meeting then proceeded to elect nine directors for the ensuing year, which resulted in the election of the following persons: Louis Naumann, Henry Kertz, Jacob Hoog, Leon Jokerst, C. W. Hamm, O. D. Harris, Valentine Rottler, Frank Klein and George Sexauer.

The amount of capital Stock agreed upon was $10,000, divided into 500 shares of $20 each.

The meeting then adjourned.

The directors are to meet on Saturday night next for the purpose of electing a president and other officers from their number, and to prepare to open books for the subscription of stock.

Local Surroundings.

JEFFERSON COUNTY.

From the *Jefferson Democrat* we learn:

There is a great deal of sickness throughout the county—mostly pneumonia or typhoid fever.

Sheriff T. B. Moss has been presented with a fine hunting-case gold watch, by his friends in De Soto, Kimmswick and Sulphur Springs, as a token of their regard for him as a gentleman and officer. He wears his honors very modestly.

A son of Robert Venn, of Sulphur Springs, aged 14, died last Tuesday from the effects of a fall on the ice while skating. The fall occurred several days previous, and he had attended school two days afterwards, but was injured internally and the injured parts inflamed and caused his death.

It was feared by some that the death of E. B. Ward, President of the Crystal City Plate Glass Co., would interfere somewhat with the operations of said company, but a new president has been selected, who it is thought is a more practical man than Mr. Ward was; and the business of glass making is driving ahead rapidly.

Last Tuesday the colored folks had a party at Pevely, and towards morning a row was raised, during which Giles Moore, colored, shot another negro man through the body, it is supposed wounding him totally. Moore was arrested and was to have had an examination on Wednesday, but we have not learned the result.

A sad death occurred at Victoria last Monday morning. Joseph Rader, a young man from Allegheny City, Penn., was helping to lift a hog on Thursday previous, and straining too hard he was badly ruptured. He suffered dreadfully till Saturday morning, when he died. He left no means, and was interred by the citizens of Victoria—a despatch having first been sent to his friends in Pennsylvania.

CAPE GIRARDEAU COUNTY.

From the *Cash-Book* we learn:

The postmaster-general has established an office at Arnsburg, in this county, on the route from Marquand to Appleton.

We are informed that there is no small pox on Cinney Fork, as has been reported; but that the disease prevails at Bollinger's Mill.

We regret to learn that Charley Davis, a little colored boy two years old, fell into the fire last week and was severely burned. He lost both eyes. His parents live three miles east of town on the gravel road. We understand that the child was subject to epileptic fits, and it was probably during one of these that he fell into the fire.

An ox was sold in the Cape last week that weighed 1,600 pounds—said to be the largest beef brought to that market for many a day.

They come near having a fire at the St. Charles Hotel, in that city last week. Fortunately no damage was done except the burning of a few bed clothes.

The ferry boat Katie Keiser is still fast in the ice gorge opposite the college, and all hopes of saving her has been given up. She will, without a doubt, go with the ice.

The largest man now in the Cape is a piano tuner. He measures nine feet in diameter, and is of ordinary height.

MARRIED.—On the 19th inst., at the Pine Street Presbyterian church, St Louis, by Rev E. H. Rutherford, Dr. H. M. Lewis, of Shelbyville, Ky., to Mrs. A. E. Bayard, daughter of Charles A. Davis.

STE. FRANCOIS COUNTY.

From the *Times* we learn:

It is rumored that a new paper is to be started in Farmington.

The more we hear of our "Katie King" the worse the talk grows about him. All he needs now is to speak three or four languages.

Two cultud ladies had a very interesting conversation on our street, the other day at one hundred yards apart.

We go to St. Louis this week to make the selection of new material for the improvement of our paper

A pet squirrel belonging to one of Mr. F. A. Cline's little boys died in its ninth year, one day last week. We would let thick squirrels often lived to that age.

Master Justus Bess writes us of the drowning of little Eddie Vogt, son of Mr. Joseph Vogt, of Irondale, while playing on the ice on Big River, near that place, on the 13th inst. A small son of Mr. Merrill, who was playing with him, gave every assistance, but to no avail; he then went home, carrying the sad news, and when other assistance arrived it was found he had been dead some time.

From the *New Era* we learn:

If Brother Arnold, of the *Genevieve Democrat*, dont hurry up and big enough paper, we will no longer take pride in telling people that we used to go to school to him

The scarcity of corn in the vicinity of Farmington is very apparent, when we take into consideration the fact that Long & Bro., have been unable to procure a sufficiency to feed their stock with and in consequence have just received a car load from St Louis.

DIED.—In Farmington, Jan. 5, 1875, Mrs Catherine Evans, in the seventy-first year of her age.

PERRY COUNTY.

From the *Forum* we learn:

We are reliably informed that small-pox prevails to a considerable extent in Bois Brule Bottom. There are eight cases of it; two of which are at Claryville, the other cases are between that place and St. Mary. No deaths have yet occurred. Most of the cases are reported to be bad

A negro previously put off of a boat, was found dead in a deserted cabin about the first of the present month. In ignorance of the cause of the death, a coroner's inquest was held upon his body, resulting in the spread of small-pox as above stated.

On the 15th inst. a flock of sheep belonging to Wm. M. Favell was attacked by a dog; the dog chased the sheep and Mr. Favell and a neighbor, a Mr. Clary, went in pursuit of the dog, revolver and shotgun in hand. The dog, notwithstanding the deadly assault of his pursuers, kept after the sheep until he had killed several of them. He then went home, followed by Mr. F. and neighbor. The owner of the dog, Mr. Self, kindly caught and tied him for them. The dog was hung.

From the *Union* we learn:

Mr. Thomas Bridgman, while skating upon one of the ponds near town on Sunday last, accidentally fell and sprained one of his knees quite badly.

Wild Bill has vacated the position he formerly occupied in the Mississippi near Allen's Landing, and is now located opposite Bailey's Landing, and has his craft well manned with "guns, whiskey &c."

Mr. J. B. Young, who resides at Water's Landing in Bois Brule Bottom, was in our office on Saturday, and he informed us that quite a number of swine have frozen to death in that section of the country during the present winter. A few days ago he was out hunting up hogs, and in six rounds, found and sold upwards twelve dead swine, and it is feared that others have perished from the same cause.

PIKE COUNTY.

From the *Louisville Herald* we learn:

The mails have been irregular the past week, on account of divided train. The number of trains on the roads are perhaps confusing, coupled with bad time, have caused two trains to leave the track.

The business of the railroads are quite dull. There is not enough business on the Iron Mountain railroad. Three of four extra hands are required each day to clear the road of loaded cars and transport the freight south.

Small thieves seem to be about these moonlight nights. One night last week the residence of Messrs. Joseph Baker, Enoch Pope and Col. Kincham were entered and from the first two some articles were stolen. Monday night the house of A. C. Robertson and others broke open the house and made an entrance into the store of Wm. Lovelace, in Marble Hill. A few dollars in change were taken, and a few knives and forks.

Personal violence has been threatened unless we desisted from our course as editor of this paper, and for the benefit of any who might stray from the path of rectitude we will hereby say that we were not "made to a ticket to be scared by a cricket," and any attempt at intimidation are useless. It is charged that we came to this county in the interest of a ring," but we tell it as a fact and the originator, who ever he may be, is a despicable old dodge. We came to Bollinger county to attend strictly to our own business, as a journalist and make an honest living, and any interference with our plans will be met with by harsh measures. Former editors of this paper have been cowed, even killed, but we would recommend such medication upon religious subjects and the aspirants get an executor before darkening our door in a threatening attitude. We hope a word to the wise will be sufficient, as we wish to avoid trouble, but we will speak of public men and their actions so long as steel holds on edge and powder continues to explode.

[Don't get angry, Tommy.]

We are not responsible for this paragraph, heaven; we didn't write it: "Young man, you feel a superiority to the whole human race, as you stand at the a fair with your fair young bride. You would not change places with the President. Yet a few short years, a few whisk-ings of broom handles, an untimely stoppage or two of wanted flat irons, and your weary body will rest under the swaying willow, while some young girl not will bring your late afflicted partner out to the cemetery on calm Sabbath evenings, and whisper love in her ear, as, together, they strew peanut shells over your grave. O, why should the spirit of mortal be proud!"

FOR SALE—A one horse spring wagon, cheap. Apply at this office.

VICK'S
FLORAL GUIDE
For 1875.
Published Quarterly.—January number just issued, and contains over 100 pages, 500 engravings, descriptions of more than 1000 of our best Flowers and Vegetables, with directions for culture, colored plate, etc.—The most useful and elegant work of the kind in the world. Only 25 cents for the year. Published in English and German.
Address, JAMES VICK,
ROCHESTER, N. Y.

Cherokee Remedy.
The Great Indian Diuretic.
Infinitely Superior to Buchu.
Nine tenths of the human family suffer, directly or indirectly, at one time or other from diseases or irregularities of the generative system, while the victims of indiscretion, and of quack treatment, are comparatively numerous.
The idea that patients cannot treat themselves successfully in these cases, has long ago been exploded. A good and reliable medicine, prepared by an experienced physician, from the original Indian Recipe, that is guaranteed to effect a
SPEEDY AND RADICAL CURE,
can be safely relied upon as the prescription of the most skillful practitioner. Such a medicine is the celebrated
CHEROKEE REMEDY.
Full directions are given with each bottle, and if they are but faithfully followed, a quick and permanent cure is guaranteed. Price $2.00 per bottle.
THE CHEROKEE INJECTION,
should always be used in conjunction with the Remedy for both incipient and obstinate cases of Gonorrhœa. Price $2 per bottle
CHEROKEE CURE
for seminal weakness, spermatorrhœa. It is a simple vegetable medicine that was used by many years in the practice of the physician who first gave the remedy to the public. It has effected cures that would seem to be credited except on similar evidence of the fact. Full directions, with pamphlet containing all particulars of symptoms, treatment, &c., accompany each bottle. Price $2 for bottle. Sold everywhere.
CHEROKEE PILLS.
These Pills are prepared especially for the cure of those irregularities to which ladies are subject, and will be found safe, reliable and effectual for the cure of Suppression, Green Sickness, Pain in the Back, Hysteria, Nervous Headache, &c., &c. Price, $1.00 per box.

Wright's Rejuvenating Elixir
For the restoration of Nature's forces, it gives new life and vigor to the aged, and raises the blood of youth to course through the veins. It effectually cures Impotency, Palpitation of the Heart, Loss of Memory, Pain, Low Spirits, Disorganization, Diseases of the Urinary Organs, and all the train of ills that follow in the path of the transgressor of Nature's laws. Price $2 per bottle.
I will modestly but confidently claim that in the brief space afforded by the advertising columns of a public print, it is impossible to give a full particular of the diseases that may be cured by the Elixir and Medicines. That they are deemed to become universally popular by family physicians in consequence of their
GREAT INTRINSIC MERIT.
The pamphlet which introduces that we propose to give the medicines gives all the information which cannot be given here, and the remedies may be had of any respectable Druggist.

METROPOLITAN MED. CO.,
Proprietors, New York.

Heimstreet's Hair Restorative,
OR
INIMITATABLE HAIR COLORING.
Not a Dye.—Heimstreet's "Hair Colorine" is not a dye and its operation is not by any chemical effect, but by a natural restoration of the glands, thus giving the hair the color it originally had.
Naturalness.—When hair is dyed, its color is leaden hued and unnatural, but when restored by Heimstreet's Hair Colorine, its appearance is so perfectly natural that it is the envy of the use of any Eastern Dye.
Stainless.—While the Restorative acts promptly on the hair, it leaves no stain or mark whatever on the skin. It is a compound of ingredients that form a perfect dressing as well as a colorine, so that no oil &c., is necessary.
This most effective of all the Hair Restoratives, is for sale by all Druggists, at 50 cents and $1.00 per bottle. Numerous testimonials in those who have used it are in the possession of the proprietors.
METROPOLITAN MED. CO., New York.

8 & 9 College Place, N. Y.

PARK'S BALSAM
OF
WILD CHERRY AND TAR.
Balsam.—Nothing is more soothing to the irritated membranes than the pure Balsams of which this medicine is composed.
Wild Cherry.—The true bark of the Wild Cherry is an unfailing specific for all throat and pulmonary diseases.
Tar.—The tonic bitter healing properties of Tar, when united with the other ingredients, render Park's Balsam the most efficient Cough Medicine ever offered to the public.
Consumption.—The many cases of Consumption that have been cured justifies us in the assertion that it is the very best Medicine for that disease ever discovered.
CERTIFICATES OF CURES.
Stephen Fiot, of New York, says his daughter had consumption, and tubercles had formed in her lungs. He was induced to try Park's Balsam, which effected a speedy cure.
T. Edward Fleet, of Brooklyn, says I think it is the best medicine for affections of the lungs I ever used.
G. S. Fletcher, of New York, says I feel fully persuaded that Park's Balsam has saved my life.
We have in our possession hundreds of certificates from others, and all of the same character.
Price 50 cents and $1 per Bottle.
Sold by Druggists and Dealers everywhere.
Address all orders to JOHN F. HENRY, CURRAN & CO., 8 and 9 College Place, New York.
METROPOLITAN MED. CO., Prop'rs.

EGYPTIAN
RAT AND VERMIN DESTROYER
For Exterminating Rats, Mice, Water Bugs, Roaches, Bed Bugs, &c.
Strength.—When a Rat tasts the Egyptian Destroyer, his death warrant is signed, sure. It cannot fail to kill. It also creates great thirst, and the Rat will search for water out of doors, and not die in his hole, to cause a stench that cannot be got at.
Attractiveness.—Rats are the shrewdest of vermin. It is hard to get them to eat poison. An ingredient in the Egyptian Destroyer is a perfect lure and they are attracted rather than frightened by it. Rats visit children very fond of it.
Keeping Soft.—People know how the ordinary Rat Paste dry up and become useless, causing annoyance and loss. The Egyptian Destroyer is fully warranted to keep soft, fresh and effective in any climate for years.
Sure Death.—The Egyptian Destroyer kills every time. Hundreds of unsolicited testimonials are now in the hands of the proprietors, substantiating its great merits as the best preparation for destroying Vermin in the world. Be sure and ask for the "EGYPTIAN" and take no other.
Put up in large glass bottles. Price 75cts.
Sold by Druggists Everywhere.

Having purchased hack and outfit formerly owned by F. A. Roy, Esq., I wish to inform the public that I will continue to run it as heretofore, making regular and sure connections with all regular packets.
Parties desiring my services will please leave word at the Union Hall and at the Drug store. The Hack will call at all Hotels each trip. A. GUIBOURD.

UNITED STATES MAIL LINE.
Farmington to Ste. Genevieve.
We have now regular a Daily Hack between Farmington and Ste. Genevieve, connecting with the Packets at Ste. Genevieve. Our Hacks are all new, having been built expressly for the business, comfortable and safe. Our drivers are competent, careful men, with good teams, thus ensuring a safe and speedy conveyance. Our horses will have No 1 care.
KASHER & BABB.

De Lassus and Farmington.
I will have continue to run my hack between De Lassus and Farmington, making close connection with all passenger trains. Hack as low and time as quick as any other route. Respectfully solicit the patronage. I hope to merit a liberal share of public patronage.
JOS. E. KASHER.
