The E-7 has been co-operating with the Anglo-French fleet and is understood to have been one of the British under water boats that passed through the Dardenelles and torpedoed Turkish transports in the Sea of Marmora.

MAY FORGET ARCHIBALD

U. S. Dist. Atty. Says He Will Not be Arrested.

NEW YORK, Sept. 17.—James F. J. Archibald, the correspondent involved in the Dumba case will not be placed under arrest when the steamship Rotterdam arives here Saturday or Sunday and action against him by the government of the United States may never be instituted.

That the Archibald-Dumba embroglio will soon be placed in the limbo of the forgotten past was the impression brought back from Washington by U. S. Dist. Atty. H. Snowden Marshall who returned to his desk in the federal building Thursday.

While in Washington Mr. Marshall conferred with Asst. Atty. Gen. Warren who is in charge of cases relating to foreign relations in regard to recent reports of neutrality violations.

"Mr. Warren said he did not see any necessity for arresting Archibald at the pier," asserted Mr. Marshall. "Archibald is not a forger or a bank robber and he will always be available if he is wanted. However, I am ready to obey orders the moment they come from Washington."

Government officials have satisfied themselves that Archibald's offense will hardly come under section five of the United States criminal code, which provides a jail penalty for any citizen guilty of carrying on unauthorized correspondence with a foreign power.

It is highly probable, however, that Archibald will be summoned to Washington and questioned as to his relation to the Dumba incident.

BRYAN AGAINST WAR LOAN

Thinks Position of Neutrality Made More Difficult.

WASHINGTON, Sept. 17.—Former Sec'y of State William J. Bryan intimated Thursday that he looks on the proposed billion dollar loan to the allies with disfavor. He said:

"I have expressed the opinion that the loaning of money to belligerent nations makes our position of neutrality more difficult because it gives the loaning groups a peculiar interest in the success of the countries to which they loan and it tends to create a division among us at a time when there should be unity.

"No pecuniary advantage which can come from making a loan can compensate for the danger this action invites if our citizens divide themselves, each seeking to aid the side with which he sympathizes. Loans to belligerents are not prohibited by international law, but viewed from the standpoint of public policy, I think that public opinion should be against individual participation in anything that would tend to drag us into this war."

EAST SWELTERS IN HEAT

No Relief Promised for Thirty-Six Hours.

WASHINGTON, Sept. 17.—Slightly lower temperature prevailed Thursday throughout the east, which brought a small measure of relief to the sweltering millions, according to reports at the United States weather bureau. But there will be no decided break in the heat wave for 36 hours at least. Chief Forecaster Bowie said although showers in the north Atlantic states will bring cooling breezes there Thursday night and Friday. The Ohio valley and lake region reported lower temperature Thursday and there was a bit of drop of the mercury in the middle Atlantic states and New York. Boston was the hottest point in the east reporting a temperature of 80 degrees at 8 o'clock. Washington was next with 74. New York had 72 degrees.

MEN, MAKE NO MISTAKE

Seek the Leader—Not the Follower

DR. W. M. LAWHON, Consulting Physician; 20 years experience. I see and treat you personally each time you call.

Reasons Why All Weak, Worn-out, Discouraged and Diseased Men Should Consult

DR. FLEENER CO., longest established, most successful and reliable specialists in PELVIC, RECTAL and NERVOUS DISEASES OF MEN, as medical diplomas, licenses and records will show. Your whole future may depend upon the kind and quality of treatment you get first.

CHRONIC DISEASES OF MEN

No Matter How Obstinate or How Contracted, CURED

Modern methods of treatment for all Pelvic Diseases. We never use the surgeon's knife, if it can be avoided, and only then upon the expressed wish of the patient. Enlargement of the Prostrate Gland we cure by reducing it, not by removing it. We cure Piles and other Rectal Diseases without surgery. Under our superior treatment, Varicocele quickly vanishes; the stagnant blood is absorbed and the circulation is restored to the parts affected. We have extraordinary success in curing Rupture by reliable and painless methods, without recourse to trusses. Diseases of the Kidneys and Bladder are speedily healed, and the patient saved from fatal results which generally follow neglected cases of long standing. Don't delay taking treatment for Chronic Pelvic Diseases; the sooner we begin to cure the sooner we will restore you to health, vigor and vitality. Nervous troubles often have their seat in local causes, which we can ascertain and remove. The gloom and despondency which attend those who are fearful that they never can be cured of their ailments will instantly vanish as soon as our treatment begins to take effect.

We positively cure Rupture, Varicocele, Piles, Fistula, Fissures, Rectal Ulcers, Prostate Enlargements, Contracted Diseases, Lost Vitality, Stricture, Diseases of the Bladder, Kidneys, Liver, Stomach, and all Vital Disease of Men by our Painless and Bloodless Methods.

We will accept any case of Rupture, Piles, Varicocele or Hydrocele and permit you to deposit a draft in the First National Bank, or your Bank, made payable to yourself and instructing them to place same to our account after you have been cured. We are the only reputable physicians in this line of work who will take such cases on a guarantee. By doing this, you are absolutely certain of a cure. You have nothing to lose and everything to gain, and if we were not perfectly sure of our work we could not do business this way very long, but instead, have been doing so for years. We have adopted this plan because so many have been swindled by quacks and fakers; not one of them will permit a patient to deposit his money until a cure has been effected.

Many patients have told us that at first they hesitate to begin treatment with us, fearing that on account of our great reputation the fee would be more than they could afford to pay. Our fees are always moderate, wholly within your means, and at no time more than you are willing to pay. DON'T let money matters keep you from beginning treatment. If you will call and see us we have a system by which you can begin treatment and pay as you can.
