MAIL CENSORED BECAUSE OF WAR

Lloyd George Denies Charge That British Are Stealing Trade Secrets.

LONDON, Sept. 16.—David Lloyd George, British secretary for war Friday gave The Associated Press the following statement:

"There appears to be a deliberate campaign, set on foot in the United States by German agents, to the doubt on the good faith of his majesty's government in regard to the use of information obtained through the censorship.

"These German agents with whose underground methods of working we are quite familiar, appear now to have resurrected my statement in the house of commons on Aug. 8, although that statement was fully explained by Lord Robert Cecil, minister of war trade, on Aug. 9 and most explicit assurances on the same subject were given by him in a later interview on Aug. 25.

Only Used In War Conduct.

"In spite of this, these propagandists are trying to dress out my statement as something new, nullifying Lord Robert Cecil's assurances which followed it. Let me now say on behalf of the military authorities what has already been said on behalf of the foreign office that when information is passed on by censorship to other departments it is for the sole purpose of guiding the action of the government in the conduct of the war.

"We affirm and challenge any one to deny it, that honest business interests and trade secrets of an American merchant or manufacturer are as safe in the hands of the military censors and of other government departments as they are in the hands of the American postoffice."

In the house of commons, Aug. 8, Lloyd George, in answer to questions concerning the use made of a letter written by a neutral manufacturer and examined by the military censor said, according to the London Times, report of the debate, that the letter in question was not stopped in the sense that it was not allowed to proceed to its destination, "but" the war secretary added "it is of course the practice to communicate to the public department concerned any information on matters of public interest which may be obtained through the censorship, for such use to be made of it as the particular department may consider desirable."

Lord Robert Cecil in his statement of Aug. 9, said that neutral correspondence in no single instance had been used to assist British competition with peaceful neutral commerce.

Plan 3 Speeches By Wilson Next Week In Indiana

INDIANAPOLIS, Sept. 16.—Efforts which probably will be successful now, are being made to have Pres't Wilson make three speeches in Indiana Thursday of next week during his return trip from St. Louis to Washington. If these efforts are successful, the president will speak in Terre Haute, Indianapolis and Richmond.

WANT MORE SPEECHES MADE BY ROOSEVELT.

NEW YORK, Sept. 16.—Col. Theodore Roosevelt may make more than the five campaign speeches he promised, in behalf of Charles E. Hughes.

"They are after me for more speeches," the colonel said Friday. "I shall not make any regular swing around the circuit, but I may increase the number of speeches. My dates and itinerary now are in the hands of Chairman Willcox."

At republican national republicans headquarters it was understood that Col. Roosevelt would go to California to aid Gov. Hiram Johnson and into Washington to help Sen. Miles Poindexter.

His first speaking date is at Battle Creek, Mich., Sept. 30. Other tentative points being considered are Kansas City, Omaha, Minneapolis and Louisville, Ky.

Chairman Willcox Friday announced that former Pres't William H. Taft and Elihu Root had placed their services at the disposal of the national committee for the month of October.

PLAN FOR JOINT PATROL OPPOSED

Constabulary is Suggested After Gen. Bliss Points Out Impracticability of Plan.

NEW LONDON, Conn., Sept. 16.—A suggestion that the Mexican government create a constabulary for border duty similar to the rurales of the Diaz regime was made today during a brief session of the American-Mexican joint commission concluding the second week of its deliberations. Apparently the plan for a joint police force previously discussed was abandoned as impracticable after the commissioners had conferred with Maj. Gen. Tasker H. Bliss, assistant chief of staff of the United States army.

Gen. Bliss, it was learned, made to the joint commission today a dispassionate statement of the situation he believed would follow Gen. Pershing's withdrawal from Mexico before a properly constituted constabulary is created to relieve his troops. It is understood he pointed out problems in the war of an effort to create a border police under dual authority.

It is believed the suggestion that the Carranza government undertake the task of hunting down the bandits by a non military police force for itself as an international obligation came from the Mexican commissioners.

The theory is that a force of carefully selected mounted police could be disposed in small posts in the hill country. The chase would become an individual pursuit rather than a military movement which becomes ineffective if the bandits scatter and mingle with peaceful residents.

DICKENS' KIN KILLED

Grandson of Author Loses Life in Battle in France.

LONDON, Sept. 16.—Maj. Cedric Charles Dickens, grandson of Charles Dickens, was killed in action in France Monday.

CUT PRICE OF BREAD

TOLEDO, O., Sept. 16.—Reduction in the price of bread from five and ten cents to four and eight cents resulted Friday as the result of a price cutting war among local bakers. The reduction means that the price is back to where it was before the increase took effect several days ago. Most of the large baking companies raised retail prices one and two cents per loaf.

REV. T. J. PARSONS TO LEAVE SOUTH BEND

Will Take Up Position of District Field Worker of Baptist Convention.

Rev. T. J. Parsons has presented his resignation as pastor of the Quincy Street Baptist church, to take effect at the end of the present month, after a successful pastorate of three years. Mr. Parsons has been tendered the position of district field worker by the board of the Indiana Baptist state convention and will begin work in his new position the first of October. This is a new feature in Baptist work in the state and the denomination expects it will stimulate the churches in evangelistic and missionary effort. Mr. Parsons has recently conducted a successful three weeks' revival in Indianapolis for the state convention.

NOTICE TO ICE CONSUMERS.

Because of the general shortage of ice we will be compelled to stop delivery to all customers not under contract and after Sept. 16, 1916, no ice will be delivered to private families or to others not holding contracts.

The money will be refunded to those returning coupon books to the office.

We find it necessary to take this action to protect the meat dealers and other contract holders who must have ice to preserve their goods.

Direct Medication

The Most Important Medical Achievement of the 20th Century.

Dr. H. K. Smith

For the past fifty years medical scientists have worked steadily with the view of devising a method of direct medication, that is, a method by which medicinal substances could be administered directly into the blood, the part or organ diseased. First came the hypodermic syringe and the administration of curative agents under the skin or directly into the diseased organs. Some ten years ago the administration of saline solutions directly into the blood stream was advocated and practiced. Since this time medical science has gradually progressed until at the present time the direct method of medication has been perfected and has about taken the place of the old quackish way of treating many of the vital diseases. And why not? It is the more exact, safe and rational way of combating diseases, especially those caused by germs circulating in the blood.

I want a chance to prove I can cure afflicted, skeptical sufferers.

Over 21 years a physician; 16 years a Specialist. Post Graduate work and clinical experience.

PRICES ALWAYS REASONABLE—I will give the POOREST man a chance as well as the RICH to receive my treatment at a SMALL COST. There is no man too POOR to get my best advice.

Newly contracted diseases.

Don't wait until nature gives way and the disease disorganizes important organs and nerves.

If you are afflicted with any Acute, Chronic, Nervous, Blood or Contracted Diseases, Stomach, Liver, Rheumatism, Varicocele, Prostatic Enlargement, Stricture, Hydrocele, Kidney, Bladder, Urinary, or any other Weakness, Defect or Disease of the Pelvic Organs, visit me today. Quebec Bridge Where 11 Were Killed When Central Span Fell

BRIDGE READY FOR CENTRAL SPAN. PHOTO COURTSEY OF ENGINEERING RECORD

This picture, taken less than a month ago, shows the cantilever bridge at Quebec, where 11 were killed when the central span which was being hoisted into place, fell. The span was to have been 150 feet above the surface of the river, St. Lawrence. The water at this point is 200 feet deep.

The span which fell was to have been placed in the space shown in the picture. It weighed more than 5,000 tons and was 640 feet long. The entire bridge was to have cost $17,000,000. A bridge at the same point, while under construction, collapsed in 1908.
