STUDENTS' AUTOS CALLED NUISANCE BY RESIDENTS

Property Owners Register Kick Against Students Parking in Front of Homes.

Dr. F. H. Irwin, 161 Lincoln Way W., appeared before the local Board of Public Works in their regular meeting, Monday morning, to protest against pupils of the local High school parking their cars in front of various residences on First st. According to Dr. Irwin, the pupils also deposit the debris from their noon day lunches in and around his yard.

He also stated that he had spoken with Supt. Cauble without results and called the attention of the board to the space along the west side of Hill st., between the Lincoln highway and First st., which he said, could be used for parking cars without interfering with private property.

The board agreed to take the matter up with the school officials and settle the matter satisfactorily and permanently.

A petition for an arc light at the corner of Benton st. and Wilson blvd., was referred to City Light Supt. A. R. Klein, who stated that lack of material prevented his department from executing several similiar petitions already on file. Mayor W. T. Dodge replied that "There should not be a dark spot in the city, and that he hoped that soon no street corner would be without a light."

Permission was granted Supt. A. R. Klein to purchase about $400 worth of brass fittings to be used on recent water system extensions. This was necessary, according to Mr. Klein, because the city has made more water system extensions than were estimated last spring.

A petition of the Bell Telephone Co. to reset a number of poles around the city was also referred to the city light superintendent.

Failure of contractors with the city, to fulfill their pledges, was criticised by the board, and it was suggested by former City Engineer Charles Cole, that pressure to bring satisfactory action might be brought to bear through various channels. It was also stated that the contract in question had slipped through without any time limit.

Staples and Ackerman, contractors for the Clay st. trunk sewer, completed the meeting by signing their contract with the city, Monday morning.

HARDING BACKS FIGHT AGAINST KU KLUX KLAN

Praises Republican Endorsement of Independent Democratic Nominee.

DALLAS, Texas, Oct. 23.—(By I. N. S.)—Pres't Harding, in a letter made public today by R. B. Creager, chairman of the state Republican executive committee, approved the action of his party in nominating for the United States senate on the Republican ticket, a lifelong Democrat, George B. Peddy.

Pres't Harding's letter to Mr. Creager said:

"I have your letter in which you relate to me the action of the Republican state committee of Texas in meeting the very usual situation which is involved in the election of a United States senator from that state. I hope it is not amiss for me to say that I think it an augury of a new era in the politics of your great state when the Republican organization so promptly and so unanimously turns to co-operation with the independent Democratic movement to carry on a campaign dictated by the necessities of the situation which has developed. I like to think of the aspiring Republicans of Texas being committed to the fullest maintenance of American freedom, determined to oppose all grouping of classes and ending dictation which is contrary to American ideals.

(Signed)
"WARREN G. HARDING."

Creager recently returned from Washington where he conferred with leading Republicans concerning the candidacy of George E. B. Peddy, 30-year-old lawyer who was chosen by anti-Ku Klux Klan Democrats and "adopted" by the Texas G. O. P. to oppose Earle B. Mayfield, Democratic committee. Mayfield, it is alleged, was backed by the "invisible empire" in the primary battles.

An entanglement of litigation now holds the name of each of the senatorial aspirants off the official ballot.

High Court Intimates That Just One Divorce is Enough

WASHINGTON, Oct. 23.—(By I. N. S.)—The United States supreme court today refused to play the role of umpire in the blasted romance of William J. Howey, Kansas City millionaire clubman, and his divorced wife, Mrs. Ella Howey. The court, turning aside from the legal troubles of corporations only dipped into the Howey's matrimonial troubles long enough to dismiss an appeal brought by Mrs. Howey for review of the divorce granted her husband in Florida.

The Howeys were formerly prominent in Atlanta, Ga.

The supreme court in effect, held that one divorce was sufficient for any married couple.

Mrs. Howey charged her husband, said to be worth $1,000,000, had left her in Kansas City, in 1918, and went to live in Florida. While there, she charged he secretly filed suit for divorce. The divorce was granted, Mrs. Howey contended, without her being notified.

Howey subsequently remarried, according to the petition, and it was only when she attempted to file suit for divorce that she learned of the earlier decree. She sought to have the first divorce set aside so she could obtain another property settlement, but the supreme court held it didn't want to discuss the question.
