The Free Lance

Devoted to the Agricultural, Commercial and Manufacturing Interests of Fredericksburg and the Tidewater and Piedmont Country.

VOL. 19, No. 58 — FREDERICKSBURG, VA., THURSDAY, JUNE 11, 1903. — PRICE, 3 CENTS

"A Wonder-Working Remedy For Women," Says Mrs. Brown.

PAINE'S CELERY COMPOUND

Tones and Strengthens Every Weak Organ and Invigorates the Whole System.

Paine's Celery Compound has been specially prepared for the relief and cure of the many ailments that afflict women, and it never fails to give a new and healthy tone to the female organs; it removes relaxed debility and unhealthy increase, and recently, upon the advice of a friend, I used Paine's Celery Compound, and found it to be a wonder-working compound. I have used five bottles and can truthfully say I am a new woman. I owe my life and present good health to Paine's Celery Compound."

"Four years ago female troubles and irregularities commenced to make my life miserable. Though I sought the best medical advice, my sufferings seemed to increase, and recently, upon the advice of a friend, I used Paine's Celery Compound, and found it to be a wonder-working compound. I have used five bottles and can truthfully say I am a new woman. I owe my life and present good health to Paine's Celery Compound."

Mrs. V. L. Brown, Vinalhaven, Me., writes as follows:—

Money Saving Shoe Values.

Fire and Marine Insurance carried on all cargoes.

HENRY WILLIAMS, Manager, Baltimore, Md.

W. D. SCOTT, Agent, Fredericksburg, Va.

ORANGE.

Barn Burned Foxes Killed Accident Personals, Etc

Locust Grove, Va., June 8, 1903.

Rev. J. M. Broaddus, of Louisa, filled his regular appointment at New Hope church on Sunday last. There was a good crowd out, although it was rather inclement. The protracted meeting will commence on the first Sunday in August, Rev. Mr. Broaddus to assist.

The Anti-Saloon League did not have a meeting last Saturday night, owing to the heavy rain.

Mr. Verny Kube, while hunting for a crow's nest a few days ago, discovered by the aid of his dog a den of foxes, and as they came out one by one he was successful in killing all the young ones, four in number. They were about half grown. The old one escaped.

Mr. T. S. Almond's barn was struck by lightning during the storm of Saturday night and entirely destroyed, together with a thrashing machine, binder, drill and many other valuable farming implements, also a lot of baled and unbaled hay. There was some insurance.

Mr. Wistar Johnson had a very narrow escape a short time ago. While returning from Fredericksburg at night a storm came up, his horse became unmanageable and striking a tree threw Mr. Johnson out of the buggy. Mr. Johnson was dragged some distance, but we are glad to say his injuries were only slight.

Rev. George Cook, of Gordonsville, will preach at New Hope church on the afternoon of the fourth Sunday in this month.

Because of rain there was no Sunday School at the Arbor, near here, last Sunday.

Mr. G. W. Bowler, who has been quite sick, is out again.

Miss Maggie Dulin has gone to Rappahannock to spend several weeks visiting friends.

Mr. and Mrs. J. W. Dulin paid a visit to Fredericksburg last week.

Mrs. A. H. Cash died on Monday night of heart disease.

Mrs. Rice Webb has three daughters very sick with typhoid fever. They are attended by Dr. Crittenden, of Unionville.

Miss Agnes Adams is quite sick. She is attended by Dr. Scott, of Raccoon Ford.

Mr. Verny Kube, who has been visiting his sister, Mrs. J. W. Dulin, has returned to his home in West Virginia.

Mr. Arthur Moore had three fine sheep killed by lightning a few days ago.

Lightning struck a large tree near the corner of Mrs. Bettie Mason's house during one of the late storms. Some of the occupants of the house were stunned.

Miss Mollie Moore, of Rapidan, has returned home, after a pleasant visit to her brother, Mr. Arthur Moore.

Mrs. Susan Hughes paid a visit to her daughter, Mrs. J. B. Adams, a few days ago.

Mr. Willie Johnson continues to improve, we are glad to note.

SIMPLE REMEDY FOR CATARRH

Just Breathe Hyomei Four Times a Day and be Cured.

If a few years ago some one had said you can cure catarrh by breathing air charged with a healing balsam, the idea would have been ridiculed and it remained for R. T. Booth, that eminent investigator, to discover in Hyomei this method of cure.

Hyomei has performed the most miraculous cures of catarrh and is today recognized by leading members of the medical profession as the only advertised remedy that can be relied upon to do just what it claims.

The complete outfit of Hyomei costs but $1 and consists of an inhaler, a medicine dropper and a bottle of Hyomei.

Breathe Hyomei through the inhaler for a few minutes four time a day and it will cure the worse case of catarrh. It soothes and heals the mucous membrane of the air passages, prevents irritation, and effects a complete and lasting cure.

The treasurer of the American Life Insurance Company, J. S. Nugent, of New York city, writes: "Hyomei has completely cured my daughter of catarrh, from which she has been a sufferer for years."

In Fredericksburg there are scores of well-known people who say they have been cured of catarrh by Hyomei. If it does not cure you D. C. Bowman will return the money you paid for Hyomei. This is the strongest evidence that can be offered as to his faith in the remedy. 1

Tobacco Sales at Shelburne's Warehouse in Richmond.

Richmond, Va., June 6, 1903.

Sales of tobacco have been very heavy on the Richmond markets the past week. Silas Shelburne & Son sold about 400 packages at good prices, considering the quality and condition of the tobacco. Common damaged stuff sold from 5 to 6½c.; common leaf and common to good sand lugs, 7 to 10c.; good lugs and leaf fillers, 10 to 13½c.; common wrappers, 14 to 16c.; good, 16 to 23c.

Below we give some of their sales: R. A. Kay and Carter, No. 1 at 23c., No. 2 at 18c., No. 3 at 14c., No. 4 at 12c.; R. A. Kay, No. 1 at 18c., No. 2 at 13½c.; R. A. Kay & Son, No. 1 at 21c., No. 2 at 13½c., No. 3 at 13½c.; J. C. Mahon and Lee, No. 1 at 19½c., No. 2 at 13½c., No. 3 at 18c., No. 4 at 16c., No. 5 at 13½c., No. 6 at 11½c.; Kay and Eubank, No. 1 at 18½c., No. 2 at 15c., No. 3 at 13c., No. 4 at 13c., No. 5 at 11c.; Andrews and Roberson, No. 1 at 19c., No. 2 at 17c., No. 3 at 13½c.; Lewis Frys, No. 1 at 20c., No. 2 at 11½c., No. 3 at 11½c.; N. F. Loving, No. 1 at 18c., No. 2 at 13½c., No. 3 at 14c., No. 4 at 12½c., No. 5 at 11½c.; J. H. Bruce, No. 1 at 19c., No. 2 at 13½c., No. 3 13½c., No. 4 at 13c., No. 5 at 13½c.; Jordon Woolfolk, No. 1 at 13c., No. 2 at 11½c., No. 3 at 19½c., No. 4 at 8c., No. 5 at 12½c., No. 6 at 10½c.; Charles Martin, No. 1 at 17½c., No. 2 at 17c., No. 3 at 12½c., No. 4 at 14½c.; E. M. Brooks, No. 1 at 13½c., No. 2 at 13½c., No. 3 at 13½c., No. 4 at 13c., No. 5 at 12½c.

They do not look for such heavy receipts from this time on, and hope the market will remain firm. They report the outlook good for the coming crop, and advise the people to plant all they can. They believe the next crop will sell well.

His Last Hope Realized.

[From the Sentinel, Gebo, Mont.]

In the first opening of Oklahoma to settlers in 1889, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by M. M. Lewis, druggist.

STAFFORD.

Farm Work Backward Fine Butter Record Other Notes.

Garrisonville, Va., June 7th, 1903.

The continuous wet spell seems to call forth about as much complaint as did the dry. We have a big rain every day. The roads are in an awful condition and many streams are just forming frequently. Numbers of farmers have not finished planting corn, indeed, many have not planted at all.

Miss Dorothy Mosher, who has spent the winter and spring here, will return to her home, in Washington, on Tuesday next.

Master Carrol Cloe is quite ill with typhoid fever at the home of his grandmother, Mrs. Mary Cloe, of this place.

Mrs. John N. Fritter, of Mt. View, is quite ill with malaria.

Mr. Willie Cloe, who is employed with the Singer Machine Company, in your city, is visiting his mother here.

Mrs. Fannie Flatford, of Tolnes, has 3 cows from which she makes 22 lbs. of butter per week. Can this be beaten?

Caroline Court Proceedings

John Washington qualified as administrator of Mrs. Bettie V. Dew, deceased.

Will of Mrs. Emmaella J. Chandler proved and ordered to be recorded.

John W. Lefoe qualified as guardian of Mattie A. Lefoe, Susie L. Lefoe, Jane F. Lefoe, J. T. Lefoe and J. R. Lefoe, infant children of John W. Lefoe.

LIST OF WRITINGS.

List of writings admitted to record in Caroline County Court since May term:

Deed for land from Benjamin Goldsmith and wife to Wth. J. Dante.

Deed for land from Nannie B. Monroe and husband to James T. Richards.

Deed for land from L. B. Conway and wife to Clarence F. Hicks.

Deed of trust from S. Annie Jesse to F. W. Chandler to secure R. J. Thomas.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address, F. J. CHENEY & CO., Toledo, O.
Sold by Druggists, 75c.
Hall's Family Pills are the best.

His Best.

From the Atlanta Constitution.

This simple memorial resolution says about all that could be said in an obituary:

He didn't brag 'bout bein' good,
And oft felt trouble's fetter;
Whirled in an' did the best he could—
An' who has e'er done better?

Chamberlain's Stomach and Liver Tablets are just what you need when you have no appetite, feel dull after eating and wake up with a bad taste in your mouth. They will improve your appetite, cleanse and invigorate your stomach and give you a relish for your food. For sale by M. M. Lewis, druggist.

BACCALAUREATE SERMON.

Rev. Mr Smith Preaches to Fredericksburg College Students

The baccalaureate sermon to the students of Fredericksburg College was preached at the Presbyterian church Sunday morning by Rev. W. D. Smith, of St. George's church. The sermon was one of the best of its kind ever delivered in this city, and the speaker was given the closest attention throughout by the large congregation present. The text was as follows:

And I David alone saw the vision, but the men that were with me saw not the vision, Daniel x:7. Mr. Smith said in part: In reading the Bible, we are struck with the frequency of the use of vision. By implication at least it seems to be necessary to success. It is true that the word has fallen into bad repute, but the men who have helped mankind most have been of large vision.

It is necessary, for "where there is no vision the people perish." There must be some idea before fame.

It is so with music, art, reform, or in spiritual things.

Daniel, the man of God, saw the vision, some heavenly message which interpreted the duties of life.

It was not matter of chance, no favoritism by which he alone saw it, but because by character he was fit to see it.

In early life in the king's court, against the customs of the age, he had resisted worldliness and the weakening life of luxury and dissipation, and had observed the laws of Jehovah, and because of this he was able and worthy to receive God's message and become God's messenger.

It is so with all. Some men live as the beasts, some have a material idea of life, but there is a spiritual interpretation of life, which God has given us in Jesus Christ. Besides being our Saviour, He is God's message to man through human life, telling us what we can do. A message of purity and service, only the pure can understand. The interpretation of his life into our lives comes gradually at the dawn, and the vision only breaks after we rise above the world.

The martyred Bishop Patterson caught the vision of service and sacrifice, because as a boy at school, he set himself against the low customs of his mates, and fought for the pure and noble.

So with each of us, we only see the vision of the King's life and apply it to ours, as we strive to be clean and like Him.

Cuts, Bruises and Burns Quickly Healed.

Chamberlain's Pain Balm is an antiseptic liniment, and when applied to cuts, bruises and burns, causes them to heal without maturation and much more quickly than by the usual treatment. For sale by M. M. Lewis, druggist.

UNIVERSITY OF VIRGINIA.

John Bassett Moore Would Decline the Presidency if Tendered Him.

John Bassett Moore will, if elected president of the University of Virginia, decline the honor. This statement is made in a letter sent by a friend of Dr. Moore to the members of the board of visitors of the university. It is said that his chief reason for not being a candidate is because he is engaged in compiling a work of international law for the United States government, and that he cannot devote the proper time to it and discharge the duties of university president at the same time.

Considerable pressure against Dr. Moore was brought before the board of visitors on account of his alleged unorthodox views on the race question. It was cited that he took an active interest in the pan-racial commission, and in other ways showed himself to be imbued with Northern ideas on the race question.

It is conceded by many that the next strongest man for the place is President Dabney, of the University of Tennessee.

The election of a president of the university will take place next Saturday. The three most prominent names before the board, with whom the choice lies are Dr. Dabney, of the University of Tennessee; Dr. Venable, of the University of North Carolina, and Col. Miles, of Radford, Va.

Cures Blood and Skin Diseases, Itching Humors, Eczema, Scrofula, Etc.

Send no money—simply write and try Botanic Blood Balm at our expense. A personal trial of Blood Balm is better than a thousand printed testimonials, so don't hesitate to write for a free sample.

Describe trouble and free medical advice sent in sealed letter. This is an honest offer—medicine sent at once, prepaid. Sold at Goolrick's Modern Pharmacy.

TO DISFRANCHISE NEGRO.

Georgia Member of Congress Will Propose Constitutional Amendment.

Representative Hardwick, of Georgia, has a bill for repealing the reconstruction amendments to the Constitution, which he will introduce in the next Congress. He says:

The great masses of the people have never by popular vote consented to negro enfranchisement. Indeed, wherever and whenever that question has been submitted to them they have always been opposed to it.

The North, East, and West are struggling today with questions of a somewhat kindred nature to that which confronts us in the South. They are honeycombed with Socialists and anarchists, and with an absolutely ignorant and a confessedly vicious foreign element.

Public sentiment along these lines is certainly crystallizing. Surely we have made great progress when the Republican Secretary of War finds himself impelled, by an intellectual honesty to which he dare not be false, to confess that the negroes are unfit for suffrage.

I believe that the time is not far distant when the balance of the Union will gladly concede to the South the right to regulate its own franchise laws—to solve its probelm in its own way.

Chamberlain's Colic, Cholera and Diarrhoea Remedy

Is everywhere recognized as the one remedy that can always be depended upon and that is pleasant to take. It is especially valuable for summer diarrhoea in children and is undoubtedly the means of saving the lives of a great many children each year. For sale by M. M. Lewis, druggist.

Full assortment of night shirts at B. Goldsmith & Son's.

THE OLD RELIABLE

ROYAL BAKING POWDER

Absolutely Pure

THERE IS NO SUBSTITUTE

A MARVELOUS EXHIBITION

Polonium Causes Other Metals to Glow Bright With Greenish Light.

Berlin, June 8.—At the session of the chemical congress Professor Marwald, of Berlin, showed to the electro-chemical and physical section a smudge of dark powder on a piece of paper, which was the first time that any of those eminent scientists had seen the metal polonium, discovered by Professor and Madame Curie, of Paris. Professor Marwald proceeded to give a marvellous exhibition of the powers of his speck of polonium. It intercepted a strong current of electricity passing through the air from the generator to the receiver, the air ceasing to be a conductor of dashes. The room was then darkened and pieces of barium, platinum and zinc-blende placed near the polonium glowed with a bright greenish light. The assemblage of chemists were thrilled with astonishment. It appeared to be a miracle.

In the section of organic preparations, Professor Proskauer, of Berlin, read a paper on the sterilization of drinking water with ozone and on ozone water works, the German electricians having succeeded in producing at small cost a concentrated solution of ozone. The speaker, with Professors Ohlmueller and Prall, of the Imperial health office, made exhaustive experiments with the solution in purifying water. The experiments included tests with water artificially impregnated with the deadliest disease germs, like typhus, cholera and dysentery. Such water was pumped through the so-called "ozonizing tower," and then rigidly analyzed. All the germs were found to be killed, whereas the ordinary method of sand filters left the germs living. Moreover, the water was greatly improved in quality through the increase of oxygen from the ozone.

Rheumacide

Continues to make Miraculous Cures

READ THIS LETTER:

ALMOST A MIRACLE.

DILLON, S. C., Aug. 18th, 1902.

Gentlemen:—In September, 1899, I took rheumatism in a very bad form. In a month after the disease started I had to give up my work and go to bed. It continued to grow worse until my arms and hands were badly drawn, so much so that I could not use them. My legs were drawn back until my feet touched my hips. I was as helpless as a baby for nearly twelve months. The muscles of my arms and legs were hard and shriveled up. I suffered death many times over. Was treated by six different physicians in McColl, Dillon and Marion, but none of them could do me any good, until Dr. J. P. Ewing, of Dillon, came to see me. He told me to try your "RHEUMACIDE." He got me one bottle of the medicine and I began to take it and before the first bottle was used up I began to get better. I used five and a half bottles and was completely cured. That was two years ago, and my health has been excellent ever since. Have had no symptoms of rheumatism. I regard "RHEUMACIDE" as by far the best remedy for rheumatism on the market. I cannot say too much for it. I have recommended it to others since and it has cured them.

Will say further, that I began to walk in about six days after I began to take "RHEUMACIDE," with the aid of crutches; in about three months after I began to take it, I could walk as good as anybody, and went back to work again.

Very truly, JAMES WILKES.
