Watchmaker, Manufacturing Jeweler and Graduate Optician.

20 S. Palafox Street. Pensacola, Fla.

## TERSELY TOLD.

John Westmark, who resides north of the city, is reported on the sick list.

Mrs. R. H. Vick and children, who have been in Birmingham during the yellow fever epidemic, have returned home.

Hon. A. M. McMillan, clerk of the circuit court, who has been spending the past two months with his family at Magnolia Bluff, was greeting his friends in Pensacola yesterday.

Mr. and Mrs. John Maurich, who have been boarding on North Hayne street, have moved to No. 103 South Barcelona street where they will in future reside.

The Sunday school room of the Baptist church has been thoroughly fumigated and the superintendent therefore hopes that there will be a full attendance of the members tomorrow morning.

Mrs. Robt. Grant, and little son, Robert, and her mother, Mrs. Bryant, returned yesterday to the city after an absence of several weeks. Mrs. Charles Franics, Mrs. Grant's sister, also returned with them.

"Like for like is no gain;" but to exchange, through a want ad, something you don't want (and the other man does) for something you do want (and the other man doesn't)—that is mutual gain.

Jos. Coleman returned yesterday after a two months absence spent in various northern cities. Mr. Coleman put in a portion of his time in New York City, where he purchased an elegant new stock for his winter trade. His family is now in Prattville, Ala., and will return to Pensacola next week.

W. H. Davison, of 422 Seventh Avenue, has sent The Journal a solution of the problem recently propounded by Prof. I. E. Allen, as follows: "If 24 horses eat up 6 2-3 acres of grass in 5½ weeks and 42 horses eat up 20 acres of grass in 12 weeks, how many horses will eat up 48 acres of grass in 24 weeks, the grass being equal on every acre and growing uniformly." The answer given is 72 horses.

You won't forget the "Blue Ribbon Flavor." Ask any lady that's used Blue Ribbon Lemon or Vanilla if there is any flavor just like the "Blue Ribbon Flavor."

# COLD WEATHER HAS REACHED PENSACOLA

### Temperature Thursday Night Was 50 Degrees and it May Reach 44 This Morning.

About the coldest weather of the season is now being experienced in Pensacola. It followed the high wind of Thursday night and yesterday morning, which was accompanied by rain, and continued to grow colder throughout the day. The temperature reached 50 degrees Thursday night and yesterday morning, and the prediction by the weather bureau is that it will drop to 44 degrees this morning.

During the storm of Thursday night the wind attained a velocity of thirty-nine miles an hour, and did some damage to small crafts in the harbor, as well as sending large rafts of timber adrift, which were in booms. One of these rafts struck the bath house and wharves of Frank Segari, doing damage amounting to over two hundred dollars.

**Weather Conditions.**

In his weather bulletin of yesterday morning Observer Reed summarized conditions as follows:

"The Gulf disturbance for which storm warnings have been displayed, has moved eastward from the Texas Coast and is central over the waters of the eastern Gulf this morning; it has caused general rain over the Gulf and South Atlantic states; heavy to excessive rain from Galveston northeastward to Atlanta and is still causing rain in the east Gulf and South Atlantic states; it has also been attended by brisk to high north to northeast winds along the Gulf coast to Western Florida where the wind reached thirty-nine miles from the east at Pensacola at 1:03 a. m. The northeastern depression has disappeared and the light fall of snow in the upper and lower Lake Region has ended.

"Temperature has fallen decidedly from the Dakotas and Wyoming to the west Gulf coast, thence eastward into western Florida and west Tennessee, attending the southeasterly advance of an extensive high area which is giving fair weather over the country except in the cotton belt. The sky over this vicinity will become partly cloudy tonight and fair weather is expected Saturday; the winds will continue fresh north to northwest which will result in a continued fall in temperature throught the night, reaching 44 degrees or lower Saturday morning."

THE ORIGINAL.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on acount of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names Beware of them. The genuine Foley' Honey and Tar is in a yellow package. Ask for it and refuse any substitute It is the best remedy for coughs and colds. W. A. D'Alemberte, druggist and Apothecary.

New Orleans Grocery Co.

Best thing in the world for Constipation, Liver and Bowel trouble.

For sale at all druggists and first-class groceries.

## BONIFAY

Special to The Journal.

Bonifay, Nov. 9.—Work on Holmes county's new court house, under the efficient supervision of Mr. A. Sessoms, is progressing nicely, and it is said by those who have examined the plans and the character of work that is being done that we will have one among the nicest small buildings in the entire state.

In the circuit court which has recently adjourned here, there were some very serious criminal cases, among them being one of incest and murder combined, or rather two cases against the same man. We have heard many words of highest praise and commendation of Judge Carter and State's Attorney Kehoe for the wise and impartial manner in which they conducted the business of the court and especially these serious cases, many saying that both are second to none they have ever seen in charge of the causes of the public.

Mr. J. H. Godwin who with his estimable family, has been residing temporarily in the old North State, has been among his many friends here for several days. He has purchased a large tract of timbered lands near Pensacola, and will re-embark in the naval stores business at once. His family will arrive in a few days, and will probably make this their home again, as Mr. Godwin is largely interested in the strawberry business here and is aware of the fact that Bonifay is a splendid place to live especially in point of health.

The Bonifay high school opened Monday, the 6th inst., with a good attendance, and the opening address by Prof. Bonner to both patrons and pupils was full of sound common sense and good judgment. The hopes of our people are high that he and his able assistants will give us a school that will reflect credit upon the town and also upon the state.

Judge Reeves of Pensacola, is still at the Cox house. Evidently the genial judge knows a good thing when he sees it and especially when he tries it, hence his stay at the above named place.

Dr. Nix Justice who has been spending the summer in Bonifay, practicing his chosen profession, returned to his father's home in Geneva, Ala., last week, from whence he goes immediately to Mobile to further pursue his studies in completion of his medical education. The Doctor made many warm friends here who will await his return with much interest and anticipation.

Messrs. R. J. and Murdock McBride of Tallapoosa, Ga., are among the late arrivals in Bonifay. These gentlemen have purchased quite a tract of mill timber in this vicinity and are already operating a mill in town. They are here to stay, and we bid them a hearty welcome to the land of flowers and to Bonifay.

We rejoice with Pensacola in the great reduction of cases of fever and sincerely trust that it will be eradicated in the next ten days at the longest. The Journal has gotten unto itself glory by its impartial and truthful reports given out daily to its many readers.

The Exact Thing Required for Constipation.

"As a certain purgative and stomach purified, Chamberlain's Stomach and Liver Tablets seem to be the exact thing required, strong enough for the most robust, yet mild enough and safe for children and without that terrible griping so common to most purgatives," say R. S. Webster & Co., Udora, Ontario, Canada. For sale by all druggists.

MEAT MARKET

I will resume business Monday, November 13, corner Baylen and Intendencia. Phone 1132

## INVASION WAS CALLED OFF

### DAPHNE POSSE FAILED TO DESCEND ON BAY MINETTE PER ORIGINAL PROGRAM.

The Bay Minette Times has the following to say relative to the recent threatened invasion of that place by the coroner's army from Daphne:

At Camp Daphne on Monday last extensive arrangements were made to retrieve the awful disaster which came to the Daphne forces in the attempt (?) to arrest Sheriff Armstrong at Bay Minette only a few days previous, when McKenzie and Mason were repulsed (?).

The army was called together on the shores of Mobile bay at Daphne where the transport Carney awaited orders to move. They were quickly marched on board, steam was up and the valiant troops were moved swiftly on the scene of action. Safely they arrived at the port of Mobile. No resistance was offered there and the troops disembarked and were marched up-town to Bienville Square. The city was theirs and that without the shedding of a drop of blood. The fall of Manila sinks into insignificance when compared to the victory thus achieved by the hosts from Daphne. Owing to the necessary absence of General Browne and Col. Norton, the troops were led on by Lieut.-Col. McKenzie and Captains Schowalter, Mason and Bryant. Their destination was Bay Minette. The attack upon that peaceful and sleeping village was to be made on Tuesday, at 3 a. m., and they were yet 24 miles away. There was some time to wait before the troops could get away for Bay Minette by L. & N. rail. They were lined up on the square in platoon style and roll was called.

There were 117 men and officers. The carnage of that night would be awful to tell, but, fortunately for Bay Minette, now sleeping its peaceful sleep, the army, composed of the patriots of Daphne and armed with Winchesters, shot guns, bow and arrows and transportation to the doomed village, were stayed by some unseen hand, and it was called off.

God reigns and the county government at Bay Minette still lives. Let

COFFEE SLUGGING.

A Smooth Artful Worker.

Coffee with some people produces partial congestion of the liver and that in turn makes heaches and various diseases.

But if heavier doses of the drug are taken the victim will feel a temporary relief while the effects of the drug lasts.

So with morphine.

So with a man knocked down with a blow. Hit him again until unconscious and he don't realize the pain, the protest nature sets up against hurt. It is a sure road to more and more serious trouble to drug more to try and escape the penalty. The pay day is sure and Mother Nature must be paid in full. An experience in illustration comes from Pa:

"For a long time I have been a great sufferer from headaches and nervousness; would wake early in the morning in such pain that I thought it would be a privilege to die. At times it would be a violent sick headache, at others severe nervous headache.

"I often consulted my physician but he could give me no relief—medicines did no permanent good.

"In the meantime I had learned that two or three cups of strong coffee, would relieve an attack or lessen its severity; also, that when I did without coffee the headache was sure to come on.

"I got worse and worse and was so nervous that the least noise drove me wild. I told the doctor about this one day, and he at once said 'You ought never to drink coffee!'

"At the same time he advised me to try Postum Food Coffee, saying it was used in his family. I qut the old kind of coffee, at once, and began on Postum, which proved to be, when made right, a most palatable and delicious beverage. At once I began to improve and now I need only to say that during the years I have used it I have been completely restored—my headaches are gone, my nerves are steady, the constipation that used to trouble me, no longer does so. I have increased in weight and my brain is clear and quick." Name given by Postum Co., Battle Creek, Mich.

There's a reason.

Read the little book, "The Road to Wellville," in pkgs.

# THE THIRD CALL BRINGS MANY RESPONSES

### And the Yellow Fever Fund is Swelled Considerably—Donations Were Large.

The third call, issued by the Chamber of Commerce, for funds to relieve the yellow fever sufferers, was liberally responded to yesterday, and when the list was compiled last night there had been contributed $362.00.

If the donations are continued as yesterday, it will be only a short time before the necessary amount is secured. The donations to date, are as follows:

**The Third Call.**

| | |
|---|---|
| Standard Oil Co. | $100.00 |
| F. C. Brent | 102.00 |
| Southern States Lumber Co. | 100.00 |

The Truth About Stoves

By the Largest Makers of Stoves and Ranges in the World

MANY people have been deceived in believing that stoves were cheap because of a low price, when experience proves them the most expensive.

A small price may be paid for a stove which looks attractive in the catalogue, which has been described as "perfect," but it is liable to prove a very expensive purchase; for ten chances to one, trouble will arise from this stove in a month's time—it may not heat or cook properly, or it may consume fuel like a locomotive. Then the material in the stove itself may wear so poorly that at the end of a year or so it will have to be replaced.

You never get something for nothing in this world, and when you pay a small price for a stove, that price must cover the cost of material and labor, and include a reasonable profit, consequently inferior cast-iron and steel, and the cheapest and most inexperienced labor, must go into this seemingly low-priced stove.

*Expert Stove Advice Free.*

We have opened an "Advice Department," in charge of an expert stovelman, simply to tell the people, *absolutely free of cost*, all about stoves. And this expert will honestly advise *you* just which stove or range will best suit your needs. We also want those who have lost money on the seemingly inexpensive stove, to let us tell them how they can save money by buying a "Garland," even if the first cost is a little more than that of the cheap and unsatisfactory stove. We want them to let us tell them about the advantages of "Garland" Stoves and Ranges, which always prove a good investment.

We make a "Garland" to *fit every stove need*, and have books accurately describing the different kinds. We could not afford to open this "Advice Department" or send out the valuable literature we do, free of charge, if "Garland" Stoves and Ranges were not distinctly superior to other makes; if the magnitude of our operations did not make it possible for us to sell them at reasonable prices, and if our reputation and methods of doing business did not insure absolute satisfaction.

If you are considering the purchase of a stove or range, cut out this coupon, check (this way ✓) the kind of stove you are interested in, mail it to us today, and you will promptly receive our Expert Advice as to just which stove is best suited to your needs, and why, and our literature, free of charge.

Receiving our Expert Advice and literature will not put you under any obligation to buy. We simply desire the opportunity to give you the evidence of the *tremendous superiority* of "Garland" Stoves and Ranges, and leave the buying decision entirely with you.

* * *

In order that "Garland" Stoves and Ranges shall last, we make them of the very best materials and employ the most expert workmen in the world.

"Garland" Stoves and Ranges are durable and handsome in appearance. They are highly nickeled and each "Garland" will last a lifetime.

"Garland" Stoves and Ranges will not "burn out," but will heat and cook perfectly, and will *save fuel, save repairs, save worry, save money.*

We have local dealers who handle our stoves exclusively, in nearly every village, town and city in the United States. You can examine "Garlands" *before* you buy, instead of after. You can satisfy yourself that "Garlands" are exactly as represented. There will be no freight to pay on "Garlands" and the dealer will set them up without charge.

If no dealer in your town sells "Garlands," or you decide to buy a stove not in your local dealer's stock, you can enjoy the above advantages. We will make a special arrangement so that the stove you want will be delivered to you and properly set up ready for use in your own home.

The Written Guarantee of The Michigan Stove Company accompanies every stove, and protects you by the absolute guarantee that every "Garland" is as represented—*The World's Best.*

IN THE GOOD OLD-FASHIONED DAYS.

Powdered Wigs Formed an Important Adjunct to a Gentleman's Apparel.

It is safe to say that the majority of bald men of to-day would gladly revive the old, dignified custom if they could. But, they can do the next best thing to it; that is, hold on to what hair they have.

In cases where the hair root or hair bulb has not been completely destroyed by parasites that infest it, Newbro's Herpicide will do wonders in the way of encouraging a new growth of hair. Destroy the cause, you remove the effect. That is the successful mission of Herpicide. For sale by W. A. D'Alemberte, druggist and apothecary, 121 South Palafox street, or send 10c in stamps for sample, to The Herpicide Co., Detroit, Mich.
