The Messenger,
PUBLISHED
EVERY THURSDAY MORNING.
TERMS: Subscription, One Dollar a year, in advance; Two Dollars if not paid in advance at the end of each week. Any alteration or correction of advertisements should be made in the week.

Gov. Wm. Brown thanks the citizens who assisted him when his office was burned.

The Knights of Pythias will give a Grand Ball at McIver Hall on the evening of the 15th of December. Invitations general.

Rain, rain, rain, from Friday until Wednesday morning. The streams overflowing, the country is flooded with water, and "lots of cotton in the patch."

A base counterfeit on the standard Silver Dollar is in circulation in this county. We have been shown one by an officer who is looking up the criminal or criminals.

We regret to learn that our friend Crawford of the Pontotoc Democrat was painfully injured, by the overturning of a carriage recently. We hope he will soon be himself again.

It is said some of our friends who "made their jack" on the big cotton fact week. We are glad to hear of their good fortune if we do disapprove of gambling in cotton futures.

The continuous heavy rains on Sunday closed all the churches, and we too, we suppose, for we are sure "the boys" lay in bed all day, and if the young ladies spent the time unprofitably.

The Wallace Sisters will be at Fellow's Hall on Saturday night. All of our exchanges speak in very complimentary terms of this company and we hope they may have a full house.

We are told that the levee across Chuquetonchee has been "swayed" anew and that it is now in good condition. Indeed the roads are way to Houston is said to be better condition now, than at any time since the hard weather set in.

A negro who boasts the name of R. K. Polk, in a drunken spree on Saturday night, assaulted Mr. Gill, and strange to say hurt him considerably and failed to get a lick in his body. James is now cooling behind prison bars.

The Dahmer Bros. have a new advertisement in this issue, to which the public is informed that confectineries, fruits, christmas goods, and good liquors of all kinds, may be found at their house and be bought cheap. Read the 'ad' and fail to call on them.

The road between this city and Pontotoc county line, little more than a mile, is said to be almost impassable, and yet we are told there are a number of hands assigned to work on it. We suppose the Board appointed some one as overseer, whose duty it was to have the public highway under his charge put in good condition. It may be a more difficult task to keep a mile of road just outside of the corporation of this city in good repair, than five or six in the country, but we don't believe it.

Sheriff Wilson has made his tax collecting, and will from now until the end of the time for collecting, keep his books at the Court House in Houston. He desires to say, that persons living at a distance can address him through the mail, giving the numbers of their lots. The will send statements to all those having statements, and send the money to him, or pay it in this city, and thus save himself and the payment of postage.

HARLEY FOSS.
The Wallace Sisters.

WILL HALL, SATURDAY, DECEMBER 4th.

Messrs. Editors:—Never in the course of fiction, was anything more mysterious than the abduction and concealment of this little excepting of the Nathan case, and the Nathan affair has so agitated the public for years. The most skillful detectives, conducted by most skilled detectives, has hitherto failed in unravelling this mystery of the night, and the tragic affair is abducted, coupled with the fact of one of them, still remaining as no nearer the end. Indeed stranger than fiction. The story of this poor child, if it does surpass the romances, may, if the facts should be discovered, prove to be similar to John Brougham's sensational drama of 'Minnie's Mother' or the Ups and Downs of New York," which is now being played to crowded houses, throughout all parts of the United States, by the brilliant and accomplished artists, the Wallace Sisters, Minnie and Maud. The heroine of the play, who stolen from motives of revenge, goes through a series of thrilling adventures, is performed by Miss Jennie Wallace, the leader of the troupe. Her sweet and powerful voice, and touching and impressive manner, impart a wonderful charm to the character, which cannot be equalled by the most famous actress not favored with natural advantages. Her sister, Minnie, by her lively and grace, and a peculiar style of humor which she possesses in every way, is a well sadder portions of the actors who support the parts of ability, and according to the grounds of expense, from the cities of the United States, the peculiar adaptation to the talent. After passing through a series of most intensely interesting events, Minnie is at last restored to her grieved mother, who has charged for her happiness. We will not expatiate on the manner, in which the now dies Charley

OUR ROLL OF HONOR.

We present this week the names of those of our friends who have paid their subscription since our last report, and to them we doff our hats and tender our acknowledgements. We are not hard hearted creditors, but we want our pay sometimes, and those who are yet indebted to us would do well to make some satisfactory arrangements with this office. If any one indebted to us has been unfortunate, and unable to pay us all he owes we ask he can by paying part, usually secure an extension on the remainder, but the man who comes to market with a bale or two of cotton, sells it, buys what supplies he wants, avoids this office, and indulges in a drunk before leaving town need expect no favors from us after the 1st day of next month. We give fair warning, and recommend the example of the following named gentlemen as sure to prevent official visitation:

DR. C. J. MOFFETT—*Dear Sir*—My wife and myself are satisfied that the life of our teething babe was saved by the use of your Teethina, (Teething Powders), when other remedies had failed to relieve him. We have used Teethina with the speedy and permanent relief given one of our children from severe attacks of Cholera Morbus. Teethina should be kept by all parents having small children. A PAYING OCCUPATION.

The approach of the long winter evenings calls attention to the matter of a lamp, without a good light half the pleasure of home is taken from reading or study. Coal oil is now in general use for illuminating purposes outside of cities or large towns where gas is used, and when a proper lamp is used it is the best equivalent for sunlight yet discovered. The principle or plan upon which the Student Lamp is constructed may be said to be the best one, but the lamp itself has always had several objectionable features which we are glad to see are being done away with in the new aspirant for favor called the "Home Lamp," manufactured by the Home Lamp Co. of Cincinnati. The great objection to most other lamps is their liability to upset, the trouble to keep them in order, and the poor light given by them. The New Home Lamp is Nickel Plated, and stands a fair rival of the Student Lamp, it has a handsome ornamental clamp by means of which the lamp can be at once easily attached to any posting, upon the centre table, piano, music rest, sewing machine, desk or by means of a handsome bracket, which goes with the lamp, can be placed upon the wall, and in whatever position it is placed it is safe. This is the great feature of excellence, and the New Home Lamp combines all the patent argand burner, a filling indicator and match box. No lamp has ever before been received with such universal favor or received such strong recommendations from the leading journals of Cincinnati. It is also endorsed by such men as the mayor and postmaster, several insurance presidents and express agents of that city as the safest, most convenient and best lamp inside. The company desires agents in this locality, and any smart lady or gent can make a handsome income during the next six months by canvassing for its sale. There is hardly a dozen families in this county who will not want one, and its price is so low as to bring it within the reach of all. For further information address Home Lamp Co., Cincinnati, O., mentioning our paper and they will give you full particulars and exclusive territory to canvass in. nov 18 1m

A Grand Reputation.

Warner's Safe Kidney and Liver Cure has reached a reputation that is not limited by the confines of section or country. There are no injurious substances, nor false and temporary stimulants in the preparation. It is purely vegetable, and compounded under a formula that has passed severe tests, and won endorsements from some of the highest medical talent in the country.—*New York World.*

I call attention to the large and pretty stock of Millinery just received by Mrs. F. A. Roberts. Ladies desiring to purchase a fashionable hat, trimmed in the latest style should pay her a visit. She has also a large stock of untrimmed hats, also laces, ribbons, collars, collarettes, fichues, cravats, and in fact everything to be found in a first class millinery establishment. Mrs. F. A. Roberts has long resided in our midst, and by strict attention to her business, courteous treatment of her customers, and moderate profits asked, has built up a handsome patronage. We hope the same will be continued in the future.

HEALTH AND BEAUTY COMBINED.

One who has long studied this subject now presents the result of his investigations, and is happy to say he has discovered "Woman's Best Friend." It is adapted especially to those cases where the womb is disordered, and will cure any irregularity of the "menses." Bradfield's Female Regulator acts like a charm in "whites," or a sudden check of the monthly courses, from cold, trouble of mind or like causes, by restoring the discharge in every instance. In chronic cases its action is prompt and decisive, and saves the constitution from countless evils and premature decay.

MORGTOWN, CHAMBERS CO., ALA., July 13, '77.

I have used Bradfield's Female Regulator in my practice for a long time, and with entire success where there was no complication of diseases. If it is not a specific, it is the best known remedy for diseases it is recommended to cure. J. H. DAVIS, M. D.
