Job Printing.

We have all the facilities of the larger cities for doing all kinds of Book and Job Printing, in the highest style of the Art, and on very reasonable terms. Give us a call.

Extra Copies of the TRIBUNE, either with or without wrappers, can always be had at the Counting Room.

Our Council, it appears, have made provisions for sprinkling the streets, whenever they become too dusty. This is a good idea.

S. Kisinger gives notice in to-day's paper that he is prepared to fill all orders in the line of House-Moving and Raising.

Arrested.—A couple of chaps were arrested at Attica, on Wednesday, for some disorderly conduct, brought to Tiffin and lodged in jail.

The Roll of Honor for May is swelling rapidly, but there is still room for a few more names. We have a receipt for every one of you, ready to fill out.

The Ice Trade has already commenced and those of our citizens, who desire to "keep cool" through the Summer, can be accommodated on reasonable terms.

The Advertiser appeared last week, in new type and looking much improved in every respect—a thing which we are pleased to see, even in a political opponent.

The Students of Heidelberg College propose going out on a pic-nic jaunt to-day.—Hunter's woods, about a mile north of town, has been selected for the occasion.

It is reported that we are again to be horsed with the presence of another band of Gipsies. They are now in the vicinity of Fremont, and have signified their intention of paying us a visit in about two weeks.

Several New Residences are going up in different parts of the city and others are being enlarged and improved. Tiffin will surely soon be a city of "magnificent distances," but not until we have a new Cemetery.

Geo. W. Black has resumed the Grocery and Confectionery business, at his old stand, and has fitted up his Saloon in splendid style, for gentlemen and ladies, who may wish to partake of Ice Cream and cool Lemonade. See his advertisement.

The Alarm of Fire, on Wednesday morning, was caused by the partial burning of a summer kitchen, attached to the residence of Dr. Brieker in the 2d Ward. Our Firemen were promptly on hand and extinguished the fire, before doing much damage.

Foreign Subscribers to the TRIBUNE are hereby notified, that, unless they pay up soon, we shall scratch their names off our list and give them the benefit of a notice. The money may be sent by mail with perfect safety, and will be credited on the "Roll of Honor."

Our Agents.—Under the head of Special Notices, will be found a list of Agents throughout the county, whom we have selected to receive and forward subscriptions to the TRIBUNE. We hope they will make some effort in our behalf, in procuring new subscribers.

Sheep Shearing will soon be upon us and our extensive wool-growers are making preparations for it. The wool market will shortly open and buyers will, of course, be plenty, as usual. Our merchants are always ready to pay the highest prices. Wool, to command a good figure, should be well washed and put up.

A New Gun.—Mr. Henry Gross of this place has just got up a new invention, in the shape of a rifle, which is far ahead of anything we have ever seen in that line. It is a breech-loader, works with a double eccentric motion, can be discharged with ease and great rapidity and is simple but very ingenious in its construction. Mr. G. is now preparing a model and will start for Washington on Monday, to have it patented.

"The Adriac Independent No. 4," is the name of the new engine just finished for the Independent Fire Company of this city.—It will be received about the last of this month, and in view of its vast superiority over other "machines" will probably create a STIR in the camp. It will throw four streams of the ordinary size, and is said to be one of the most complete engines of the day. Such a first class machine our firemen may well be proud of.

The Weather, for the past week, has been most propitious for the farmers. A refreshing rain fell on Monday, which had the effect to moisten the ground for planting and cause vegetation to spring up with wonderful rapidity. The farmers are all busy at work in their fields, for these are golden moments to them and ought to be improved. We scarcely ever knew a season to open with fairer prospects of abundant crops of both grain and fruit.

Counterfeiters Arrested.—Two negroes, named Taylor and Durge, were arrested on Monday night by officer Carr and lodged in jail, in this place, on a charge of passing counterfeit money. They passed a $5 counterfeit bill at the depot in this place, on Saturday, and then went to Republic, where they succeeded in getting off a $10 bill on the Ironton Bank. They returned on Monday and were pursued by officer Carr, who arrested one of them at Forest and the other at Kenton. They are to be tried before Justice Conrod to-day.

Improvements.—What means all this confused noise of trowel, hammer, saw, anvil, dray, carts, omnibuses, stages, and wheelbarrows? What means the dense throng of carpenters, painters, stone and brick masons, plasterers, lumber merchants, grocers, contractors, real estate agents, all, all, hurrying along as though their very existence depended upon the exertions of a single day. But yesterday, as it were, that venerable old gentleman, "the oldest inhabitant," walked through corn-fields, meadows, orchards and pastures, while today he beholds those fields almost covered with the new, neat residences of enterprising citizens. Yesterday, as it were, he walked through the silent, unimproved and almost untrodden streets; but to-day those streets are paved, (or ought to be) and resound with the noise of the busy throng, as they rush along to their various occupations. Upon either side of the street old tenements are being torn down, old foundations heaved up—the accumulated wrecks of by-gone days hurried away, and in their stead, stores, business houses and handsome residences will soon be looming up as mermaids from the "deep blue sea." All is action, all is motion, and the spirit of improvement thoroughly prevails.

NEIGHBORHOOD JOTTINGS.

A Band Convention is to be held at Mansfield on the 26th inst. The SHIELD AND BANNER says that some 54 bands have already reported themselves for attendance.

A New Church Edifice, says the Bucyrus JOURNAL, will be erected by the Presbyterians of that place, the coming season, on the site of the old one. It will cost from $6000 to $10,000.

Counterfeiters Arrested.—The Fremont DEMOCRAT of last week says that three persons, charged with passing counterfeit money, were lodged in the Fremont jail, on the Wednesday previous. They were arrested at Clyde.

D. & M. Railroad.—The Lima GAZETTE learns from reliable authority, that the track-laying on the D. & M. road is to be commenced, at Toledo, this week, and pushed forward with dispatch.

From the same paper, we learn that the house of Daniel Wollet, in Bath township, that county, was broken into, on Friday week, while the occupants were away, and robbed of about $100 in money and notes and bank checks to the amount of $1300 more.

Putting on Airs.—The town of Norwalk, it appears, is soon to be lighted with gas.—The REFLECTOR says that a company has been formed and the stock all subscribed; and that the contract has been let.

Killed by a Tree.—The Kenton REPUBLICAN learns that Mr. Reuben Johns, formerly of that place, was killed by the falling of a tree, near Yelvaston, Hardin county, on Wednesday last. Mr. Johns was the largest man in the county, being some six feet seven inches in height, and some years ago was a man of extraordinary muscular strength.

Too Bad.—There are, says the Wyandot PIONEER a number of persons either totally or partially insane confined in the jail of that county for the want of an Infirmary.

Good Advice.—Speaking of Col. Wilson's election to the office of Justice of the Peace in Upper Sandusky the Lima GAZETTE says:

"We hope, Col., that you will not put on airs, and be above speaking to the editorial fraternity, at Tiffin, next January."

The Plymouth Advertiser, owned by Mr. A. H. Balsley, is offered for sale, on reasonable terms.

Singular, but True.—The Fremont MESSENGER says, "that individuals, whose accounts are square on the printer's books, are seldom struck by lightning, injured by railroad accidents or blown up on dilapidated steamboats." Delinquents will please take warning.

The St. Lawrence Hotel, in Sandusky, has been closed. Its proprietor, Col. John McKenster, has associated himself with the Messrs. West and assumes the management of West's Hotel.

An Accident.—The Findlay JEFFERSONIAN of last week says "a company of young folks from Findlay, went down to Johnston's Mill on Monday last, on a fishing excursion. When about to return, one of the horses attached to a buggy, in which a young lady was seated, became fractious and breaking away, ran toward the river. When the buggy reached the water's edge, the young lady jumped out, but the horse plunged into the stream, and when he reached deep water, got so entangled in the harness and reins that he drowned."

Whiskey at a Discount.—On Wednesday afternoon, as a man was passing our office, with a loaded wagon on the top of which was a barrel of whiskey. A lurch of the wagon brought the barrel to the ground with a crash; when lo! it sprang a leak, and the strychnine escaped rapidly. We do not feel like rejoicing over a man's misfortune, but we could not help thinking it would do less harm in the gutter than in being retailed at five cents a glass to put men in the gutter. Another barrel was soon procured, and a portion of it saved. A few pails of water will however make up for the loss.—FREMONT JOURNAL.

Council Proceedings.

G. H. Heming moved that the acc't be allowed and an order drawn for the same, the Yeas and Nays having been taken resulted Yeas 2 Nays 2 as follows: Yeas, Heming and Watson 2, Nays, Hovey and Wagner, so the President declared the motion lost.

Frank Wagner then moved that the item of $1,00 for meter rent in said acc't be rejected, and the Clerk instructed to draw an order for $25,60 on City fund in full payment of the ballance of said acc't, the yeas and nays were taken on the motion and resulted Yeas 3, Nays 1, as follows: Yeas Wagner Watson and Hovey 3, Nays Heming 1, so the motion prevailed. On motion of C. K. Watson it was ordered that the City Solicitor be authorized and instructed, to confer and agree with the Tiffin Gas Co. upon a basis for a contract between the City and said Company, for the furnishing of Gas for the City, the hours at which the City shall be lighted and all the expenses attending the same, and report such basis for contract at his earliest convenience to council.

The City Solicitor made written Report upon the account refered to him at last meeting of Council in favor of J. C. Mitchell, reporting in substance that the Trustees of the City in the year 1854 had deducted from the Salary of said Mitchell as Marshal the sum of $75,00 in consequence of said Mitchell's neglecting and refusing to collect a tax assessed upon dogs in the City, which he had been instructed by the Council to collect.

C. K. Watson moved that said Mitchell be allowed the sum of $75,00 for ballance of Salary as Marshal for the year 1854, the yeas and nays having been taken on said motion resulted yeas 2, nays 2, as follows: Yeas Heming and Watson 2, Nays Hovey and Wagner 2, so the President declared the motion lost.

On motion Council then adjourned to meet Saturday, May 14, 1852 at 8 o'clock P. M.

KENNEDY'S MEDICAL DISCOVERY.—This article, although the ingredients of which it is composed are harmless, still its effects are most powerful. It enters the blood diseased by humor and flowing sluggishly through the veins, and as it meanders its way through them, drives from before it to the surface of the skin all that is impure and obnoxious, filtering the blood, and causing it to flow briskly through the veins. The blotches on the surface in a few days disappear, and the reign of humors in the system is no more. We wish our readers could visit, as we have done, the Laboratory of Mr. Kennedy at Roxbury, and examine the certificates of those who have been cured of humors. But as this, in all cases, is not convenient, we trust that our word will be taken when we declare this to be the greatest medicine of the age.

somely got up and comprise numerous volumes of the best literature of the day. We trust they will be read and appreciated.

Special Notice.

ALL persons indebted to THOMAS REA for Boots and Shoes are requested to make immediate payment as he must pay his debts; and all those owing him must do the same for my debts must be settled within 30 days.

Strayed.

STRAYED from the premises of the subscriber about the 1st of March, a deep-red Cow—about six years old. There is a slight notch, or rather bite, in the left ear, made by the bite of a dog. Her horns are more white and bright than cows are ordinarily; no white about her remembered—would be fresh about this time. A fair compensation will be paid for the return of the cow, or information that will enable me to find her.

GROCERIES

Only Store, the real estate known as the "Mansion House," described as follows: the East quarter of lot No. 150; the East quarter of lot No. 151; a strip fifty feet wide off the West end of lot No. 152, and all that part of lot No. 24, lying West of Kilbourn road in Republic, Seneca County, Ohio, and that the said Anthony, thereby became indebted to the said Joseph in the sum of $1300 and some

That afterwards, on the 25th day of February, 1851, Plaintiff said Anthony entered into a written contract, whereby the Plaintiff was to take possession of, and keep a tavern in said "Mansion House;" that as soon as Plaintiff should pay one-half of balance of purchase money, (about, as he thinks, $1475,) the said Anthony would execute and deliver to said Plaintiff a deed of general warranty, in fee simple, for the undivided half of said real estate.

That Plaintiff took possession of and kept a tavern on said premises until October 1st, 1856, paid up the full sum of $1475 and interest, and afterwards demanded of said Anthony a conveyance according to the terms of said contract, which said Anthony then and still refuses to make; that said Joseph holds, in presents to hold, a mortgage lien upon the undivided half of said real estate, owned by said Anthony.

That after the payment of the purchase money by said Plaintiff, to wit, December 25, 1856, the said Anthony, for the purpose of defrauding said Plaintiff of his said interest, did sell to Joseph Robb, or pretends to hold, a mortgage lien upon the undivided half of said real estate, owned by said Anthony.

That after the payment of the purchase money by said Plaintiff, to wit, December 25, 1856, the said Anthony, for the purpose of defrauding said Plaintiff of his said interest, did sell to the Defendant, Mechelle Shaw, for full consideration, the East quarter of said lot No. 151, and a strip fifty feet wide off of East end of lot No. 152, and so much of said lot No. 24, as lies West of Kilbourn road, in Republic, Seneca County, Ohio, and that said Michele Shaw had full knowledge and notice of Plaintiff's rights.

That said Sephronia is entitled to an experimentary dower in the undivided half of said premises, owned by the said Anthony, but not in that owned by Plaintiff.

2d. That Plaintiff, while in possession of said real estate, with the consent and agreement of parties, put up valuable & lasting improvements thereon, in the sum of $300, and thereby the said Anthony became and is now indebted to said Plaintiff for one-half thereof, in the sum of $150.

And says that conveyances from Anthony to Mr Dole may be held for naught, that Anthony and his wife may be compelled to convey to said Plaintiff one full equal half of said real estate; that he may have partition of his said interest; that said Defendant, Joseph Robb, may make full answer hereto; that Plaintiff may have judgement against said Anthony for $150, with interest since the 12th day of April 1858; that said Petition must be answered on or before the 4th day of June, A. D. 1859, or the same will be taken as true, and judgment rendered thereon accordingly.
