"Wanted."—See notice under head of new advertisements.

The Senior Editor is absent at Columbus, attending the Republican State Convention.

C. Osborn, at Republic, advertises his wagon-making establishment in to-day's paper.

Mr. R. Nelson has opened a Watch, Clock and Jewelry Store, in the room occupied by J. F. Wooster, Druggist. See his card.

The "Fourth" is approaching. Can't we have some public demonstration in Tiffin, worthy of the occasion? Will not our Firemen take the lead in the matter?

Counterfeits.—On Saturday last, several counterfeit 10's on Hadley Falls Bank, Mass., were passed or attempted to be passed in this place, by a certain suspicious looking chap.—They are well calculated to deceive.

Pic-Nic.—To-day, the teachers and pupils of our Union Schools will have a pic-nic, in the grove immediately South of the residence of W. H. Gibson, Esq. There will be literary exercises by the graduating class and addresses by the Superintendant and others. We hope the citizens generally will unite in the jubilee.

Ohio White Sulphur Springs.—We call the attention of invalids and the pleasure-seeking public to the advertisement of this establishment, now open for the season. These Springs are handsomely located on the Scioto river, some 18 miles North of Columbus, in a retired and romantic spot, commanding a delightful view of the river and surrounding country, which, added to the sanitary properties of the water, make it altogether the most convenient and desirable place of resort, during the Summer. The great rush of visitors, last season, fully establishes it as a "fixed institution" and, in view of its growing popularity, the proprietor, Mr. Andrew Wilson Jr., has gone to great expense, in enlarging the the buildings and improving and beautifying the grounds. We recommend a visit to the Ohio White Sulphur Springs, as less expensive and much more beneficial than a pilgrimage to Saratoga, Newport or any of the others "fashionable" watering places.

Court will convene next Monday, Judge Scney on the Bench. The following persons have been selected as Jurymen:

BOOK NOTICES.

The Knickerbocker for June, published by John A. Gray, New York, has made its appearance. It contains two fine steel engravings and two of the articles, entitled "Logan and the Home of the Iroquois" and "Wall Street to Cashmere," are handsomely illustrated. The articles are all well selected and will amply pay a perusal. Price $3 a year—two copies for $5—3 for $6.

Blackwood for May is received from the American publishers, Leonard Scott & Co., New York. It is replete with good things from the best English writers. The leading articles are "Popular Literature;" "A Cruise in Japanese Waters;" "Tidings from Turin" and "The Appeal to the Country." Price $3 a year—taken with any one of the Reviews, $2. Blackwood and the four Reviews, $10.

London Quarterly, for April.—The political article of this number—"Foreign Affairs; War in Italy"—will be read with unusual interest at this time. The most important and best worked out paper is that on Bunsen's Egypt and the chronology of the Bible. Republished by Leonard Scott & Co., 54 Gold Street, New York, who also reprint the North-British, Westminster, and Edinburgh Reviews, and Blackwood's Magazine; at $3 a year singly, or $10 a year for the whole five Periodicals.

Bride of Lammermoor.—We have just received this number of Peterson's edition to to the Waverly Novels, and, from the short time we have had to glance over its pages, we feel safe in pronouncing it all that is claimed for it. Single copy 25 cents—address T. B. Peterson & Bro., Philadelphia Pa.

Peterson's Detector—the largest and most complete counterfeit detector of the day—has made its appearance for June. Terms, per annum, $1.00. T. B. Peterson & Bro., Philadelphia, Pa.

The business of manufacturing murderous preparations in the form of alcoholic beverages has become so large, that most persons suspect ALL liquors, and can trust none to be PURE.

Until a recent day, no old and respectable firm had turned their attention to the importation and sale of a BONA FIDE article, and the mushroom liquor-dealing houses that have made a temporary notoriety through advertising their 'aromatic' or 'medicated' gins, have brought the business into disrepute.

"It remained, however, for the house of A. M. Bininger & Co.,—an establishment of NINETY YEARS' standing—to take hold of the popular need, and to do their best to supply it conscientiously. They have imported a peculiarly fine and pure gin for nearly half a century, and have now commenced bottling it expressly for family and medicinal use.

"The result has been the inauguration of a new era in the history of the trade. BININGER'S OLD LONDON DOCK GIN has been tested by physicians of the highest standing, and pronounced far superior to all other stimuli heretofore recommended for medicinal purposes. Its popularity has greatly exceeded the expectations even of those who knew its value and excellence.

ITEMS ABOUT HOME.

Court commenced in Crawford county on Wednesday.

A Gas Company has been organized in the village of Galion.

E. Hardy & Co., Bankers of Marion, have failed and made an assignment.

The Body of Chas. Lindsey, who was drowned in the Sandusky below Fremont, a few days ago, has been recovered.

The Yager Band of Sandusky were the victors in the musical contest at Mansfield, on Thursday the 29th ult. The Monroeville Band came out second best. There was much drunkenness and fighting on the occasion and one man was killed.

Indicted.—Geo. Patridge and Andrew Pierce have been indicted, in the Marion county Common Pleas, for Arson.

A Pair of Horses were stolen from the stable of Theodore Baker in Norwalk, on the night of the 31st ult. The thief was caught, last week, near Maumee City and the horses recovered.

Pic-Nic.—On Friday week, the teachers and pupils of the Fostoria Union Schools, to the number of some 350 persons, took a free ride on the P. & I. Railroad to Fremont, on a pic-nic excursion.

Scarlet Fever.—The Norwalk REFLECTOR says that Mr. Clawson of Clarksfield has, within the past few weeks, lost all his children (four) by Scarlet Fever.

The Perrysburg Journal reports the prospect of the apple crop in that county to be very slim. The same paper says that James Johnson, confined in the jail of that county for passing counterfeit money, was married to Electa Roberts, on Saturday week. The jailor tied the knot.

A Curiosity.—The Editor of the Marion REPUBLICAN has been shown a curiosity, in the way of a hen's egg. On breaking an egg, which was of enormous proportions, a perfectly formed egg was found within, of nearly the usual size—shell and all complete.

Houses Burned.—The last Findlay JEFFERSONIAN records the burning of two dwellings in that county, one belonging to Mr. Wm. Waltemire of Jackson township—the other to John Hall of Liberty township.

Wm. Shanks of Fremont, says the Messenger, attempted to commit a rape on a girl 11 years of age, residing with his family. He attempted to make his escape but was arrested at Sandusky.

Wool.—The first lot of wool brought to this market this season, was bought by Messrs. J. D. & S. M. Edson, at forty cents. The same clip brought last year thirty-two cents. It was brought in by Mr. S. Myers, of Chippewa.—ASHTA BEACON.

Fearful Leap.—We learn that on Thursday night last, soon after the western bound train had left Monroeville, a German, supposed to be insane, leaped from the cars while they were in full motion. The train was stopped as soon as possible, and the man was found standing on the track. One of his limbs was so badly shattered at the knee joint, that amputation was found necessary, which was performed at Toledo on Friday.—NOAWALK REFLECTOR.

McCutchenville.—We learned from our friend, Mr. John Wininger, of Tymochtee township, that the fine Methodist Church building in McCutchenville, is nearly completed, and that the members of that church held worship therein, last Saturday evening, for the first time. We are proud to record this evidence of prosperity in McCutchenville. Nothing so becomes a country as fine churches and good School houses.—WYANDOT PIONEER.

Kane's Concert, on Wednesday evening, was attended with a "big house," such as we are sometimes want to read about. The entertainment was alike instructive and amusing, and reflected much credit upon the Professors. We have not space to particularize—suffice to say that there was a "glorious time," generally.

Council Proceedings.

COUNCIL CHAMBER, }
Tiffin, Saturday, May 28, 1859. }

Council met and was called to order by A. B. Hovey, President.

Members present, Hovey, Wagner, Heming and Watson.

Minutes of last meeting read and adopted.

The following accounts were then presented and read by the Clerk, viz:

Account of M. A. Mitchell of $15.75 for labor on streets in 1st Ward, and the acc't of John Walker of $53.50 ($46.00 thereof being for 32 days services as Supervisor and $5.50 thereof being for amount paid by him for hauling for 1st Ward.)

C. R. Watson moved that said acc'ts be allowed and orders drawn for the same, which motion was lost by a tie vote, Yeas 2, Nays 2. Frank Wagner (having voted in the negative) moved a reconsideration of the vote last taken, which motion prevailed. Wagner then moved to amend the original motion as follows: That the acc't of M. A. Mitchell of $15.75 be allowed and that John Walker be allowed the sum of $45.50 in full of his acc't (being $40.00 for 32 days services as Supervisor and $5.50 for amt. paid by him for hauling) the question being upon the amendment as offered by Wagner, the same was unanimously adopted; the original motion was amended was then adopted, and the Clerk instructed to draw orders on the 1st Ward fund for said acc'ts accordingly.—On motion of Watson the Gas Light Co. was instructed to light the street lamps from 9 to 12 o'clock P. M. until further ordered. The Note of E. W. Robinson of $20.00 for rent of Stall No. 8 in Market house, with S. A. Bopes and Jno. A. Myers as sureties thereto was then offered for the approval of Council. On motion of Heming said note was approved and the Clerk instructed to place the same in the possession of the City Treasurer.

On motion of Watson the Ordinance entitled "An Ordinance for the purpose of enforcing the collection of fines and costs, assessed for the violation of any of the Ordinances of the City of Tiffin," was laid upon the table. The City Solicitor asked further time to make Report upon acc't of R. Nichols (Jailor) which was granted. On motion of Watson the street Commissioner was instructed to make an examination and report to Council at his earliest convenience, the probable expense of the construction of a Culvert in the alley running East and West, between the lots No. 115 and 149 and Lots No. 124 and 153, in the 1st Ward, from the West line of said Lots No. 115 and 124, West to Sandusky river, and that he also report what dimensions, in his opinion, such culvert should be in order to carry off the water passing through said alley.

On motion Council then adjourned to meet Saturday, June 4, 1859 at 8 o'clock P. M.

Our Mississippi Valley is destined to become the garden of the world, but a dead weight on its population is the miasm which engenders bilious disease all over it. Could an absolute antidote be found to the miasm which exhale from its marshes, it is impossible to over-estimate the consequences to our prosperity. We congratulate our fellow citizens and fellow sufferers around us, on the announcement, important if true, that Dr. J. C. Ayer the celebrated medical Chemist of the East, has discovered just so an antidote—in "Cook Cure" which is supplied at a price that can exclude no one from its benefits, and that is said to cure Fever and Ague and kindred diseases, to a moral certainty.—FAMILY VISITOR, MEMPHIS.

Keep the Blood Pure.—Most of the diseases that are found among men originate from humors in the blood, and even consumption itself, in a great many instances, can be traced to the settling of some humor upon the lungs. With how much joy then should a remedy be hailed that will forever eradicate from the system the worst and most desperate humor that can attack it. Kennedy's Medical Discovery cures every year thousands afflicted with Scrofula, Erysipelas, Salt Rheum, Rheumatism, &c. &c., and yet there are some who, through ignorance or want of faith, delay obtaining it. We would say to such—"Be ye not faithless, but believe."

Teachers' Meeting.

The third quarterly meeting of the Seneca Co. Teachers' Association will be held in Republic, at the Seneca Co. Academy, on Saturday, June 11th, 1859. The meeting will convene at 10 o'clock, A. M.

Members of other Associations are respectfully invited to attend. Invitation is especially tendered to the members of the Clyde Association. Let there be a full attendance, and we shall have a "good time."

E. W. CLARK, Jr.
Secretary.
