Agricultural.

Training Oxen.

The majority of farmers do not know how to break steers correctly; therefore I will suggest a few things that will be very useful if rightly performed.

It is the custom with many farmers to yoke up their steers before a hand-sled, with a rope around their horns, and if they can not hold them, to jump on the sled and let them run. This is not right; by so doing they form a habit of running away, and it takes a long time to break them of it. My way is to take a yoke of steers of any age, and put them on a barn floor, or, in case this is not handy, to build a small yard with a very high fence, so that they cannot look or get out. Let this be the first thing done with the steers; then, with a very good whip, begin to tap the nigh steer gently on the right ear—this will make him walk close to you—and then serve the other in the same manner. By this time they will be subdued enough to put on the yoke very carefully which should take at least half an hour. Be sure to learn them not to fear the noise of rings. After they are yoked and gently patted—thus assuring them that you are not going to hurt them—begin to drive them yoked as you would separately, and in a short time they will start and stop at the word. After they thoroughly learn this, then learn them to back—be sure to yoke and unyoke until they do it with ease, after that you will have no trouble about yoking them. After training them about two days in the barn take them into an open field, and commence drawing small loads gradually increasing them.—After the third day rightly managed, you can drive your steers with ease. The reason for putting them in a barn instead of breaking them out of doors, is that they cannot get out and at once yield and are under your control.

By strictly following these instructions I think any farmer can break a yoke of steers, and have them ready for very light work in three days. From the beginning be sure to treat them mildly, as this is a great part in breaking steers well. Be very careful also not to excite them. One that commences to pound and to scream cannot break steers, well, and ought not to try it.—*Cor. Rural New Yorker.*

To Housekeepers.

SOMETHING NEW.—B. T. BABBITT'S BEST MEDICINAL SALERATUS.

68 68

Is manufactured from common salt, and is prepared entirely differ nt from other Saleratus. All the deleterious matter extracted in such a manner as to produce Bread, Biscuit, and a blind loaf of Cake, with unexceptionably a portion of Saleratus when the Bread or Cake is baked; thereby producing wholesome results. Every particle of Saleratus is taken from the flour and passes off AND the Bread or Biscuit while baking; consequently nothing remains but common Salt, Water and Flour. You will readily perceive by the taste of this Saleratus that it is entirely different from other Saleratus.

70 70

It is packed in one pound papers, each wrapper branded "B. T. Babbitt's Best Medical Saleratus;" also, picture, twist of loaf of bread, with a glass of effervescing water on the top. When you purchase I paper you should preserve the wrapper, and be particular to get the next exactly like the first—brand as above.

68 68

Full directions for making Bread with this Saleratus and Sour Milk or Cream Tartar, will accompany each package; also directions for making all kinds of Pastry; also, for making Soda Water and Healthy Powders.

MAKE YOUR OWN SOAP WITH B. T. BABBITT'S PURE CONCENTRATED POTASH.

AND Warranted double the strength of ordinary AND Pearlash put up in cans—1 lb., 2 lbs., 3 lbs., 6 lbs., and 12 lbs., with full directions for making Hard and Soft Soap. Consumers will find this the cheapest Potash in market. Manufactured and for sale by

aug9-1y and No. 30 India st., Boston.

MRS. WINSLOW,

An experienced Nurse and Female Physician, presents to the attention of mothers, her

SOOTHING SYRUP,
For Children Teething,

which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

Sure to Regulate the Bowels.

Depend upon it, mothers, it will give rest to your selves, and relief and health to your infants.

We have put up and sold this article for over ten years, and can say, in confidence and truth of it, what we have not been other medicine FAILED IN ANY INSTANCE TO EFFECT A timely used. No an instance of NEVER HAS it any one who uses Winslow's Soothing SYRUP, NEVER DISAPPOINTED THE CHILD. On the contrary, all are delighted with its operation, and speak in terms of highest commendation of its magical effects and medical virtues. We speak in this matter "what we do know," after ten years of experience, and pledge our reputation for the FULFILMENT of what we here declare. In almost every instance where the child is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most EXPERIENCED and SKILFUL NURSES in New England, and has been used with NEVER-FAILING SUCCESS in THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

Griping in the Bowels, & Wind Colic,

and overcome convulsions, which, if not speedily relieved, end in death. We believe this is the SAFEST AND BEST REMEDY in the WORLD in all cases of DISEASES IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—do not let your PREJUDICES, nor the prejudices of others, stand between you and your suffering child, and the relief will be sure—yes, absolute SURE—to follow the use of this medicine, if timely used.—Full directions for using will accompany each bottle.—None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

For Children Teething.

SAFE AT LAST.

No More Explosions!

Greenough's Carbonic-Acid-Gas,

Non-Explosive Burning Fluid.

HAVING purchased the exclusive right to manufacture and sell the NON-EXPLOSIVE BURNING FLUID AND CAMPHENE, for Tiffin and vicinity, I now offer it for sale at a trifle more than I have heretofore sold the common kind. This fluid has been in use in most of the New England towns, for the past two years, and has undergone an investigation before the "Franklin Institute" and College of Pharmacy of Philadelphia. I am convinced that it may be used with perfect safety, and will not explode under any circumstances in the ordinary use of Burning Fluid. I have fully tested its merits in the presence of many citizens; and all pronounce it of the utmost importance to every family ***

Safe and Brilliant Light!

To those who have heretofore preferred to burn oil, rather take the risk of the explosion of fluid, I would say that the article I recommend IS REALLY NON-EXPLOSIVE, and may be used without the slightest possibility of an accident. It is used in the same lamps as common burning fluid.

Price, 80 cents per gallon, or 20 cents a quart.

☞ The only place in this city where the fluid can be had is at the Drug Store of J. F. MARQUARDT, on Market street, 3 doors below the Davis House, Tiffin, Ohio. ap 12 tf

THE EXCELSIOR

CORN & COB MILL

Invented by Charles Leavitt, and Patented on the 27th of Feb. 1855.

For Sale by J. M. NAYLOR,

Tiffin, Ohio.

The above Mill has the most valuable improvements in portable Corn Cob Mills, and is adapted to the various Grinding and Shelling purposes, for feeding all kinds of stock. Which system of feeding is now universally approved and found profitable by experience.

The Advantages this Mill has Over Others.

1st That the grinders are placed on movable rings, which are cast of head metal and when worn out can be replaced by new rings, in five minutes, for a small sum of three dollars. Also, this mill is as good feed for any other Corn and Cob Mill offered for sale. This Mill was awarded.

The First Premium at the Ohio State Fair,

of the year (1855) in a fair trial with the Little Giant, Star, and all other Mills brought to competition. The Excelsior Mill grinds from ten to fifteen bushels hourly, according to the degree of fineness, and can be worked by one or two horses.

Nov30-3t J. M. NAYLOR.

SANFORD'S
LIVER INVIGORATOR,
NEVER DEBILITATES.

IT IS COMPOUNDED ENTIRELY FROM GUMS and has become an established fact, a Standard Medicine, known and appreciated, and is now resorted to by all those who have proved to it with confidence in its recommended.

LIVER INVIGORATOR

all diseases for which it is recommended.

It has cured thousands within the last two years who had given up all hopes of relief, as the testimonials in my possession will show.

The dose must be adapted to the temperament of the individual taking it, as what is just enough to open the bowels, in one case, may be a powerful purgative, and it will take a dose to regulate others.

Let the diseases of your system be cured by the use of the Liver Invigorator, such as Liver Complaints, Dyspepsia, Bilious Attacks, Dysentery, Dropsy, Sour Stomach, Nervous Complaints, Costiveness, Dyspepsia, Chronic diarrhœa, Dysentery, Dropsy, Sour Stomach, Habitual Costiveness, Flatulence, Cholic, Cholera, Jaundice, Female weakness, and may be used successfully as a Family Medicine. It will cure sick headache in twenty minutes, and effect a thorough cure within a few days. Two teaspoonfuls are taken at a dose.

All who use it are giving their testimony in its favor.

Mix Water in the Mouth with the Invigorator, and swallow both together.

Price One Dollar Per Bottle.

ALSO,

DR. CHURCHILL'S REMEDY
FOR THE PREVENTION AND CURE OF
CONSUMPTION.

Winchester's Genuine Preparation of the HYPOPHOSPHITES
OF LIME AND OF SODA.

The Specific Remedy for Consumption, Chronic Bronchitis, Asthma, Scrofula, Dyspepsia General Debility, and all Nervous Diseases, Loss of Energy, Wasting, &c., &c., &c.

This extraordinary CHEMICAL PREPARATION of PHOSPHORUS, (the PROTOXYDIZED and EVASIVE properties of which were discovered by Dr. J. F. Chossat, of Paris,) is performing wonderful cures throughout Europe and the United States, having already attained, since its introduction, a remarkable popularity, both with the medical profession and the public. It is a purely SCIENTIFIC PREPARATION, acting with SPECIFIC EFFICACY, and of INVARIABLE EFFICACY in all stages of Pulmonary and Nervous Diseases. The

Cure of Consumption.

In the second and third stages (at a period, consequently, when there can be no uncertainty as to the nature of the disease,) can be obtained, in all cases, by this treatment, except when the wasting tissues of the lungs is so far gone as to produce death. Hereditary predisposition counts in no way to contravene the effect of the HYPOPHOSPHITES, patients in whom it was most strongly exerted recovering as rapidly as others.

The Remedy has not only a curative effect, but will, if used when there is the slightest suspicion of the disease, PREVENT ITS DEVELOPEMENT, and then act as a PRESERVATIVE WITH REGARD TO CONSUMPTION, JUST AS VACCINATION DOES WITH REGARD TO SMALL-POX.

Professional Correspondence.

"CINCINNATI, Ohio, Aug. 8, 1859.—I have been testing this disease for twenty-five years, and have derived more satisfaction from the use of the HYPOPHOSPHITES than from all other forms of medication combined."

"MANCHESTER, Mich., Aug. 3, 1859.—I have used the Hypophosphites in my practice with very happy effects—so much so, that I would not be satisfied to remain without them."

"MIDDLEBURY, Vt., Aug. 9, 1859.—I believe the Hypophosphites cured in the manner and way Dr. Churchill says them, will cure Consumption."

"SHEPHERDSTOWN, Va., Aug. 15, 1859.—I have prescribed the Hypophosphite in several cases, and am delighted with its effects. It has accomplished wonders.

"LOWELL, O., July 5, 1859.—I have used in all about forty bottles, and in but one instance have they failed to benefit the patient, and that was a hopeless one before I was called. I have had several cases given up by attending physicians who are now enjoying comparatively good health, and except from all the symptoms of pulmonary disease. I have used the Remedy in my own family, with invariable success. In scrofula, it is hopeless by physicians and friends, and even death enters the 'old tenement.' I am now able to ride, in attending on the sick, as many miles in a day, perhaps, as any other physician in the county."

"RONDOUT FALLS, N. Y., Aug. 23, 1859.—I have on my store, this morning, to say, that I have been astonished in witnessing the good effects of the Hypophosphites. The testimonials in your pamphlet are not at all exaggerated."

"EATON, K. T., Aug. 5, 1859.—I have been using your Hypophosphites of Lime and Soda, and have experienced great improvement from them. Also, my son, who had a hacking cough and bleeding of the lungs, which was so severe that he was confined by it to his room, is now able to be about the house."

"CHATHAM, Pa., July 26, 1859.—I received the 12 bottles of Churchill's Remedy for Consumption. * * It has worked wonders in every case.

Make no Delay.

Consumptives, in any stage of disease, should commence immediately to the use of the Hypophosphites of Lime and Soda. "Winchester's Genuine Preparation" (in simple syrup), in extra large bottles, is warranted superior to the compounds, prepared by Druggists "on the premises," and is prepared according to the original Formula.

Dr. Churchill's Work on Consumption

is now ready.

CAUTION.—Interested druggists will try to sell you other preparations than mine. Do not buy them! My "Genuine Preparation" bears my fac-simile signature.

Have you a cough or pulmonary complaint to be the Hypophosphites, which contain none, or any form. The country is likely to be flooded with spurious preparations. By writing to me, you obtain information that will prevent any deception being practised upon you.—The Trade and Druggists will find it to their profit.

PRICE.—One Bottle, $2; three Bottles for $5. Concentrated Potashes, by mail, pos paid, $2.

Sold Wholesale and Retail, at the sole General Depot in the United States, by J. WINCHESTER,
48 John Street, N. Y.

For Sale by I. L. St. John & Co., and J. F. Wooster, Tiffin, O. jly6-1y

New Agricultural Settlement.

To all Wanting Farms,
A Rare Opportunity in a Delightful and Healthy Climate, 25 miles South-East of Philadelphia, on the Camden and Atlantic Railroad, New Jersey.

An old estate consisting of several thousands of acres of productive soil has been divided into farms of various sizes to suit the purchaser. A population of some Fifteen Hundred, from various parts of the Middle States and New England have settled there the past year, improved their places, and raised a excellent crop. The price of the land is at the low sum of from $15 to $20 per acre, the soil is of the best quality for the production of Grain, Grass, of Wheat, Clover, Corn, Potatoes, Fruit and Vegetables. IT IS CONSIDERED THE BEST FRUIT SOIL IN THE UNION. The place is perfectly secure from frosts—the destructive enemy of the farmer. Crops of grain, grass and fruit are now growing and ripening. By examining the place itself, a correct judgment can be formed of the productiveness of the farm. The terms are made easy to secure the rapid improvement of the land, which is only for actual improvement. For details, then within the past two years some three hundred houses have been erected, two mills, one steam, four stores, some forty vineyards and peach orchards planted, and a large number of other improvements, making it a desirable and secure place of business.

THE MARKET,

as the entire may perceive from its location, is the

BEST IN THE UNION.

Produce bringing double the price that is locations away from the city, and more than double the price than the West. It is known that the earliest and best fruits and vegetables in this latitude come from New Jersey, and are usually expected to the extent of millions.

In locating here the settler has many advantages.—He is within a few hours ride of the great cities New England and Middle States, he is near his old friends and acquaintances, he is in a settled country where every improvement and comfort and civilization is at hand.—He can buy every article he wants at the cheapest price, and sell his produce for the highest, (in the West this is reversed,) he has schools for his children, divine service, and will enjoy an open winter, and delightful climate, where fevers are utterly unknown. The result of the change upon those of the north, has generally been to restore them to an excellent state of health.

In the way of building and improving, lumber can be obtained at the mills at the rate of $10 to $15 per thousand. Bricks from the brick yard opened in the place, everywhere else be procured in the place, good carpenters are now here, and there is no place in the Union where buildings and improvements can be made cheaper.

The reader will at once be struck with the advantages here presented, and ask himself why the property has not been taken up before. The reason is, it was never known in the market; and unless these statements were correct, no one would be invited to examine the land before purchasing. This all are expected to do. They will find no better cultivation, nor is the extent of the settlement that they will see there. meet persons, from their own neighborhood; they will witness the improvements, and can judge the character of the population.—If they come with a view to settle, they will find the inducements as great as represented, and if they are ready to purchase, as bottom cannot be better refused.

There are two daily trains to Philadelphia, and to all settlers who remove, the Railroad Company gives a free Ticket for six months, and a half-price Ticket for three years.

THE TOWN OF HAMMONTON.

In connection with the agricultural settlement, a new and thriving town has been actually setting which presents inducements for any kind of business, particularly stores and manufactories. The Saw mill here could be carried on in this place and made to good advantage, also a cotton factory, and manufactories of agricultural implements, or Factories for cutting small articles.—The town has now been so rapid as to insure a constant and permanent increase of business. Town lots of a quarter acre—we do not sell small ones, as it would defeat the improvement of the place—can be had at from $50 and upwards.

The HAMMONTON FARMER, a monthly literary and agricultural sheet, containing full information of Hammonton, can be obtained at 25 cents per annum.

The indispensable—ample deeds are given, free of all incumbrance when money is paid. Route to the land: leave Vine street wharf, Philadelphia for Hammonton by Railroad, at 7½ A. M., or 4½ P. M. Fare 60 cents. When down inquire for Mr. Byron, Boarding conveniences on hand. Parties had better stop with Mr. Byrnes, a principal, until they have decided as to purchasing, as he will show them over the land in his carriage, free of expense. Letters and applications addressed to Leeds & Byrnes, Hammonton Post Office, Atlantic Co., New Jersey, or S. S. Coughlin, 222 Sixth Fifth Street, Philadelphia.

Maps and information cheerfully furnished. Jal 15 6m

HOWARD ASSOCIATION,
PHILADELPHIA.

A benevolent institution established by special endowment for the Relief of the Sick and Distressed, Afflicted with Virulent and Epidemic Diseases.

The disease of Epidemics, it is the object of this Institution to establish Hospitals, to provide Nurses, Physicians, Clothing, Food, Medicine, &c., for the sick and destitute, to take charge of the orphans of deceased parents, and to minister in every possible way to the relief of the afflicted and the health of the public at large. It is the duty of the Directors, at such times, to visit personally the infected districts, and to provide and execute means of relief. Numerous physicians, not enough members of the Association, usually enroll their names on its books, subject to be called upon to attend its large bills, free of charge.

In the absence of Epidemics, the Directors have authorized the Consulting Surgeon to give
