A Fair, for the benefit of the English Catholic church in Ft. Ball, will be held at Loesser's Hall, commencing on the 19th of December.

J. M. Langston, Esq., agent of the Ohio State Anti-Slavery Society, gives a lecture at Loesser's Hall, this (Thursday) evening. He is said to be a popular and forcible speaker.

Dr. Henry C. Russell, formerly of this place, but latterly deputy P. M. under Farran of Cincinnati, died at the latter place on Thursday, the 24th ult., of Inflammation of the Bowels.

Congress convenes next Monday and all those, who wish to keep themselves posted in national matters, should take the TRIBUNE.—It may be had by applying to our agents at the different Post Offices, or to us personally.

Prepare for the Storm, by getting Cook's Patent Weather Strip, put on your doors. It will keep the cold and storm out most effectually and, besides, will protect your carpet P. Spielman will put them on for you for a moderate sum.

Ossian E. Dodge, the world-renowned humorist, poet and musician, gave one of his entertainments at Loesser's Hall, on Wednesday evening; but our paper goes to press too soon to speak of it retrospectively. Ossian never fails to please. May his shadow never grow less.

Thanksgiving Day passed off very pleasantly in Tiffin. Union religious exercises were held at the M. E. church, which consisted in reading the Proclamation, music by the choir, an "effectual, fervent prayer," by Rev. R. Andrew, and a characteristic, manly address by Rev. Mr. Meyer, all of which were well worthy the occasion.

To Poets.—We offer the usual Premium—a copy of the TRIBUNE and any one of the $3 magazines, for the best New Years Address, of not more than 150 lines, that shall be handed in by the 25th of Dec. To be accepted, it must possess poetic merit, must recount in lively verse the leading events of the year and, more particularly, the local events &c. of our own city.

Choice Cigars.—That indefatigable caterer, Schinness, has placed us in possession of a box of his choicest cigars, and after an impartial examination we render our verdict: "can't be beat." Mr. S. informs us that he has made arrangements by which he will be in weekly receipt of the very best cigars in the market, and to those who indulge we would say, consult your own interests, as well as tastes, by making your purchases at the right place.

Fine Jewelry.—Mr. Nelson has just received a good assortment of fine jewery at his store, No. 1 Shawhan's Block, (in Wooster's Drug Store), and to those desiring anything in his line we would say, go to Nelson's to get a good bargain. His goods are selected from the largest and best manufacturing establishments in this country, and are bought at the lowest cash prices; consequently, he can afford to offer them to the public at as reasonable prices as can be obtained in the west. Such as watches, clocks, jewelry, and spectacles, of all qualities, suited to all eyes, and in fact everything usually kept in a jewelry store, he keeps on hand in large supplies. Call in and see his stock—he charges nothing for showing goods.

BOOK NOTICES.

The Ladies' Home Magazine for Dec. is a sprightly number, full of choice reading matter and diagrams for the ladies. It never fails to interest its many readers. The matter is not of that "trashy" stuff, commonly found in magazines of the day. Published by T. S. Arthur & Co., Philadelphia at $2 a year.

We have received the Cosmopolitan Art Journal for the current quarter, and a splendid number it is. Every subscriber, by paying $3, gets a copy of this Journal, one year, besides the splendid engraving "Shakspeare and his Friends," and a ticket in the drawing. Call on J. H. Pittenger, agent for this place.

The Edinburgh Review, republished by L. Scott & Co., New York, is before us. A glance at its pages satisfies us that it is full of substantial reading matter, suited to literary minds. The articles are vigorous, terse and logical, possessing high literary merit.—Price $7 a year. The four reviews and Blackwood $10.

The Atlantic for December is before us. We are pleased to see that this, best of American monthlies, is growing more and more in popular favor. Its popularity is certainly well deserved. The leading articles are "The Experience of Samuel Absalom, Filibuster," "The Ministers Wooing," "Thomas Paine in England and in France," "Strange Countries for to see," "Italy, 1859" and "The Professor at the Breakfast Table." This number begins the 5th Volume. Address Ticknor & Fields, Boston—price $3 a year.

The Knickerbocker for December is a spicy number and cannot fail to please the most fastidious. It conceals more "good things" within its cover, than any magazine of the kind we know of. Address John A. Gray, New York, price $3.

NEIGHBORING COUNTY NEWS.

WYANDOT.—The last Upper Sandusky Union tells the following "hard case," on the authority of Mr. Jacob Askin, formerly of that place:

"It appears about eight or nine years ago, a man by the name of Hendricks died in Wilshire tp., Allen Co., Ohio, with what was supposed to be the cholera. A short time after his interment a stone was erected to his memory, and after it had remained sometime, the appearance of a man's likeness gradually developed itself upon it, until now it is said to be a perfect likeness of the deceased when in life. Mr. Askins says the features are all well defined, and have a full, round, fresh-colored appearance."

HANCOCK.—The little niggers, who have been attending our Union School—sitting in a squad separate from the white children—were hustled out on Monday last. The little shades will have to grin and bear such treatment, we suppose, until they get to "where the wicked cease from troubling," &c. We venture to say that these persons, who feign such abhorrence of the 'colored population,' would have no objection to crossing the river Jordan in the same canoe with them—if an opportunity should be offered.—KENTON REPUBLICAN.

The Hardin Co. REPUBLICAN says the Court of common pleas was brought up standing on last week, by the discovery that it had been doing business without a Sheriff. Upon the announcement of the discovery, the Judge adjourned the Court until afternoon, in order to afford time for investigation. The result was, that the additional bond not having been given, the office was declared vacant.

As the Coroner had failed to execute his bond within ten days after the receipt of his commission, it was necessary to call a meeting of the Commissioners, to declare the office of Coroner also vacant, in order that the Court might appoint a Sheriff. This being done, a new Sheriff was appointed, and the Court proceeded to business.

CRAWFORD.—Mr. Wm. Conklin, of Plymouth township, Richland county, has made nearly six hundred gallons of Sorghum Syrup, the past season, and his immediate neighbors, have made about twice that amount. All who tried the experiment in this county, this season, succeeded admirably.—BUCYRUS JOURNAL.

RICHLAND.—The Mansfield HERALD records a fatal accident which occurred near that place, Wednesday of last week. Alexander Moorhead, a promising and intelligent lad of four teen years of age, met with his death in a very singular manner, from the kick of a horse. It appears that he had just returned from school, and went to the barn where his uncle, M'Caloin Moorhead was. As the boy passed where the horses were, he stroked one of them, and spoke to it. As he did so the horse kicked him in the abdomen. He was so severely injured that he died on the following Friday.

SANDUSKY.—A bell, weighing 2003 lbs., has been put on the German Catholic church in Fremont.

We have just on the moment of our going to press, the details of an awful explosion at Tiffin. From all we can learn, the damage was not great or lamentable—as only a cask gave way out of a jug filled with New Orleans molasses, which let fly the affectionate liquid over sundry dry goods, in front of one of the stores in that town, completely saturating them. Strange how careless and neglectful some people are.—FREMONT MESSENGER.

ALLEN.—We clip the following from the Lima Gazette:—"A few days ago some rascal stole a horse from John C. Daniels, in Shawnee township; and on Thursday night last a similar trick was played on John Frazier, living on the Waynesfield road, four miles from that place. Horse stealing is becoming quite frequent heretabouts."

"J. H. Wilhelm, late principal of the Lima Union School, now Principal of the Hudson Street School, Cleveland, was on Saturday last bound over to the Probate Court for frightfully whipping a boy in attendance upon his school in Cleveland. So says the Plain Dealer."

HENRY.—BREACH OF PROMISE.—The Napoleon (O.) Northwest states that Amanda Jones of Ridgeville Township, Defiance county, has recovered $700 damages against John Seofield, of the same township, for breach of promise to marry.

PERJURY.—Elias Peterson of Attica Seneca Co. was arraigned before M. P. Chapman Esq., of New Haven, on a charge of perjury preferred against him by Mr. Isbell, of this place. It appears that Peterson obtained an order of attachment against said Isbell, and under it held certain property belonging to Isbell, as a non-resident, such non-residency being affirmed in the affidavit filed for the attachment. Isbell claims residency in Huron county, for some time prior to the issue of the attachment, and hence the suit. The testimony supporting to justify it, defendant has been held for trial at next term of Court, at Norwalk.—PLYMOUTH ADVERTISER.

Ague Cure.—This is something of a science as well as medicine. The supreme difficulty of the science is to accomplish its end without injury to the health—the supreme excellence of the medicine is in accomplishing just that. Fever and Ague has long been cured by Quinine, Arsenic, Bismuth, Mercury, but the mischief was, the deep and often painful footprints they have left on the constitutions treated by them. Dr. Ayer's new remedy cures without a particle of either of these or any other deleterious substance. And he promises not only absolute safety but perfect certainty of cure, with which we may mention another quality of excellence not to be overlooked in these times, and that is his low price, which puts this crowning glory of his art, within the reach of all.—HERALD, LAKE CO., IND.

Rheumatism.—To any who have been afflicted with this malady, the very reading of the above heading will call to mind the remembrance of the most excruciating pain and prolonged agony. The joints swelled, stiff and unyielding, each turn of the body accompanied by a shock that would induce the belief that every bone in the human anatomy was about to be dislocated. From two to three bottles of "Kennedy's Medical Discovery" will cure the worst case of Rheumatism. We would refer to the cure of J. Macomber, Esq., a respectable citizen of Boston, who was cured at the age of fifty-five years after an illness of a quarter of a century, and an expense of some $1000 paid to various Physicians.—For the cure of humors it has no equal.

Medical Men both Alapathic and Homepathic, unanimously concur that the alkaline properties contained in common Saleratus is detrimental to health and saves the way for disease. They also concur that Hercick Allen's Gold Medal Saleratus is the only perfectly healthy and harmless article in the market, which can be relied upon. Use it with Cream Tartar instead of Soda. It is much better. Try it. For sale by Grocers & Druggists generally and at Wholesale by Whitney of Sandusky and Bishop & Co. of Toledo.

THE ONLY CURE FOR BOILS.

CINCINNATI, June 25, 1859.

Having experienced great and unexpected benefit from a slight use of the Peruvian Syrup in the cure of boils, I take pleasure in testifying my confidence in its merits as a specific for that troublesome complaint. I had last week also sore boils break out at one time (many of them malignant sores,) and all exceedingly painful. By advice of a friend, all other remedies failing, I commenced taking the Peruvian Syrup. In two days I was sensibly relieved; and in little more than a week, the boils entirely disappeared. One or two new ones, which commenced forming after I began taking the Syrup, stopped and disappeared without coming to a head. The quantity of Syrup used was a little short of one bottle. A. R. SAFFORD.

Peruvian Syrup is a Solution of Protoxide of Iron, a new discovery in medicine and strikes at the root of disease by producing healthy blood, the source of all vitality in the human organism. For Sale by I. L. St. John & Co., Tiffin. Dec. 2-2w
