REPUBLICAN MEETINGS IN WOOD COUNTY.

The Republican Executive Committee of this county have arranged a series of Republican meetings, to be addressed by the speakers, and at the hours and places named below:

GRAND RAPIDS—Friday evening, October 9. Gen. P. S. Slevin and Judge E. Tuller.

TONTOGANY—Friday evening, October 9, Colonel J. A. Shannon and Hon. Asher Cook.

WESTON—Monday evening, October 12. Gen. P. S. Slevin and Judge E. Tuller.

WOOD COUNTY WIDE AWAKE.

From every portion of the county we have the cheering intelligence that the Republicans are wide awake, organized, in line, and ready for the fray. Old Wood will give a glorious report on next Tuesday.

ONLY THREE DAYS.

Only three working days yet remain until the great contest in Ohio will take place. Republicans! are you ready? Let us be unceasing in our vigilance and become fully aroused to the importance of the great issue now pending.

WHO MAY VOTE.

Every white male citizen of the United States, twenty-one years old, who shall have been, next preceding the election,

An actual resident of the State for one year;

An actual resident of the county for thirty days; and,

An actual resident of the township, incorporated village or ward, for twenty days.

ONE DAY FOR YOUR COUNTRY.

Next Tuesday is the election. Let every Republican resolve to devote that day wholly to the interests of his country. Rise early, go to the polls early, take your neighbors with you, and see that you vote early. Get out the weak and infirm. See to it, that not a legal voter stays away. Let not a vote be lost. We want to see Ohio strike the death-knell of Democracy, in tones that will vibrate throughout the Union.

LOOK OUT FOR ILLEGAL VOTING!

We have just received information, upon reliable authority, that over forty Germans, residents of Milton Township, have, within a few days past, taken out their naturalization papers, issued by the Judge of Probate, in Putnam County. The supposition is that many of these are not entitled to these papers. This supposition is strengthened by the fact that they did not make application through the Court of their own county. The name of every man is known, and when they come to the polls their right to vote will be thoroughly investigated. Legal voters of Milton, and every other township, be on the alert, and let an example be made of any one attempting to vote illegally. We suggest that the Commissioners offer a liberal reward for the arrest and conviction of every man who votes, or attempts to vote, that is not entitled to the elective franchise. To be forewarned is to be forearmed.

TICKETS.

By the Act of May 5, 1868, (Vol. 65 Ohio Laws, pages 138, 139), it is unlawful to mark the ticket of any elector to ascertain how he votes, or to mark the ticket of any elector and hand it to him to vote, for the purpose of ascertaining how he votes.

By the same act all ballots voted must be written on plain white paper, or printed with black ink on plain white news printing paper, without any device or mark of any description to distinguish one ticket from another, or by which one ticket may be known from another by its appearance, except by the words at the head of the ticket. But the erasure, correction or insertion of any name by pencil-mark or otherwise, upon the face of the printed ballot, is not prohibited.

It is important for election Committees and indispensable for judges of election to have at each voting precinct the first volume of Swan & Critchfield's Statutes, and at least one copy of the laws of 1868, being volume 65 Ohio Laws. The laws of 1868 are in the possession of Justices of the Peace, or can be had at the County Auditor's office.

THE PRIZE BANNER.

Don't forget the beautiful banner to be presented to that township which polls the largest increased, Republican vote on Tuesday next—the vote on Secretary of State to be compared with the vote for Governor last year. For the benefit of all concerned, we give below the Republican vote in the several townships last year, for Governor HAYES. It will be of interest to each township when the returns come in next week:

Perrysburg	300
Lake	91
Troy	49
Montgomery	159
Perry	160
Bloom	119
Freedom	76
Portage	93
Center	155
Middleton	124
Washington	173
Plain	284
Liberty	201
Henry	42
Jackson	23
Milton	127
Webster	120
Weston	263

Now, for a long pull, a strong pull, and a pull altogether. The honor of being the Banner Township in our strong Republican county, is certainly worth striving for.

Braying.

The New York *Citizen*, an earnest supporter of Mr. SEYMOUR, has raised the cry to save the Democratic ticket from its friends. It thus describes the fire in the rear it is receiving from the Southern Democracy, and invokes the fearful dispensation of a foolkiller:

FOOLS.

"Though you bray a fool in a mortar, his folly will not depart from him." We have already blasted them in powder, but in regard to cannon, in fifteen-inch guns and in many other curious and unpleasantly effective instruments, and still their folly seems to be altogether their most prominent quality. At Vicksburg and Fort St. Phillip we brayed them with our mortars, at Fort Pulaski we devoted our rifled cannon to their service, at Savannah we turned our fifteen-inch guns to their improvement, and at Richmond we gave them the finishing touch with whatever we had at command; and yet they come back to us—what is left of them—as fresh in their folly as ever. In fact the process seems only to have brought the disease to the surface, and they are blossoming all over with folly-spots, as well-soaked tapers do with gin-blossoms. One of the most prominent of them helps along the election of Seymour and Blair by announcing that it would result in the satisfaction of the "Lost Cause." Another repudiates the plank of the Democratic platform which denounces as the settled conviction of North and South alike—of Union and rebel soldiers—that secession is dead; and they all proclaim that the election of Seymour and Blair is to be the vindication, and possibly the renewal of rebellion.

This is bad enough; but worse remains to be told. It is announced that rebel generals and Congressmen, soldiers with hands red with the blood of our fellow-Northerners, and politicians fresh from plotting the destruction of the Union, are to stump the North against Grant and Colfax. We have all we can do to win this election at best—save us from this assistance or we are lost. Let them carry their own States; that employment will occupy their full time and require more abilities than they have as yet shown in this canvass. If they can draw over the negro vote on a fair basis, such as qualified suffrage, let them do so. We do not care to have Buckner's opinion that Grant is no general. Questions of this kind are pretty well settled in our view, and are not involved in the present election. If they were, and the Democrats took the Southern side, we should not be left with a corporal's guard on election day. Every rebel speech made at the North—and rebels seem unable to make any but rebel speeches—will cost us a hundred votes for every one it gains. The North desires reunion—reunion of heart as well as territory—and when the Southerners honestly desire the same they can benefit themselves and their country by saying so openly and distinctively. Right glad will the North be to hear the utterance, but we can hear it from the South—the birthplace of secession—as well as at our own doors.

[Communicated.]

REPUBLICANS! STAND BY YOUR GUNS!

EDITOR JOURNAL: Permit me through the columns of your paper to make an appeal and throw out a word of warning to the Republican voters of Wood County. It is this: The Democracy everywhere concede the triumph in November of our gallant standard-bearers, GRANT and COLFAX, and intend making their most desperate struggle at the State election, on Tuesday next. In every Congressional District in the State they will make their big fight on Congress; and they are resorting to every species of trickery, fraud, bargain and sale, with a view to gain three or four members in the Ohio Congressional delegation. In the Tenth District the fight on Congress will be especially severe, and it behooves every Republican to be on the alert for the intrigues of our common enemy, that they may be thwarted at every point. Give them no vantage ground.

I am aware that the nomination of Mr. ASHLEY has been distasteful in a number of Republicans, but I can not see any good reason why from this Republican should fall to vote and work for the nominee, from mere personal dislike. This is not a time to thrust into the arena either personal preferences or dislikes. These must be dropped in a contest of so much importance and freighted with such fearful responsibilities as the present.

Consider for a moment the condition of affairs, if we should elect our President, but lose our power in Congress. Our victory would be as a bubble. A Democratic Congress would effectually tie the hands of the President, and new life and fuel would be added to the smouldering fires of rebellion.

No, we can not afford to lose a single member of Congress. The general good is paramount to individual preferences. Let Mr. ASHLEY receive the full strength of the party. Therefore reject all propositions that may be made to trade for any other candidate on the ticket. "It is no time to swap horses when crossing a stream."

Republicans! stand by your guns! Never let it be said that the Old Tenth is represented in Congress by a Democrat. But to prevent a calamity so dire, earnest, active work must be entered into, and you must not relax your exertions until the closing of the polls on the evening of the 13th.

Yes, stand by your guns! Let there be no wavering in our lines! Our entire ticket must be elected. REPUBLICAN.
