SIXTY WERE KILLED

A Bridge Falls With a Train in Switzerland.

RESCUERS RUSH TO THE SCENE.

All the Trainmen and Passengers in the Submerged Cars Drowned.

Not Less Than One Hundred Persons Injured—The Excursionists Were on Their Way to a Musical Fete—Several of the Cars Saved by the Breaking of a Coupling.

BERLIN, June 15.—A fearful accident is reported from Switzerland. A railway bridge across the Moenchen, a small affluent of the Rhine, at Stein, in the canton of Bassel, not far from Germany, gave way yesterday under the weight of an excursion train crowded with throngs of people who were on their way to a musical fete.

Two engines and the first car, with all its passengers, first plunged into the river, while cars remained suspended over the stream.

All the trainmen were killed, and every passenger in the submerged car was drowned. Thirteen cars were saved.

The number of killed was at least 60, and of those injured not less than 100.

The fearful calamity has caused a terrible shock in Switzerland and Southern Germany. Rescuers hastened to the scene, and the injured were taken care of.

SWALLOWING UP A FARM.

A Subterranean River Absorbs Mr. Miller's Real Estate.

SEDALIA, Mo., June 15.—The farm of John H. Miller, who lives 18 miles southeast of here, is slowly being swallowed up in what seems to be a river flowing beneath the surface of the earth. The phenomenon was first observed last Saturday, when Mr. Miller's family heard a rumbling noise in the orchard. Investigation revealed a hole in the ground about six feet in diameter and several feet deep, with water at the bottom. The cavity is now nearly circular in form, 16 feet in diameter at the top and tapering to 10 feet at the water line, which is 26 feet from the surface.

The water is 25 feet deep and seems to be a flowing river, as sticks thrown into it are carried rapidly away by the current. The water is in the prairie land, not near any spring or body of water. The cavity is gradually enlarging, and, as Mr. Miller's residence is only 60 feet distant, he is greatly alarmed for the safety of his home and family.

Rudyard Kipling's Illness.

NEW YORK, June 15.—Reports published yesterday of the serious illness of Rudyard Kipling are directly at variance with recent trustworthy advices from his family. The last letter which the late Henry J. McDonald, the well-known financial writer, received from his relatives in England, came to hand on Wednesday last, and was from his sister, the mother of Kipling. It bore date of June 3, and in it she wrote, as if it were a matter of no special anxiety: "Rudyard is poorly. He has worked too hard and is exhausted nervously. I shall run down to Brighton with him for a few days." This does not indicate, as the dispatch from Pittsburg printed yesterday did, that Kipling is dying of consumption in Italy.

The Government's Fair Building.

WASHINGTON, June 15.—The estimates, elevation and ground plan for the government building at the World's Columbian exposition have been submitted to and formally approved by the Secretary of the Treasury, the Postmaster-General and the Secretary of the Interior, these officials being required by law to pass upon the plans of all buildings constructed for the use of the government. This is the last legal formality to be complied with previous to the advertisement for bids and the letting of the contracts for construction.

Bishop Knight's Will.

MILWAUKEE, Wis., June 15.—The will of the late Bishop Knight which has been made public, disposes of an estate valued at $100,000. The entire property goes to his wife. It includes cottages and grounds at Saybrook, Conn, a home in Lancaster, Pa., an orange grove in Florida, together with $20,000 in life insurance. Mrs. Knight will continue to reside in Milwaukee. The fact that the bishop was possessed of any amount of property will be a surprise to his friends, as the diocese did not pay an extravagant salary, and he was exceedingly generous to charitable and educational institutions under his direction.

Cut a Chinaman to Pieces.

SAN FRANCISCO, June 15.—The Chinese Consul here has received word from Bridgeport, Cal., that Ah Quong Tia, the Chinaman accused of the murder of Poker Tom, on being acquitted was taken from the court by Piute Indians and cut to pieces. The Consul will bring the matter to the attention of the government at Washington.

Killed a Steamboat Captain.

HELENA, Ark., June 15.—Capt. W. H. Holt, a steamboat captain, was killed last night by James Wood, a watchman of the boat. Holt had sharply reprimanded Wood for neglecting his duty. Later, while Holt was in a stooping position, Wood walked up to him and struck him on the back of the head with an axe, killing him instantly. Wood escaped.

Beaten by a Gang of Roughs.

NEW YORK, June 15.—Josiah T. Howell, a well known New York broker, residing in Brooklyn, was set upon by a crowd of roughs in a Brooklyn street car and beaten into insensibility, narrowly escaping with his life. Mr. Howell's resentment of repeated insults was the cause of the assault.

Rose Zoldoske Sentenced.

LANCASTER, Wis., June 15.—At 2:15 p. m. the jury in the Rose Zoldoske murder trial returned a verdict finding the prisoner guilty. The convicted woman will be taken to Waupun to-morrow, there to serve out her life sentence.

SEVERAL SUICIDES.

An Unusual Number Reported in New York and Vicinity.

NEW YORK, June 15.—There has been an unusual number of suicides and attempts at self-destruction in this city and vicinity of late. One day during the past week seven persons ended their existence at their own hands, and usually two or three cases are reported daily.

Yesterday three cases were recorded. George D. Greene, 48 years old, a veteran of the war, hanged himself in Central Park. Despondency caused by poverty is the supposed cause.

The second case reported was that of a young woman, Alice Griffin, who jumped from the fifth story of a tenement house, receiving fatal injuries. She was insane.

The third case occurred in Brooklyn, where an aged German tailor, Peter Schwartz, took a quantity of paris green. He had become tired of constant bickerings with his wife, and determined to end his life. The poison wasn't immediately effective, but the doctors say he will die.

TWO BIG SPORTING EVENTS.

The Suburban and Slavin-Kilrain Fight To-morrow.

NEW YORK, June 15.—At the uptown hotels crowds of sporting men discussed the two great sporting events set down for to-morrow—the Suburban and the Slavin-Kilrain fight.

Dick Roche, President of the Granite Club, stated to a reporter that the fight would be declared a draw if one pugilist or the other was not knocked out. Jere Dunn, who is to be the referee of the contest, said that he would declare that man the winner who, in his judgment, had the better of the contest if both men lasted ten rounds.

It was rumored in Jersey City that the authorities would stop the fight if any tickets were sold in New Jersey. The club officials will sell no tickets in that State, however, and the chances are that there will be no interference.

The sports are betting even money that Slavin will not stop Kilrain. The largest bet reported was made by Phil Lynch, who bet $400 that the Baltimorean would be on his feet at the end of the 10th round. Kilrain is expected here to-night.

STRIKERS ARMED.

They Say that No One Shall Take Their Places in The Mines.

WILKESBARRE, Pa., June 15.—The situation at the Mill Creek Mine is unchanged. Armed Poles and Huns are still on guard. To-day the strikers received more firearms. No one is allowed to get near the mine. The company officials would call on the sheriff for help, but they are afraid if they do this the strikers would become still more desperate and destroy property.

The strikers say they will harm no one, providing no attempt is made by outsiders to take their places. The company will try and compromise matters with them to-morrow.

Advertising

It is said will sell anything, this is true in a measure; but for staying qualities,- merit is the test. Extensive advertising may sell anything where it is new or unknown, but after it comes into general use, it is judged according to its worth. The continued and steady growth of Swift's Specific

S S S

is the best evidence of its excellence. It is most popular where it is best known. Every bottle sold, sells ten others. Every one that takes it becomes its friend, and recommends it to their acquaintances.

Suicide in a Hotel.

ASBURY PARK, N. J., June 15.—Eugene Steyr, aged about 30, of New York, committed suicide at the West End Hotel last night by turning on the gas in his room. His body was found to-day. A letter in a memorandum book requests that the body be sent to Dr. Schweitz, of 23 East 20th street, New York city, for scientific purposes. A long, rambling letter was also in the book, which stated that he intended to commit suicide at the Garden Theatre. Steyr arrived at the hotel Saturday night.

MERCY FOR MURDERERS.

Justice Poorly Administered to White Men in South Carolina.

COLUMBIA, S. C., June 15.—The fact that it is very difficult to find a South Carolina jury which will convict a white man of murder was again strikingly illustrated during the morning, when B. T. Jones, the famous Edgefield County "family exterminator," was found guilty of manslaughter.

Six years ago Jones brutally murdered three of his kinsmen, Edward Pressley, sr., aged 78, and his two sons, Edward and Charles. He shot and cut them to death because they were planting a piece of land concerning the title to which Jones and the Pressleys had had a dispute.

Previous to the trial just ended, Jones was tried five times for his triple crime in Edgefield County, the jury in each instance failing to agree, in spite of the fact that the evidence was overwhelmingly against him.

Jones will probably be given 30 years in the penitentiary, but declares he will poison himself before he will go there.

TROUBLE IN BERLIN.

Bread Riots Expected on Account of the Corn Duties.

BERLIN, June 15.—The agitation in Berlin over the corn duties has become so serious that the Ministry has ordered a strengthening of the garrison. There is no talk of an outbreak, but popular feeling is intense, and a bread riot is possible, as there are thousands of destitute people in the city, without the new element that is flocking in from other parts adding to the destitution and to the struggle for employment.

The police have become more vigilant in enforcing the laws against vagrancy, but the evil continues to grow, and the multitude of unemployed increases with the price of bread.

THE VEILED PROPHETS.

Their Second Annual Convocation at Hamilton, N. Y.

NEW YORK, June 15.—In the pretty village of Hamilton, Madison county, occurred the second annual convocation of the Supreme Council of the Mystic Order of Veiled Prophets of the Enchanted Realm. This is not a Masonic order, and the degree is in no sense a Masonic degree.

About 70 members were present. A dispensation was granted for the institution of a grotto at Ilion. The following supreme officers were elected: Most Potent Grand Monarch, Gen. Thomas L. James, of New York; Right Potent Deputy Grand Monarch, Leroy R. Fairchild, of Hamilton; Grand Prophet Veiled and Right Eminent Grand Chief Justice, G. H. Raymond, of New York; Eminent Grand Master of Ceremonies, G. C. Terry, of St. Paul; Eminent Grand Keeper of Sagas, Prof. O. Root, of Clinton; Eminent Grand Orator, Rev. J. B. Murray, of Waverly, N. Y.; Eminent Grand Treasurer, William M. West, of Hamilton; Eminent Grand Secretary, S. D. Smith, of Hamilton.

The King's Daughters furnished the banquet. Prof. McGregory of Colgate University acted as toastmaster, and responses were made by C. E. Smith, G. W. Salisbury, of Cazenovia, Messrs. Griffith and Edwards of Delhi, and a large number of others. Thus was concluded the second annual convocation of the Supreme Council of the order.

Connecticut's Political Trouble.

NEW HAVEN, Conn., June 15.—The Republican leaders of the State are considering a plan to get a speedy decision in the Gubernatorial contest. They will propose to the Democrats that the single question: "Has the Legislature power to go behind the returns?" be submitted to the court. If the decision is in the affirmative, then the Legislature must count the "for" ballots and Merwin will be elected. If in the negative, then Judge Morris will be chosen.

Drowned While Bathing.

PROVIDENCE, R. I., June 15.—David Lacroix was drowned last evening in Scott's pond, between Saylesville and Lonsdale, while bathing. His two cousins, E. Gilmet and Louis Francois, it is said, made no effort to save him, but started after an undertaker's wagon as soon as he sank from view. Several of Lacroix's valuables are said to be missing. An investigation of the case will be made by the police.

Fletcher's Body Found.

NEW BEDFORD, Mass., June 15.—The body of missing George A. Fletcher, who was connected with the Johnson murder mystery, was found floating in the river last evening near Egg Island, where the body of Johnson was found. Later an autopsy was held over the remains, but the physicians refused to make public any discovery they may have made.

NEWS OF THE DAY.

The mysterious Mrs. Bruce, of New York, who owns the larger part of the big orange diamond, turns out to have been the wife of Jeweler Seale, who is a theosophist.

Miss Mamie Sullivan, the pretty 19-year-old daughter of Mr. Eugene Sullivan, of Fishkill, N. Y., has eloped with John C. Raymond, a piano tuner. They have been married.

Gilbert Garrison kidnapped his three-year-old child from his wife in Bloomfield, N. J., and was arrested. In court he charged his wife with infidelity, and she in turn charged him with having set fire to a house at Greenwood Lake, N. J. All were released by Justice Post.
