CORONER'S INQUEST.

Investigation Into the Cause of a Boiler Explosion.

Deputy Coroner Fogarty and a jury, at Mahanoy City yesterday, held an inquest in the cases of Thomas Maher and John Marrall, who died from injuries received by the boiler explosion at Park No. 3 colliery, Trenton, on the 21st inst. and the following verdict was rendered: "That the said Thomas Maher and John Marrall came to their deaths on the 22nd day of June, A. D., 1898, at Park Place, by a boiler explosion."

The examination of witnesses was conducted principally by Mine Inspector William Stein and among the witnesses examined were Robert Layman, of Brooklyn, N. Y., boiler inspector for the Fidelity and Casualty Company; Superintendent Edward Reese, Edward Sykes, outside foreman, John Herbine, fireman, and Jesse Wyatt, machinist. The evidence adduced was that the boiler which exploded had been regularly tested, that there were no indications of defects in material or construction, safety valves and water gauges were in good working order, that Maher, one of the deceased, was the fireman in charge and competent, and none could give even an opinion as to what caused the explosion.

Beer Increased in Price.

The local agents of the different breweries, whose product is handled in this town, yesterday issued a circular to the retail dealers and others in which it was stated that, beginning with to-day, the price of beer would take a material advance over the old price, $6.00 per barrel. Hereafter hotel and saloonkeepers will be charged $8.00 per barrel, with 50 cents as a discount, making the net price $7.50 per barrel. Private parties will be charged $9.00 per barrel net, while fire companies, societies, etc., will hereafter pay $9.00, with ten per cent. off, or $8.10 net. The same rate is maintained throughout this and adjoining counties, and is the result of a meeting of the brewers held at Reading on Monday. The retailers are doing some kicking over the advance, inasmuch as the war tax on beer is only $1.00 per barrel. The retail dealers of Pottsville are arranging to take action against the increased rate.
